## Open Room Change Requests

Monday, January 29 – Wednesday, February 7

[Online Form Submission](#)

Are you interested in changing to another room or apartment in Bobcat Villas? We are not accepting requests for room changes on our [room change request form](#). Submitting a form is not a guarantee that we can accommodate your request, and students SHOULD NOT change rooms until they have received permission to do so.

Students who are requesting to move to specific spaces they know are currently vacant will receive top priority. We will not be able to accommodate group room changes at this time due to the limited availability of open room spaces. Please direct your questions about room changes to Shanae Vaifanua at [kvaifanua@ega.edu](mailto:kvaifanua@ega.edu) or by calling 478-289-2371.

---

## Cable TV Request Form

Currently accepting requests.

Interested in getting cable box installed in your bedroom? Fill out the [request form](#). Cable installation will resume again this week and should move quickly. If you have previously submitted a request, you do not need to submit another. If you changed rooms between fall and spring, or are putting in a room change request during the open room change period, please wait until after you have changed rooms and submit your cable request at that time.

Those who have cable, be advised there may be a brief cable interruption this week as the system is reset. If you experience this interruption, just unplug the power cord to your cable box for 10 seconds and then plug it back in. That should take care of the problem. If it does not, please submit a work order via the Yardi Student Housing work Order on MyEGSC.
