

# AARP DRIVER SAFETY COURSE SCHEDULED

An AARP Driver Safety Course will be offered August 14, at the Sudie A. Fulford Community Learning Center at East Georgia State College. Founded in 1979, AARP Driver Safety has helped millions of drivers stay safe on the roads.

The course will be held from 9:00 a.m. until 3:00 p.m. AARP Driver Safety instructor, Marcia Parkerson, will teach defensive driving techniques and strategies, traffic laws, and rules of the road. There are no written exams or driving tests.

Upon completion of the course, participants will receive a certificate of completion which, when presented to auto insurance carriers, often results in a reduction in automobile insurance premiums. Participants should contact their insurance agent for more details.

The course costs \$15 for AARP members and \$20 for non-members. Registration is required, and course participation is limited to 25. The deadline to register is August 7. To register for the course, call the Center at 478-289-2464.

## WELLNESS SERIES CONTINUES SEPTEMBER 12

Living with arthritis isn't easy and carrying out simple, everyday tasks can often be painful and difficult. However, there are many things you can do to make sure you live a healthy lifestyle. Part 3 in our Wellness Series, Living with Arthritis, will be held Tuesday, September 12, from noon until 1:00 p.m. and will provide information to help you change, overcome, or cope with the problems arthritis presents. The series is FREE and is made possible through a partnership with UGA Extension, Emanuel Medical Center, Emanuel Partnership for Health, East Georgia Healthcare Center, East Georgia State College, and Sweet Tea Grille at the Mill. Lunch, a presentation, and door prizes will be provided. Enrollment is limited to 20, and registration is required. If you have questions or would like to register, please give us a call at 289-2464. We hope to see you September 12!

### MESSAGE FROM THE DIRECTOR

What an amazing summer this has been! Just over one hundred fifty young people took part in our summer activities. We had a fantastic time and created lots of memories! Plans are already underway for next summer's camps.

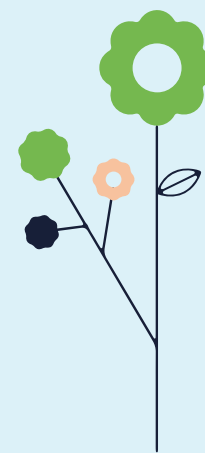

Campers explored the frontiers of 21st century science and technology, sharpened their chess skills, learned about famous artists and created what might just be the next great masterpiece.

At Camp Invention, students were encouraged to transform a distant exoplanet, blast rockets, wire circuits, and take risks as future entrepreneurs. My sincere thanks to all the campers, instructors, volunteers, and parents for a truly amazing summer.

The Fulford Center is dedicated to providing an environment where learning opportunities take place and community relationships are enriched. We hope you'll join us for an upcoming event!
