

# Holiday Safety

**Your future, and the health and safety of you and your family, means so much to EGSC. Please take extra care of yourself and your family over the Thanksgiving holiday.**

- **Avoid risky behavior this week so that you go home healthy.**
- **Travel safely. Keep the number in one car low; open windows and wear your masks.**
- **Wear your mask at home, socially distance and eat and visit outside when you can.**
- **Eat and celebrate safely – outside if possible; wash hands frequently and avoid sharing food and utensils.**

**See the CDC website at <https://direc.to/fkGp> for more tips to stay safe**

*Please return safely after Thanksgiving.*
