The Inaugural Event of the Luck Flanders Gambrell Concert Series featuring John Neighbors, Pianist.

Celebrating the gifts of friendship and philanthropy given to East Georgia College by the Gambrells.

Thursday, October 20, 2011 at 7 p.m. in the Luck Flanders Gambrell Auditorium.

Inspired by beauty and the impact of philanthropic giving, Curtis Clemons (right), East Georgia College art student, created a pencil sketch of the Sudie A. Fulford Community Learning Center. He presented the large framed and matted artwork to the Fulford Center's Advisory Board at their September meeting. According to Jean Schwabe (left), director, the sketch will be hung prominently within the Center for all visitors to enjoy.

In addition, Mr. Clemons presented a smaller framed original pencil sketch of the Center to Mrs. Ada Lee Correll (center). Funding for the facility's construction was made possible through a generous donation to the EGC Foundation from Mrs. Correll and her husband, A.D. "Pete" Correll, in memory of Mrs. Correll's mother, Sudie A. Fulford. "Miss" Sudie was a longtime, highly respected teacher and community volunteer whose educational legacy will continue through the Fulford Center's outreach efforts.

In making the presentation, Mr. Clemons expressed his appreciation to Mrs. Correll for her generosity and thanked her for making such a significant contribution to the community in a way that can help so many people. He stated that not only is the beauty and design of the building an inspiration, its purpose for educational outreach is so critical in our rural area.

Mr. Clemons is currently pursuing an Associate's degree in Art at East Georgia College. He is a native of Savannah and currently resides in Metter with his youngest daughter. The projects were completed under the direction of Desmal Purcell, EGC art instructor.
