East Georgia State College is proud to play a key role in a community providing this range of higher education opportunities.
East Georgia State College seeks to be a state of Georgia leader in providing access to higher education as the state seeks to dramatically increase its rate of college completion. Located in a primarily rural area in the interior of the Augusta-Savannah-Macon triangle, EGSC is strategically positioned to provide an affordable, high quality academic experience to a large number of Georgians, and has a track record of success. EGSC is committed to producing workforce ready graduates with skills to meet needs of employers in the region in an increasingly diverse, high-technology, global working environment; preparing those graduates for a lifetime of learning; and instilling in those graduates the importance of lifelong community service. In carrying out this vision, EGSC is committed to education with a personal touch designed to improving critical thinking skills and the lives of the people and community it serves.
