Student Education Records Can Be Released without Student Consent by Certain College Officials:
A student’s education records may be disclosed without the student’s prior consent if the request is from an internal university official who has a legitimate educational interest in the information. A university official has a legitimate educational interest in a student's records if the official needs the information to fulfill his or her professional responsibilities. A university official is defined as faculty, administrative and classified staff, administrators, trustees, students serving on official university committees or assisting another university official in performing his or her duties, and third parties with whom the university has contracted such as attorneys, auditors, or collection agents.

Student Records Can be Disclosed to Others Without Student Consent in Certain Instances:
East Georgia State College may disclose a student’s educational record without the student’s consent if such disclosure fits within one of the following categories:

2. The request is from an internal university official who has a legitimate educational interest in the information.
3. The request is from another educational institution where the students seeks or intends to enroll.

The request is from authorized representatives of the Comptroller General of the US, Secretary of Education, or to state and local officials or authorities to which such information is specifically required to be reported or disclosed pursuant to the state statute adopted prior to Nov. 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and the system's ability...
to effectively serve the student whose records are released; or information that is allowed to be reported pursuant to a state statute adopted after 1974, which concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released. Nothing in this paragraph shall prevent the state from further limiting the number or type of state or local officials who will continue to have access thereunder.

5. The request is in connection with financial aid the student has applied for or received if the disclosure is for the purpose of determining eligibility, amount or conditions of aid, or to enforce the terms and conditions of the aid.

6. The request is from organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating or administering predictive tests, administering student aid programs and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations and such information will be destroyed when no longer needed for the purpose for which it is conducted.

In such case, the college must provide prior notice to the student or parent.
