Guidelines for using Course Equivalency Form

1. A Course Equivalency Form is needed when a course taken at another regionally accredited institution is deemed equal in content to an existing EGSC course.

2. Course equivalency forms may be initiated by an EGSC Department Head ONLY and are available only through academic departments and the Registrar’s Office.

3. When a course equivalency is determined, the advisor will complete this form and forward it to the department head or designee for endorsement. The form should then be forwarded to the Transfer Evaluator in the Registrar’s Office for processing. **Students are NOT allowed to hand carry completed forms to the Registrar’s Office.**

4. When a course description is requested to determine equivalency, a copy of the description should be attached to this form when it is returned to the Registrar’s Office.

5. The appropriate adjustment to the student’s permanent record will be made and the form and courses description will remain a part of the student’s permanent record.

6. The department head/designee should approve these equivalencies for the student in question specifically or authorize the Registrar’s Office to equate these courses for other students in the future by checking the appropriate box above their signature.
