Change of course description request:
I would like to change the current course description for Painting I from:

**Painting I**

Acrylic painting emphasizing the exploration of individual problems of perception and expression through the study of styles and techniques in the past and present.

to the following:

**Painting I**

An introduction to painting course emphasizing the exploration of individual problems of perception and expression through the study of various styles and techniques throughout art history.

We no longer teach the course with acrylic paints (we now use water soluble oils).

Thank you,

Desmal Purcell, Associate Professor of Art
