Faces of Success

Susanna Hall
Susannah is a Biology major at EGSC.

"Initially East Georgia State College wasn't my first choice, particularly because it was so close to home, but then I really relied on the advice of my parents and realized that college isn't just about me, but that their decision weights in, too, financially. [...] Once I was immersed in this environment, there wasn't another place for me. This is where I'm going to stay to get my Bachelor's Degree before I move on."

Sanjay Narsee
Sanjay came to EGSC from South Africa.

"I chose EGSC because it is convenient for me because I have family here, and it is a place that has spoken to me in my trips to the USA. I decided to expand my horizons and come to the USA to study [...] and plan to open my own restaurant. Being somebody who has never been to college or an institution in the US, what I've found since coming here is that the warmth and friendliness of the staff, the respect overall and the help I've received has been amazing."

Tayla Brown
Tayla graduated from EGSC in December and was at our EGSC-AU campus.

"It is really important to get in tune with your campus. [...] There are so many things that students can get involved in. There is Student Leadership and Student Government, and there are clubs that students can get involved in both at EGSC and Augusta University. East Georgia has prepared me to move on with my college career by making me more confident and building up my leadership skills through Student Government."
IT JUST GOT EASIER TO GET ASSOCIATED.

- Respond promptly to college correspondence.
- Create a budget with your parents so that you can manage your expenses.
- Contact your roommate(s) and keep in touch over the summer.
- Know when classes begin. If living on campus, know when move-in day occurs.

How do I pay for college?

**FAFSA**
Complete a Free Application for Federal Student Aid (FAFSA); include East Georgia’s school code (010997) so that our office receives your information. Once logged into your FAFSA be sure to use the IRS Data Retrieval Tool. Should you not be able to utilize the IRS Data Retrieval Tool via the FAFSA, you may request an IRS Tax Transcript On-line on the IRS Website. The Transcript will be mailed to you in 5-10 business days. You should complete a new FAFSA every year as soon as your Federal taxes have been processed by the IRS.

Cost of Attendance minus Expected Family Contribution minus Outside Scholarships and Other Resources = Unmet Financial Need. This will determine if you are eligible for income-based aid, such as subsidized loans.

If you think you can’t afford to go to college, think again.
Financial Aid has helped millions of students pay for their education beyond high school.

**Financial aid is available to most students and comes in three forms:**
- Financial aid you don’t repay (grants and scholarships)
- Financial aid you must repay (loans)
- Financial aid you earn (work study or military service)

**WHAT DOES COLLEGE COST?**
Cost of attendance varies from college to college. The financial aid package you receive will also vary based on the college you choose.

The cost to attend college for a full year is more than tuition alone. There are additional expenses, including books and supplies, personal spending, food, transportation, and housing.

These costs are all taken into account when the college determines your financial aid award.

**Smart from the Start.**
