Contact the center at 289-2464 or 289-2094 for more information.
ServSafe® Food Safety Training Conducted

For two days in May, Marnie Dekle, University of Georgia Extension Agent, led the nationally recognized and accredited ServSafe training for area foodservice professionals. ServSafe is part of a food safety educational system that provides training specific to the job responsibilities of restaurant and food service managers and employees. Upon the successful completion of the ServSafe examination, the ServSafe Food Protection Manager certificate is issued by the National Restaurant Association Educational Foundation. A second round of training is scheduled for August.

Thanks to Mike Lisenby for donating the CHESSMASTER DVD set to the center. This software will be used with the summer chess camps and other trainings held at the center. We truly appreciate your generosity, Mike!

Valuable Information Provided At Identity Theft Lunch And Learn

At our recent Lunch and Learn, Marnie Dekle shared valuable and enlightening information regarding identity theft. Dekle distributed informative handouts from the Federal Trade Commission and discussed how to safeguard personal information, how to effectively monitor financial accounts and billing statements, and how to defend against identity theft as soon as it is suspected.

More information on this important and timely topic may be found at www.ftc.gov/idtheft

Area Student Groups Visit Center

Over 600 students visited the center last month. Fourth graders from Swainsboro Elementary School, middle school students from Swainsboro Middle and Louisville Middle, and elementary students from Citizens Christian Academy in Douglas, GA, took part in a variety of fun, educational activities. Students enjoyed planetarium shows, art activities, a snake show, and a nature walk.

Erin Youmans, Magnolia Midlands Georgia Youth Science and Technology Center Coordinator also provided a variety of age-appropriate science activities.

The visits were the culminating activity of the students’ academic school year.
