Thank You for Making a Difference!

# **Creating opportunities and changing lives is what we do at East Georgia State College.**

**Witnessing a first-generation college student change the course of their family's life by earning a college degree is one example of the power of your support of the EGSC Foundation. We are continually raising the bar for our students to allow them to compete on a level playing field with students from all over the world.**

**Your gift to the Annual Fund supports students, recruits and retains faculty and creates a margin of excellence that enables students to achieve their educational goals.**
