EAST GEORGIA STATE COLLEGE AND GEORGIA REGENTS UNIVERSITY ENTER PARTNERSHIP TO PROVIDE ACCESS TO COLLEGE DEGREES

East Georgia State College (EGSC) and Georgia Regents University (GRU) are collaborating to create a more educated Georgia following approval of a cooperative academic program by the University System of Georgia Board of Regents. The program will enroll its first students this fall.

GRU will offer academic and administrative space to accommodate an average of 30 classes per semester for students enrolled at EGSC Augusta. Students will pay EGSC tuition and fees, which includes GRU's mandatory and elective fees for amenities such as the University Wellness Center on campus, computer labs, campus meal plans, intramural sports, and more. After successful completion of 30 credit hours, EGSC Augusta students are eligible to transfer to GRU.

Advantages at EGSC Augusta include the lowest tuition in the University System of Georgia, expanded student services, smaller class sizes, a student-focused learning environment, experienced faculty and staff, and individualized tutoring and advisement in EGSC's Academic Center for Excellence (ACE). East Georgia State College has almost forty years of experience providing access to post-secondary education.
