The statements set forth in this Catalog are for information purposes only and should not be construed as the basis of a contract between the student and this institution. While the provisions of this Catalog will ordinarily be applied as stated, East Georgia State College reserves the right to change any provision listed herein, including but not limited to academic requirements for graduation, without actual notice to the individual student. Every effort will be made to keep students advised of such changes. Information on changes will be available in the Office of the Registrar. Ultimately, each student is responsible for staying apprised of current graduation requirements in their particular degree program. While academic advisors should be consulted regularly, students are responsible for the completion of their chosen degrees.

University System of Georgia
Hello and welcome to East Georgia State College! We are excited that you have chosen our institution and we welcome the opportunity to assist you in furthering your education. In an effort to better educate you to college life in general and this institution in particular, we have attempted to tailor this document to what we perceive to best suit 'your' needs, those of a student. You will find general information at the front, followed by area specific information concerning Admissions, Financial Aid, Academic Policy, Fee Payment, Student Services, Certificates, Associate and Bachelor Degree Information, Transfer Pathways and an alphabetical listing of course offerings with course descriptions. Please take time to read this information. It will offer valuable insight regarding policies, procedures and services provided by East Georgia State College. We hope you enjoy your time with us and if there is anything we may do to assist you, please do not hesitate to contact us. Should you have any suggestions for ways to improve this publication please email the Registrar at lsaulsberry@ega.edu.

Catalog Editions
Students will normally satisfy the curricular degree requirements of the catalog in effect at the time they enter. It must, however, be recognized that revisions may be required to provide more effective programs. Changes in academic regulations affect all students. Examples include the academic honesty policy, procedures for removing incomplete grades, and appeals procedures. There are several instances, however, when students will be required to "change catalog editions." This means that students will be required to satisfy the curricular degree requirements of the current catalog in effect when/if they: change their degree program, re-enter the college after a period of two or more consecutive years in which they have earned no academic credit, or have not graduated by the time their catalog edition is 10 years old. The curricular degree requirements of more than one catalog edition cannot be combined. Students who choose to satisfy requirements of a later catalog must notify the Registrar's Office.

Americans with Disabilities Act
In compliance with the Americans with Disabilities Act (ADA), East Georgia State College will honor requests for reasonable accommodations made by individuals with disabilities. Students must self-disclose their disability to the counselor and complete any official documentation requirements before academic accommodations can be implemented.

Equal Opportunity Policy Statement
East Georgia State College is an affirmative action, equal opportunity educational institution. Admissions, treatment, and employment at the college will not be influenced by race, sex, color, religion, national origin, age, veteran status, or disability.

Annual Notice of Student Rights under FERPA
This institution is covered by the Family Educational Rights and Privacy Act of 1974 (FERPA) as amended, which is designed to protect the student's rights with regard to education records maintained by the institution. Under this act, a student has the right to inspect and review education records maintained by this institution that pertain to the student to challenge the content of records on the grounds that they are inaccurate, misleading or a violation of privacy and/or other rights; and control disclosures of education records with certain exceptions and the right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. 'Directory information' will be treated as public information and will generally be available on all current and former students at the discretion of the institution. This includes the following: student's name, address (local, home and email), telephone number (local and home), date and place of birth, major field of study, participation in officially recognized activities and sports programs, age, hometown, hobbies, and general interest items of members of athletic teams, dates and status of attendance, degrees, certificates, honors, and awards and awards applied for and/or received, and previous educational institutions attended by that student. Any student who does not wish directory information disclosed must file a written request with the Records Office. For more information concerning FERPA, refer to the Academic Policy and Procedure section of this catalog.

General Information

East Georgia State College (EGSC) is a unit of the University System of Georgia (USG). University System of Georgia offices are located at 270 Washington Street, S.W., Atlanta, Georgia 30334. The USG includes the following institutions: 4 research universities, 4 comprehensive universities, 9 state universities, 12 state colleges as well as Georgia Public Library Services and Georgia Archives. These public institutions are located throughout the state. A 15-member constitutional Board of Regents governs the University System, which has been in operation since 1932. Appointments of Board Members are made by the Governor, subject to confirmation by the State Senate. The regular term of Board members is seven years. The Chairman, Vice Chairman, and other officers of the Board are elected by the members of the Board. The Chancellor, who is not a member of the Board, is the chief executive officer of the Board and the chief administrative officer of the University System. The overall programs and services of the University System are offered through three major components: Instruction, Public Service/Continuing Education, and Research.

Instruction consists of programs of study leading to degrees, ranging from the associate (two-year) level to the doctoral level. Requirements for admission of students to instructional programs at each institution are determined, pursuant to policies of the Board of Regents, by the institution. The Board establishes minimum academic standards and leaves to each institution the prerogative to establish higher standards. Applications for admission should be addressed in all cases to the institutions.

Research encompasses investigations conducted primarily for discovery and application of knowledge. These investigations cover matters related to the educational objectives of the institutions and to general societal needs.

Governance by the Board of Regents provides a high degree of autonomy for each institution. The executive head of each institution is the President, whose election is recommended by the Chancellor and approved by the Board. State appropriations for the University System are requested by, made to, and allocated by the Board of Regents. The largest share of the state appropriations is allocated by the Board for instruction.

East Georgia State College's main campus is located at 131 College Circle, Swainsboro, Georgia 30401. The College offers a Certificate Program, an Associate of Arts, an Associate of Science, and select baccalaureate degrees. Additionally, East Georgia State College operates two external off-campus instructional sites in Statesboro and Augusta.

Mission Statement

East Georgia State College is an associate-degree granting, liberal arts institution of the University System of Georgia providing its students access to both academically transferable transfer pathways and collaborative programs in occupation related fields. The College also offers targeted baccalaureate level degrees that support the University System's initiative to expand educational opportunities. The College prepares traditional and nontraditional students for success in the global 21st century through a technologically advanced teaching and learning environment that fosters personal growth by utilizing an expanding range of resources and amenities, including an on-campus student residential option. The College also continuously engages the communities it serves through public service and cultural enrichment.

Accreditation

East Georgia State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates, associate and baccalaureate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of East Georgia State College.

Memberships and Affiliations

Accreditation Commission for Education in Nursing (ACEN)

American Council on Education (ACE)
American Association of Collegiate Registrars and Admissions Officers (AACRAO)
American Library Association/ Association of College and Research Libraries (combined)
American Society of Composers, Authors, and Publishers (ASCAP)
Association of Colleges & University Auditors (ACUA)
Association for Student Conduct Administrators (ASCA)
Association for the Promotion of Campus Activities (ACPA)
Association of Physical Plant Administrators (APPA)
EGSC Foundation Inc. is engaged in community outreach and is a member of several area chambers of commerce.

The Main Campus - Swainsboro

East Georgia State College's main campus is comprised of 249.62 beautiful acres, many undisturbed, on land that was gifted in large part by Luck Flanders Gambrell. The campus contains a mixture of buildings that are original since its opening in 1973 and new, state of the art modern ones. The campus also contains two small lakes and outdoor venues to promote student engagement and enrichment, as well as physical exercise.

Several buildings are key components to the educational experience on campus:

- The Jean Anderson Morgan Student Activities Center (referred to as the JAM by students) is the hub of student life. It is a One-Stop Shop for future and current students. The building houses Enrollment Management (Admissions, Registrar, Financial Aid), Student Life, Information and Help Desk, Business Affairs (the Vice President, Business Office, Human Resources and Career Services, and Auxiliary Services), the College Café and Cyber Café dining area, the Richard L. Brown Dining Hall, the college bookstore, student recreation room and the Student Government Association (SGA) office. It also houses the campus Art Gallery.

- Bobcat Villas South and West, EGSC’s convenient on-campus apartments, feature 103 four-bedroom, two-bath suites with common living area and full kitchen. A small number of apartments have been modified to offer a five bedroom option. Each suite is fully-furnished with modular furniture, cable, microwave and refrigerator. Each private bedroom is furnished with a bed, desk, and chair. Residents also enjoy use of the L.C. “Shot” and Jean Strange Clubhouse directly behind Bobcat Villas for relaxing, exercising, playing games and studying.
• The Walker Academic Building is the primary facility for all things academic. The building is home to the College’s two schools (Mathematics and Natural Sciences and Humanities, and Social Science) and contains faculty offices, classrooms, computer labs, science labs, an instructional greenhouse, the Student Health Clinic, Counseling and Disability Services, and the Center for Teaching and Learning.

• The George L. Smith Building is home to Information Technology, the IT Help Desk, and the Office of Institutional Advancement.

• The Physical Education Building houses the College’s gymnasium (home of the BOBCAT Athletics), Physical Education classes, Bobcat Basketball games and is used by the student population for free time exercise. The building also contains the Humanities Art Department, Fitness Center, Military Resource Center, and classrooms. The original Physical Education Building is connected to the gym and houses the Athletic Department, athletic and general student locker rooms, classrooms, faculty offices and Athletics Weight Training room. Adjacent to the PE Building is the Athletic Complex which serves the Bobcat baseball and softball teams and the College’s tennis courts.

• The Luck Flanders Gambrell Building boasts classrooms, a computer lab, the Auditorium, and the Learning Commons. The Office of the President, Vice President for Academic and Student Affairs, Legal Counsel/Chief of Staff, Institutional Research, Event Planning, Title IX Office, Student Conduct Office, and the CHOICE program for Inclusion are also located here.

• The Sudie A. Fulford Community Learning Center is a beautiful facility at the campus’ main entrance made possible by a generous gift from Pete and Ada Lee Correll in memory of Ada Lee’s mother, Sudie A. Fulford. The Center is a multidisciplinary, community-focused learning facility open to all Emanuel County and surrounding county residents. The facility provides space for individual and small group learning opportunities and serves as an educational resource center for teacher education students, K-12 students and teachers, and college faculty. Tutoring, group studies and flexible classroom style areas for meetings, workshops, and small conferences are just a few of the services provided by the Fulford Center. The Center provides community outreach services including a lunch and learn series, youth camps, and the Youth Leadership Academy. The Fulford Center is also home to a 20-foot, full-dome planetarium. Also housed within the center is the office of Magnolia Midlands Georgia Youth Science Technology Center. Magnolia Midlands offers teacher professional development courses and curriculum enrichment opportunities to regional K-12 schools. Frequently requested teacher courses are integrating Math and Science into Children's Literature, STEM-u-lating Science, and Process Skills for grades K-8.

• Outdoor venues also have a presence and play a large part in a student’s academic and social experience on campus. An 18-hole disc golf course is located near the entrance to the campus and is host to the state collegiate tournaments each year. Both a 5K and 10K cross country course are enjoyed by students and visitors, as well as high schools from around the state. The campus has a high and low ropes course and a nature trail, along with two small lakes. Outdoor seating and picnic areas are available for students to interact, study, and reflect in the peaceful surroundings of native pines and beautiful landscape. The campus’ entrance along Madison Dixon Drive is an educational corridor which is home to several protected species (gopher tortoise, eastern indigo snake, red- cockaded woodpecker and flatwoods salamander), as well as natural landscape (upland sandhills, bottomland hardwood forest, swamp forest and bog type pine forest). Additionally, the campus has been certified as an affiliate of the Bee Campus USA due to the addition of the Bobcat Apiary, as well as, Tree Campus USA Designation for its activities including participation in Arbor Day Foundation.

The Learning Commons

The Learning Commons is centrally located on the Swainsboro campus in the heart of the Luck Flanders Gambrell (LFG) Center. The Learning Commons consists of the Library, Academic Center for Excellence (ACE), the Heritage Center, and Common Grounds, the campus coffee shop.

The Library provides students a welcoming atmosphere in which to gather and collaborate using advanced technological resources. These resources include access to computers, printers (including a 3-D printer), scanners, a reader-printer for microfilm and a small group presentation room. The Library maintains an estimated thirteen thousand reels of Microfilm and numerous Microfiche holdings. The Learning Commons continues to develop its non-print resources, which include Lib-Guides, Films on Demand, DVD’s, and cassette tapes. Currently electronic resources are an estimated thirty-six thousand volumes and growing. In addition, GALILEO, a World Wide Web based virtual library, provides access to multiple information resources, including secured licensed products which can be accessed from
any internet connection on or off campus. GALILEO Interconnected Libraries (GIL), the Library catalog, provides access to more than forty-four thousand titles, which include bound periodicals, the Ehrlich collection (military history), nursing and educational materials. To round out the collection, the library also provides numerous periodical subscriptions and access to local and national newspaper publications. To supplement the available resources at EGSC, resource sharing is available through other Universities via InterLibrary Loan (ILL) and GIL Express services.

The ACE serves as the College’s tutoring center, testing center, advisement center, and houses the Director of Learning Support. Student use and interaction is encouraged, and the ACE staff administers student participation in the Service Seal of Distinction program.

The Heritage Center houses a special collection of materials dedicated to the history of Emanuel County and surrounding areas. This collection contains genealogy resources, civil war documents, census records, a variety of maps, and a unique collection of East Georgia State College’s memorabilia, dating back to the college’s founding in 1971.

**East Georgia State College Statesboro**

East Georgia State College has had a presence in Statesboro since 1997. Students can earn an Associate of Arts degree in General Studies, Psychology, and/or Sociology and an Associate of Science Degree in Biology with a seamless transfer option to Georgia Southern University. Instructional classes are taught at EGSC’s state of the art academic facility located at 10449 US Highway 301 South. Through a collaborative program with Georgia Southern University, some EGSC Statesboro classes may be taught in classrooms at Georgia Southern and bus transportation between the two locations is available to students. EGSC Statesboro is home to the Academic Center for Excellence (ACE), faculty offices, classrooms, computer labs, and bookstore.

**East Georgia State College Augusta**

In May 2013, East Georgia State College extended its access mission to the Augusta area through a cooperative academic program with Augusta University (AU). EGSC Augusta operates on AU’s Summerville campus, and the program enrolled its first students fall 2013. Following the completion of 30 credit hours in the program, students with a cumulative Grade Point Average of 2.2 or higher are eligible to transfer into a bachelor degree program at AU. Classes are taught in several buildings (Allgood, Washington Hall, Science Hall and Galloway Hall) by EGSC Augusta faculty. Payne Hall is home to EGSC Augusta’s administrative offices. The Academic Center for Excellence (ACE), and a computer lab are located in Galloway Hall. EGSC Augusta students may co-enroll in select courses with AU and also participate in the Army ROTC program at AU. Additionally, EGSC Augusta students may apply for on-campus AU Housing on a space available basis.

**Tobacco and Smoke Free Campus**

East Georgia State College prohibits the use of any tobacco products and other smoking devices (such as hookahs, electronic cigarettes) on campus as a means to foster the health and safety of our students, faculty, staff, and visitors and to promote the cleanliness of our facilities and grounds. See policy: [http://www.ega.edu/policy/09-tobacco-free-campus-policy.pdf?8417](http://www.ega.edu/policy/09-tobacco-free-campus-policy.pdf?8417)

**Online Degrees**

East Georgia State College offers an online Associate of Arts degree, as well as a Bachelor of Arts in Fire and Emergency Administration and an RN-BSN Bridge Program. Pursuing an online degree at EGSC is resourceful, flexible and convenient: individualized learning and accessible faculty enable students to study and learn at their own comfortable and successful pace, which often translates into goals being reached in a shorter period of time; and often, when the cost of gas, parking, housing, and other fees associated with a traditional campus-based education are eliminated, students can save money by earning an on-line degree. There may be instances when students may have to come to a campus location at the discretion of the instructor; however, instructors work with students in an attempt to make reasonable accommodations for students not physically located within driving distance of the institution.

**Collaborative Agreements**

A cooperative Bachelor of Business Administration degree program with emphasis in Management, Accounting or Human
Resources is in place between East Georgia State College and Georgia Southwestern State University in which EGSC provides the AS degree and Georgia Southwestern provides the BBA degree. Students must meet eligibility requirements in order to be accepted into the BBA program. All courses for this cooperative program are offered via interactive video and on-line classes.

East Georgia State College Foundation

The primary purpose of the East Georgia State College Foundation is to promote higher education in the region through development of the local college. The Foundation is empowered to create scholarships and/or endowments and to furnish grants for research or scholarly work in arts, science, education or other fields in which East Georgia State College has an interest. Established in 1975, the Foundation is governed by a Board of Trustees whose officers are: Mr. Denny Key, Chair; Mr. Richard McNeely, Vice Chair; Mrs. Harriet Ray, Secretary; Cliff Gay, Treasurer; EGSC President Bob Boehmer, Executive Director; and Mr. Bill Rogers, Jr., Past Chair. Other members of the Board are: Dr. Jean Bridges; Dr. John Derden; Mr. Dustin Durden; Mr. Milton Gray, Jr.; Mr. Donald Jenkins; Ms. Juanita Porter; Mr. Wade Johnson; Mr. Bobby Reeves; Dr. Bobby Sasser; Mr. Charles Schwabe; Mr. Bill Simmons; Mr. Larson C. (Shot) Strange; Mrs. Lynda Talmadge; Mrs. Toni Terwilliger; Mr. Ken Warnock; Mrs. Tammy Wilkes; Mrs. Carol Yeomans; Mr. Matt Donaldson; and Mr. Steven Rigdon; Mr. Brandon Andrews; Ms. Marnique Oliver; Mr. Guy Singleterry; Mrs. Marcile Bird, director emeritus; Mr. Bill Devane, director emeritus; Mrs. Caroline Harless, director emeritus; Mr. Phillip Jennings, Ill, director emeritus; Representative Larry J. "Butch" Parrish, director emeritus; Senator Jesse Stone, director emeritus; Mr. Henry Gambrell, director emeritus, Mrs. Paula Karrh, director emeritus; Mrs. Jean Morgan, director emeritus; Mr. Nick Herrington, director emeritus; Mr. Donald Wilson, director emeritus; Dr. John Black, honorary director emeritus.

East Georgia State College Academic Scholarships

An array of scholarships from civic clubs, organizations, individual donors and the East Georgia State College Foundation are awarded to students annually. Scholarships may be need-based (based on financial need), merit-based (based on academic achievement), or merit-based with consideration given to financial need. Criteria and information regarding scholarships may be obtained from the Office of Financial Aid. All scholarships are applied for online at the college website, [www.ega.edu/scholarships](http://www.ega.edu/scholarships). Current available scholarships include: the Beta Sigma Phi Scholarship, Betty Colston Scholarship, Dekle-Lamb Scholarship, Bryant, Dorothy and John Black Scholarship, Kiwanis Circle K Scholarship, Gambrell Scholarship, Herrington Scholarship, James W. Buckley Scholarship, Jennings Scholarship, Jerry Ashcroft Scholarship, Livingston Scholarship, Richard L. Brown Scholarship, Hubert and Nell Reeves Family Scholarship, Rountree Family Scholarship, Walker Scholarship, the De Veraux, Haigh, Lippett Scholarships, Sallie Canady Scholarship, Charles Eames Scholarships, Vendie Hooks Scholarship, Ray Scholarship, Jean and Shot Strange Scholarship and Willie D. Gunn Scholarships. Need based aid is also available as funds allow. Periodically, special scholarships are announced and information distributed via student email and the college website. External scholarship opportunities are also posted on the website at [www.ega.edu/scholarships](http://www.ega.edu/scholarships).

The Correll Scholars program is an annual opportunity for 20 incoming freshmen to obtain a $5000 annual scholarship for each year they attend EGSC. The criteria include academic achievement, leadership skills and service to mankind. Applications and criteria are found online ([here](http://www.ega.edu/scholarships)). Students are encouraged to explore all possible scholarship opportunities to assist in meeting financial obligations during college.

The CHOICE Inclusive Learning Program

The CHOICE program is a two-year, non-degree college inclusion program at East Georgia State College that received approval as a Comprehensive Transition Program (CTP) in Spring 2017 by the U.S. Department of Education. Students who complete the program can earn an EGSC Certificate of Accomplishment in Work Readiness Skills (Continuing Education credential). Students with an intellectual disability may receive funding from the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant and Federal Work-Study. For more information on CTP please click [here](http://www.ega.edu/scholarships).

The CHOICE program is designed to provide students, who may traditionally be excluded from post-secondary education, the opportunity to participate in college classes and develop work-readiness employment skills. Students with Intellectual and Developmental Disabilities may qualify for this program. East Georgia State College staff and faculty strive to help students succeed by approaching Education, with a Personal Touch. The CHOICE program's staff and faculty embrace this approach and strive to provide participants with a rewarding college experience filled with student activities and small classes with faculty who are dedicated to teaching and preparing them for whatever challenges they wish to pursue beyond the CHOICE experience.

The CHOICE program provides instruction in the following areas: Career Development and Employment, Academic Enrichment, Campus and Community Engagement, Self-Determination, and independent living. The CHOICE Program
staff creates a unique and customized plan for achievement using a person-centered planning approach. Student participants audit traditional courses, complete specialized CHOICE courses, and participate in job shadowing/internships experiences on and off campus to support career exploration and development of employment skills. In addition to the academic program, CHOICE participants have access to the Jean Anderson Morgan Student Activities Center, recreation and exercise activities, sporting and entertainment events, student clubs and organizations, as well as on-campus housing. Upon successful completion of the program requirements, participants are eligible for the CHOICE Certificate of Accomplishment in Work Readiness Skills. For more information, please visit the CHOICE program website (here).

The Vision Series

The Vision Series at East Georgia State College is a college initiative that brings programs of intellectual and cultural enrichment to the college and its broader constituency. Since its inception, the Vision Series has brought to our community outstanding personalities-authors and newsmakers-musical performances, dance companies, and theatrical productions. Through sponsored field trips, students and community members have had numerous opportunities to attend exhibitions and dramatic productions, not only in Georgia, but in neighboring states, as well. The Vision Series has deepened and broadened the East Georgia State College experience for students and enhanced their aspirations. Additionally, faculty, staff, and community members have benefited from these events.

Admissions

The Office of Admissions is located in the Jean Anderson Morgan Student Activities Center and can be contacted by telephone at (478) 289-2017, by mail at East Georgia State College, Admissions Office, 131 College Circle, Swainsboro, Georgia 30401-2699 or visit our website (here).

Admissions Policy

It is the policy of East Georgia State College to create admissions requirements that fulfill the stated mission of the college, by encouraging students of diverse levels of preparation, ethnicity and age to attend this institution and develop their full potential as individuals and members of the community. These guidelines are in keeping with East Georgia State College’s strong commitment to student success, a process that begins when students first apply to the college and continues through graduation and job placement. East Georgia State College complies with the access mission institution admission standards established under University System of Georgia Board of Regents policies and is committed to ensuring that the admissions procedures implement these standards.

Application Procedures

All students applying for admission to East Georgia State College must complete the following procedures:

1. Complete an electronic Application for Admission. To complete an application, you may apply here. Students who are unable to complete the electronic application should contact the East Georgia State College Admissions Office at 478-289-2169.
2. Submit the required $20 application fee electronically with the application.
3. Freshmen and applicants with fewer than 30 transfer hours must request that their most recently-attended high school submit an official high school transcript to East Georgia State College.
4. Applicants who have attended any college (as a transfer student or as a HOPE-Dual Enroll student) must request official college transcripts from all colleges previously attended. These official transcripts must be sent directly to the admissions office on the East Georgia State College Swainsboro campus.
5. Students must submit the East Georgia State College Immunization Form completed and signed by a physician. For more details on the specific immunizations required for admission to East Georgia State College, consult the East Georgia State College Immunization Form available on the East Georgia State College Admissions website.
6. Admission of students with disabilities follows Board of Regents policy. Because the core curriculum of each institution requires students to complete college-level courses in English, mathematics, social science and science, all students must complete the Required High School Curriculum in these areas. Students with disabilities that preclude the acquisition of a foreign language may petition for admission without this requirement according to procedures established
by the System. Students with disabilities are expected to meet the sector's placement exam requirements but should request the appropriate testing accommodations from the agencies administering the exam.

7. Applicants who indicate that they have a criminal conviction or criminal charges pending will be asked to provide supplemental information in consideration of the applicant's eligibility for admission to East Georgia State College. Failure to provide this information may impact the applicant's eligibility for admission.

8. The mailing address for submission of all documents (except the electronic admissions application) is:

   East Georgia State College  
   Office of Admissions  
   131 College Circle  
   Swainsboro, GA 30401

Applicants will be able to check their admission's status here 48 business hours after the application has been submitted electronically submitted. A final decision on your acceptance into the College will be made after all application materials have been received.

General Admissions Information

Applications and all required documents should be returned to the college seven days prior to the registration date for the semester in which the student wishes to enroll. Applicants are encouraged to apply or update their applications well in advance of the deadline. Late applications may be considered at the discretion of the Director of Admissions, but in general, late applicants will be processed and, if admitted, enrolled in the next semester or mini-term open to them after the admissions deadline has passed. All applicants will be assessed a $20 non-refundable application fee. In limited instances, a fee waiver may be allowed; see policy: http://www.ega.edu/policy/04-admissions-office-fee-waiver-policy.pdf

The College has the right to cancel admission prior to or following enrollment if the applicant becomes ineligible as determined by the standards of the Board of Regents for the University System of Georgia. The Director of Admissions determines final acceptance or denial of each applicant. This decision may be appealed by the applicant under provisions set by the College and the Board of Regents of the University System of Georgia. Applicants can check their admissions status on the Admission webpage under "Check Your Admissions/Financial Aid Status".

Applicants have a responsibility to inform the College if they have been convicted of certain crimes. These convictions shall include: a finding of guilty by a judge or jury, or a plea of nolo contendre, irrespective of the pendency or availability of any appeal or application for collateral relief. Students with criminal convictions must complete a CBI form with an attached explanation of the charges and pay the $25 processing fee. Applicants will not be admitted until documentation has been submitted pending review.

Students seeking careers and/or professional licensure in certain fields, including—but not limited to—nursing, education, criminal justice, social work, psychology, law, or medicine, may be required to submit a future background check prior to a clinical assignment, internship, and/or professional licensure. It is the student's responsibility to check the requirements of his or her degree program and professional licensing board. Successful completion of a degree program in any of the above fields at any University System of Georgia institution does not guarantee licensure or employment in that respective profession.

*Refer to the Student Handbook (here) for more information about the criminal background process.

An application is valid for the semester for which it is submitted. A student desiring to reactivate an application for a future semester must complete an Application Update form and return it to the Admissions department. If the applicant has attended another college during the past year, an official transcript must be sent from that college. The applications and records submitted to the College become the property of the College and will not be returned to the applicant or sent to another institution.

Lawful Presence

Please review the institution’s policy regarding Lawful Presence on the President’s Policies and Procedures webpage (here).
Mandatory Orientation

EGSC requires all new incoming freshmen students to participate in one of our scheduled orientations prior to the beginning of each semester. Register for the orientation date you will plan to attend, using the "REGISTER FOR ORIENTATION" link available on the East Georgia State College Orientation webpage (here). Each new student will be charged a $25 Orientation Fee. The mandatory orientation acquaints new students with the staff, faculty, services and facilities of East Georgia State College. Registration, academic advisement, student code of conduct and academic affairs are discussed during orientation. Students who do not attend the orientation will have their admission delayed until the next term, provided that they then attend the required orientation.

Enrollment Categories and Admissions Requirements

Freshman Applicants
Those students who have never enrolled in a regionally accredited college or university who plan to transfer to a four-year institution to pursue a baccalaureate degree are defined as freshmen applicants.

The following minimum requirements must be met in order for a student to be considered as a freshman:

1. Must submit a completed East Georgia State College application for admission.
2. Have graduated from an accredited or approved high school or high school equivalency diploma.
3. Request a copy of high school transcript to be mailed directly from the high school to the East Georgia State College Office of Admissions or a copy of high school equivalency test scores approved by the Board of Regents mailed from their test center to the East Georgia State College Office of Admissions.
4. Must present credit for sixteen (16) specified Required High School Curriculum units. Students who graduate from high school in 2012 or later must present credits for seventeen (17) specified units.

The 16 (17 for students who graduate in 2012 or later) specified USG units are:

MATHEMATICS: Four (4) units of Mathematics, including Algebra I, Algebra II, and Geometry. For students who graduate from a Georgia Public School in 2012 or later, the 4 units of Mathematics must include a course at the level of Math 3 or higher.

ENGLISH: Four (4) units of English that have as their emphasis grammar and usage, literature (American, English, World), and advanced composition skills.

SCIENCE: Three (3) units of science, with at least one laboratory course from the life sciences and one laboratory course from the physical sciences. Students who graduate in 2012 or later must have four (4) units of science. Georgia Public High School graduates must have at least one (1) unit of biology, one (1) unit of physical science or physics, and one (1) unit of chemistry, earth systems, environmental science, or an advanced placement science course.

SOCIAL SCIENCE: Three (3) units of social science, with at least one (1) course focusing on United States studies and one (1) course focusing on world studies.

FOREIGN LANGUAGE: Two (2) units in the same foreign language emphasizing speaking, listening, reading, and writing. Two (2) units of American Sign Language may be used to satisfy this requirement.

Those students with RHSC deficiencies must take additional courses to fulfill the requirements. See below under “Required High School Curriculum” for further information. Any student who does not have seventeen RHSC courses is encouraged to apply and will be considered on a case-by-case basis.

5. Must have the following High School Grade Point Average (HSGPA) if graduating from high school before 2012:
   a. Students graduating with a Required High School Curriculum (RHSC) Diploma must have a 2.00 HSGPA calculated on the grades in the 16 required units of the RHSC.
   b. Students graduating with a Technical/Career Program (TCP) Diploma must have a 2.20 HSGPA calculated on the grades in the 12 academic units of the TCP.

6. Must have a 2.00 HSGPA calculated on the grades in the required 17 units of the RHSC (Required High School Curriculum) if graduating from high school 2012 or later.

7. Must present test scores if requesting exemption Learning Support requirements. Test scores are no longer required for admission to EGSC. Students will be placed into the co-requisite courses in English and Math in Area A Basic Skills of the Core Curriculum by default if they do not present test scores. Students who wish to be exempt from co-requisite learning support requirements and have met these SAT and/or ACT score requirements should request official SAT and/or ACT scores be sent to EGSC by their counselor or from the Educational Testing Service. Students who wish to be exempt from the co-requisite learning support requirements and who
have no test scores can request to take the Accuplacer placement exam. These exams in Writeplacer, Reading Comprehension, and Elementary Algebra are given 8:00 am – 2:00 pm Monday through Thursday and 8:00 am – 10:00 am Friday of each week, excluding holidays. There is no cost to take this exam if the application fee has been paid. Students must contact EGSC – Augusta or EGSC – Statesboro to schedule testing. Students will be placed into Area A Basic Skills courses of the Core Curriculum in ENGL and MATH courses as follows:

<table>

8. Submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
   - Swainsboro or Augusta locations (here)
   - Statesboro location (here)
Admission for Maymester is not available to first-time freshman applicants, whose graduation date is after Maymester begins. Maymester is available for continuing students. However, any student who graduates in May and who has been admitted to EGSC will be able to enroll in the regular summer semester that begins in June.

Baccalaureate Applicants (Biology or FESA)
Listed below are the admission requirements:
1. Completed application for admission
2. Certificate of immunization required prior to registration
3. Application fee ($20)
4. Official high school and/or college transcripts (mailed directly from sending institution) showing date of graduation and successful completion of high school testing requirements
5. Must have a 2.5 Academic Core GPA.
6. Must have completed and present high school credit for the Required High School Curriculum, which entails completion of sixteen (16) specified units. Students who graduate from high school in 2012 or later must present credits for seventeen (17) specified units. Students who have not completed the RHSC cannot apply for and be admitted into any baccalaureate program at EGSC.

The 16 (17 for students who graduate in 2012 or later) specified USG units are:
- **MATHEMATICS**: Four (4) units of Mathematics, including Algebra I, Algebra II, and Geometry. For students who graduate from a Georgia Public School in 2012 or later, the 4 units of Mathematics must include a course at the level of Math 3 or higher.
- **ENGLISH**: Four (4) units of English that have as their emphasis grammar and usage, literature (American, English, World), and advanced composition skills.
- **SCIENCE**: Three (3) units of science, with at least one laboratory course from the life sciences and one laboratory course from the physical sciences. Students who graduate in 2012 or later must have four (4) units of science. Georgia Public High School graduates must have at least one (1) unit of biology, one (1) unit of physical science or physics, and one (1) unit of chemistry, earth systems, environmental science, or an advanced placement science course.
- **SOCIAL SCIENCE**: Three (3) units of social science, with at least one (1) course focusing on United States studies and one (1) course focusing on world studies.
- **FOREIGN LANGUAGE**: Two (2) units in the same foreign language emphasizing speaking, listening, reading, and writing. Two (2) units of American Sign Language may be used to satisfy this requirement.
7. Must have Scholastic Aptitude Test (SAT) scores ≥24 Verbal and ≥25.5 Math or American College Testing (ACT) scores ≥17 English or ≥17 Math.
8. Must have 30 hours and a 2.5 GPA if a transfer student.
9. Must have transient permission letter (if applicable)
10. Must present International applicant documents (if applicable) as follows:
   - TOEFL score(s)
   - Financial statement
   - Officially translated and evaluated transcripts
   - Copy of visa or alien resident card
11. Must have completed pre-requisite courses, if applicable.

RN-BSN Bridge Program Students
The East Georgia State College (EGSC) RN-BSN Bridge Program entails a total of 120 credit hours (including 60 core credit requirements hours, 30 credit hours of lower level nursing credits and 30 upper division nursing credit hours). The EGSC RN-BSN Bridge Program requires students to have an unrestricted State of Georgia registered professional nursing license. Upon meeting criteria for admission into the RN-BSN Bridge Program, proof of a valid and unrestricted Georgia registered professional nursing license and submission of all nursing program documentation, RN-BSN Bridge Program students will receive the 30 credit hours of lower nursing credits that are held in escrow toward the BSN degree. The remaining 30 credit hours earned through successful completion of EGSC upper division nursing courses will make the RN-BSN Bridge Program student eligible for graduation with a Bachelor of Science in Nursing (BSN) degree from EGSC.

Admissions Criteria: Students seeking admission into the RN-BSN Bridge Program must meet all admissions requirements and be accepted into East Georgia State College under regular admission status with the RN-BSN Bridge Program as the designated major. The student must complete an application for admission to EGSC and to the Nursing Department prior to the application deadline. At the time of application to the institution and to the nursing program, students must meet the criteria for full and unconditional admission to the college and satisfy all admission criteria for the
RN-BSN Bridge Program for which the student seeks application. Students are admitted into the RN-BSN Bridge Program based on competitive selection process and space availability.

These applicants must meet the following minimum requirements for admission to the RN-BSN Bridge Program:

1. Regular unrestricted admission into East Georgia State College with evaluation of transcripts.
2. Graduation from an associate degree or diploma registered nurse program.
3. Documentation of proof of valid and unrestricted Georgia registered professional nurse licensure.
4. Submission of EGSC admissions application by the deadline.
5. Submission of EGSC Nursing Department application by the deadline.
6. Minimum 2.50 GPA (cumulative and nursing).
7. Minimum grade of 'C' or higher in all pre-requisite courses.
8. Completion of all required core courses. **NOTE: Students may petition the nursing program director for special consideration if all core courses are not completed.
9. Courses taken at other accredited institutions may be used to satisfy pre-requisite course requirements.
10. Pre-check® criminal background checks are required of all students accepted into the nursing program.
11. Substance (drug) screens including random screens are required of all students accepted into the nursing program. **NOTE: All screens must be completed at designated service provider only.
12. Students are admitted into the RN-BSN Bridge Program based on competitive selection and space availability.

Transfer Applicants
Students who have previously attended another college or university and are enrolling at East Georgia State College for the first time are considered to be transfer students. Students who are enrolled in other institutions are reminded that they must report all previously earned credit and/or attempted college course work to EGSC during the admissions process. Failure to report previous college attendance is considered to be sufficient cause for cancellation of the student's admission and/or registration and may result in any credits earned being forfeited.

The following minimum requirements must be met in order for a student to be considered as a transfer:

1. Must submit a completed East Georgia State College application for admission.
2. Must be a graduate from an accredited or approved high school or have earned a high school equivalency diploma.
3. Must present credit for sixteen (16) specified Required High School Curriculum (RHSC) units (BOR Policy section 4.2.1.3) if applying with fewer than 30 transferable semester credit hours. Students who graduate from high school in 2012 or later must present credits for seventeen (17) specified units.

The 16 (17 for students who graduate in 2012 or later) specified USG units are:

**MATHEMATICS:** Four (4) units of Mathematics, including Algebra I, Algebra II, and Geometry. For students who graduate from a Georgia Public School in 2012 or later, the 4 units of Mathematics must include a course at the level of Math 3 or higher.

**ENGLISH:** Four (4) units of English that have as their emphasis grammar and usage, literature (American, English, World), and advanced composition skills.

**SCIENCE:** Three (3) units of science, with at least one laboratory course from the life sciences and one laboratory course from the physical sciences. Students who graduate in 2012 or later must have four (4) units of science. Georgia Public High School graduates must have at least one (1) unit of biology, one (1) unit of physical science or physics, and one (1) unit of chemistry, earth systems, environmental science, or an advanced placement science course.

**SOCIAL SCIENCE:** Three (3) units of social science, with at least one (1) course focusing on United States studies and one (1) course focusing on world studies.

**FOREIGN LANGUAGE:** Two (2) units in the same foreign language emphasizing speaking, listening, reading, and writing. Two (2) units of American Sign Language may be used to satisfy this requirement.

Those students with RHSC deficiencies must take additional courses to fulfill the requirements. See below under “Required High School Curriculum” for further information. Any student who does not have seventeen RHSC courses is encouraged to apply and will be considered on a case-by-case basis.
4. Must have completed any Required High School Curriculum deficiency requirements if transferring from a USG institution (BOR Policy 4.2.1.3) with more than 30 transferable semester hours.

5. Must request a copy of final high school transcript or a copy of high school equivalency test scores approved by the Board of Regents mailed from their test center to the East Georgia State College Office of Admissions.

6. Must provide official transcripts from all college and technical institutions previously attended. Prior post-secondary coursework earned from accredited institutions will be evaluated and the student will be notified of work accepted. Students who are not considered to be in good academic standing at prior University System of Georgia institution(s) will be considered on a case-by-case basis.

7. Must be eligible to continue or return to sending institution.

8. Must present test scores if requesting exemption Learning Support requirements. Test scores are no longer required for admission to EGSC. However, students will be placed into the co-requisite courses in English and Math in Area A Basic Skills of the Core Curriculum by default if they do not present test scores. Students who wish to be exempt from co-requisite learning support requirements and have met these SAT and/or ACT score requirements should request official SAT and/or ACT scores be sent to EGSC by their counselor or from the Educational Testing Service. Students who wish to be exempt from the co-requisite learning support requirements and who have no test scores can request to take the Accuplacer placement exam. These exams in Writeplacer, Reading Comprehension, and Elementary Algebra are given 8:00 am – 2:00 pm Monday through Thursday and 8:00 am – 10:00 am Friday of each week, excluding holidays. There is no cost to take this exam if the application fee has been paid. Students must contact EGSC – Augusta or EGSC – Statesboro to schedule testing. 9. Must submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
   - Swainsboro or Augusta locations (here)
   - Statesboro location (here)

10. Learning Support placement at a prior University System of Georgia institution will be honored and must be completed at East Georgia State College. For the complete policy regarding Learning Support for Transfer/Returning students, please refer to the President’s Policies and Procedures webpage (here).

11. Courses accepted in transfer must have been earned at a Southern Association of Colleges (SACS) accredited institution, or an institution accredited by another regional accreditation body recognized by SACS as an equal. Transfer credit is evaluated upon receipt of official college transcripts. Grades accepted for transfer will include grades of “D” or better in core curriculum courses except in ENGL 1101 and 1102; MATH 1001, 1111, 1121, 1113, 1540, 2012 or 2013. A grade of ‘C’ or higher is also required of all students who enroll in EDUC 2110, 2120 or 2130 (see Course Descriptions section of the catalog). Grades below a “C” in these courses will not be accepted to satisfy a degree requirement. Learning Support courses from out-of-state and private colleges do not transfer to East Georgia State College. Out-of-State students who have taken Political Science, United States or American History will need to take a proficiency exam to receive credit for the course(s) as well as satisfy the Georgia and United States History and Constitution requirements.

**Special Admission for Adult, Non-Traditional Students**

Applicants for adult, non-traditional admission must have been out of high school or college for at least five (5) years and those applicants who attended college must have earned fewer than 30 semester hours of transferable college credit.

The following admission requirements must be met by adult non-traditional applicants:

1. Must submit a completed East Georgia State College application for admission.
2. Must request a copy of final high school transcript or a copy of high school equivalency test scores approved by the Board of Regents mailed from their test center to the East Georgia State College Office of Admissions.
3. Must submit an official college transcript for each college attended.
4. Non-traditional applicants are NOT required to take the SAT or ACT.
5. Must present test scores if requesting exemption Learning Support requirements. Non-traditional applicants will be not required to a placement exam prior to being accepted and registering for classes. Applicants required to take a co-requisite Learning Support course will be required to enroll in and satisfactorily complete this course prior to taking regular credit coursework. *NOTE: Non-traditional applicants who have scored 500 or higher on the SAT within the past seven years may be exempt from some or all co-requisite learning support courses and/or appropriate sections of the placement exam.*
6. Must submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
   - a. Swainsboro or Augusta locations (here)
   - b. Statesboro location (here)

**Transient Students**

Students who are regularly enrolled at another institution and who expect to return to that institution, but who desire to enroll temporarily at East Georgia State College.

The following admission requirements must be met by transient applicants:

1. Must submit a completed East Georgia State College application for admission.
2. Must submit a letter of transient permission stating the student is in good academic standing at the home institution and be signed by either an Academic Dean or the Registrar.
3. Must submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
   - a. Swainsboro or Augusta locations (here)
   - b. Statesboro location (here)
4. Must provide documentation of lawful presence or documentation of an exception.

Credit earned at East Georgia State College will be forwarded to the student’s home institution upon completion of a transcript request. Transient students desiring to continue enrollment as transfer students must submit a Former Student Application (here) and satisfactorily complete all transfer requirements. East Georgia State College students desiring to attend another college as transient students must initiate procedures with their advisor at East Georgia State College prior to attending that institution. See policy: http://www.ega.edu/policy/04-transient-student-permission-policy.pdf?33016

Dual Enrollment/ Early Admission Students

SB 132, “The Move on When Ready Act,” permits 9th through 12th grade students to leave their assigned high schools and attend postsecondary institutions full-time to earn course credit that will apply towards high school graduation and college. The “Move on When Ready Act,” is intended as another option (not a replacement) for second semester 9th graders through 12th graders, in addition to other regular dual enrollment programs, residential programs, early college, career academies and charter schools. This program is now known as the Dual Enrollment Program. The Dual Enrollment program is available to students entering the second semester of 9th grade, who have achieved the appropriate GPA requirement and are on track in attendance at a Georgia public high school.

Dual Enrollment applicants must meet the following admission requirements:

1. Must submit a completed East Georgia State College application for admission.
2. Must submit minimum SAT scores of 970 on the combination of the Critical Reading and Mathematics sections or an ACT composite score of 20.
3. Must have minimum cumulative high school grade point average of 3.00 on a 4.00 scale in Required High School Curriculum courses (RHSC) or a minimum of 80 on the high school calculation completed through the sophomore or junior year of high school.
4. Must submit minimum Reading SAT of ≥24 or ACT English of ≥17 for dual joint enrollment in English 1101.
5. Must submit minimum Math SAT of ≥25.5 or ACT Math of ≥20 for dual joint enrollment in Math 1111.
6. Must be “on-track” to complete the Required High School Curriculum (RHSC) requirements.
7. Must submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
   a. Swainsboro or Augusta locations (here)
   b. Statesboro location (here)
8. Must submit a Dual Enrollment Program application each semester of enrollment (which is obtained from his/her high school counselor or via the GaFutures URL).
9. Must submit a copy of the Dual Enrollment Participation Agreement, signed by the high school guidance counselor, parent(s) and student along with the Dual Enrollment Checklist.

*NOTE: The Required High School Curriculum (RHSC) requirements for admission to a University System institution may be satisfied in English, Mathematics, and/or Social Science in the Dual Enrollment program. The RHSC requirements in natural science and foreign language must be completed in high school.

Home School/Non-Accredited High School

An applicant who completed high school graduation requirements under a home school program or graduated from a non-accredited high school may be considered for admission. According to the policies of the Board of Regents (BOR Policy Manual section 4.2.1.2) of the University System of Georgia, an applicant whose SAT I combined (Reading plus Mathematics) score is at or above the SAT I score of the previous year’s fall semester first-time freshmen admitted to the USG institution to which he or she is applying and who has completed the equivalent of each of the Required High School Curriculum areas as documented by a portfolio of work and/or other evidence that substantiates Required High School Curriculum completion qualifies for consideration for admission.

Home school applicants, regardless of age, must submit the following documents:

1. A completed East Georgia State College application for admission.
2. The required Certificate of Immunization Form(s) for the campus the student plans to attend.
   a. Swainsboro or Augusta locations (here)
   b. Statesboro location (here)
3. Official SAT or ACT scores – Student must have ≥24 Reading and ≥25.5 Math on the SAT or 17 English and 179 Math on the ACT. Information for requesting official scores can be found at www.collegeboard.com or www.act.org.

4. Home School Portfolio – Applicants who were home schooled must submit a Home School Portfolio Summary form along with supporting documentation.

5. Letter of Completion from the primary teacher or program administrator certifying completion of high school and date of high school graduation.

6. Official College Transcripts from any and all college, university, or technical college(s) attended.

Home school applicants who receive earned a high school equivalency diploma will need to submit official passing high school equivalency test scores as well as a Home School Portfolio for College Preparatory Curriculum Evaluation. SAT/ACT scores are not required for applicants with a high school diploma equivalency. Placement Testing (Accuplacer) may be required prior to acceptance.

Auditors
Students who wish to enroll in regular academic classes, but receive no college credit. Admissions requirements are the same as those expected of regular freshman and transfer students. Auditor applicants must submit an official transcript showing evidence of graduation from an accredited or approved high school or an earned high school equivalency diploma. Students may not change from audit to credit status, or from credit to audit status after the last day of late registration for that semester. The auditor may not use any audited course for credit unless he/she repeats the course for credit as a regularly enrolled student. The college will consider the acceptance of auditors only when their enrollment will cause no hardship or inconvenience to the institution or the regularly scheduled students. An auditor may or may not, as he/she wishes, participate in all activities of the course including taking examinations and submitting of papers for evaluation. Regular matriculation fees will be charged for courses that are audited. An application for admission must be filed with the Office of Admissions prior to the opening of the semester for which the auditor plans to enroll. Be aware that financial aid will not pay for audited courses.

Persons 62 Years of Age or Older
Applicants must be residents of Georgia, 62 years of age or older at the time of registration and present a birth certificate or other comparable written documentation of age to enable the institution to determine eligibility. Individuals may enroll as regular or auditing students in courses offered for resident credit on a “space available” basis during the final former student registration date without payment of fees except for supplies, laboratory or shop fees. These applicants must meet regular admission requirements as follows:

1. Must submit a completed East Georgia State College application for admission.
2. Must request a copy of final high school transcript or a copy of high school equivalency test scores approved by the Board of Regents mailed from their test center to the East Georgia State College Office of Admissions.
3. Must meet all University System of Georgia and Institutional admissions requirements, including completion of the Required High School Curriculum (see University System of Georgia Policy Manual section 4.2.1.5).
4. Must submit an official college transcript for each college attended.
5. Must submit a copy of their schedule to the Records Office each semester after registering to implement the waiver.
6. Must submit test scores if requesting to exempt Learning Support requirements. Applicants will not be required to take a placement exam prior to acceptance and registering for classes. However, applicants will be placed into the co-requisite in English and Math courses in Area A Basic Skills of the Core Curriculum by default if they do not present test scores. Students who wish to be exempt from co-requisite learning support requirements and have met these SAT and/or ACT score requirements should request official SAT and/or ACT scores be sent to EGSC by their counselor or from the Educational Testing Service. Students who wish to be exempt from the co-requisite learning support requirements and who have no test scores can request to take the Accuplacer placement exam. These exams in Writeplacer, Reading Comprehension, and Elementary Algebra are given 8:00 am – 2:00 pm Monday through Thursday and 8:00 am – 10:00 am Friday of each week, excluding holidays. There is no cost to take this exam if the application fee has been paid. Students must contact EGSC – Augusta or EGSC – Statesboro to schedule testing. Students will be placed into Area A Basic Skills courses of the Core Curriculum in ENGL and MATH courses as follows:

   b. Statesboro location (here)

International Students
In addition to the requirements for beginning students and transfer students as outlined in this catalog, students from countries other than the United States must meet the following requirements for admission to East Georgia State College:

1. Present TOEFL (Test of English as a Foreign Language) scores that demonstrate proficiency in the English
language, if English is not the native language. The following minimum TOEFL scores are required for admission consideration: Paper version- 523 or computerized version- 193. Minimum IELTS score required is 6. Any student who has successfully completed a program or coursework of English as a second language, that is SEVIS approved, may be exempt from the TOEFL or IELTS requirement. The AR Appeals Committee must approve each exception.

2. Must present official secondary (high school) or post-secondary (college or university) transcripts, diplomas, certificates including grade reports and courses completed. An official English translation must accompany all academic documents. Please contact the Admissions Office for approved agencies.

3. Must have achieved a level of education equivalent to high school graduation in the United States.

4. Must submit a completed East Georgia State College application for admission and pay a $20 application fee.

5. Must submit the "SEVIS Data Form."

6. Must submit a financial statement outlining student's ability to pay all East Georgia State College expenses in full (at least $20,000). International students are not eligible for financial assistance. The College reserves the right to request funds for one year from countries in which students experience unusual difficulty in sending money out of their country.

7. Must present evidence of personally acquired health and accident insurance from an approved college agency. International students who have personal insurance coverage through private sources or sponsors and would like to apply for an exemption of the school plan may do so. Insurance must be acquired within 30 days of the first day of classes.

8. Must submit SAT/ACT and/or Accuplacer test scores if requesting exemption from Learning Support Requirements. EGSC no longer requires SAT/ACT/Accuplacer scores for admission to EGSC. However, applicants will be placed into the co-requisite courses in English and Math in Area A Basic Skills Courses of the Core Curriculum by default if they do not present test scores. Students who wish to be exempt from co-requisite learning support requirements and have met these SAT and/or ACT score requirements should request official SAT and/or ACT scores be sent to EGSC by their counselor or from the Educational Testing Service. Students who wish to be exempt from the co-requisite learning support requirements and who have no test scores can request to take the Accuplacer placement exam. These exams in Writeplacer, Reading Comprehension, and Elementary Algebra are given 8:00 am – 2:00 pm Monday through Thursday and 8:00 am – 10:00 am Friday of each week, excluding holidays. There is no cost to take this exam if the application fee has been paid. Students must contact EGSC – Augusta or EGSC – Statesboro to schedule testing. 9. It is the policy of East Georgia State College not to issue any Certificate of Eligibility for non-immigrant (F-1) student status (Form I-20) until all international student admission requirements have been met. Since no Form I-20 will be issued within thirty (30) days prior to the date of registration, international students are encouraged to have their admissions file completed at least 60 days in advance of the start of their semester of entrance.

10. International students with student (F-1) visas are required to take a full course load (12 semester hours) spring and fall semester.

11. East Georgia State College reserves the right to admit only an international applicant who is academically qualified, who has proven his/her ability to meet the financial requirements while in attendance, and who has qualified for the appropriate visa type.

12. East Georgia State College has on-campus housing. Any student interested in on-campus housing must submit their application 60 days prior to their term of entry. Students assume responsibility for their own housing.

13. Submit the required Certificate of Immunization Form(s) for the campus the student plans to attend.
   - Swainsboro or Augusta locations (here)
   - Statesboro location (here)

**International Student Application Deadline**
- Fall semester: July 1
- Spring semester: November 15
- Summer semester: May 2

Non-Degree Seeking Students
The Director of Admissions may, under special circumstances, allow students to enroll as non-degree seeking students when they are taking courses to pursue some special interest or for self-enrichment and do not wish to work toward a degree.

The following minimum admission requirements will be applied to non-degree admission students. Additional admission requirements may be required:

1. Must submit a completed East Georgia State College application for admission.
2. Must request a copy of final high school transcript or a copy of high school equivalency, HiSET or TASC test scores approved by the Board of Regents mailed from their test center to the East Georgia State College Office of Admissions.
3. The Required High School Curriculum (RHSC) requirements and SAT/ACT test scores are not applicable.
4. Must submit a transcript from all prior college work is required.
5. Must submit test scores is requesting exemption from Learning Support. Although SAT/ACT and/or Accuplacer
scores are not required for non-degree seeking students, some courses require exemption from Learning Support before enrolling. Students will be placed into the co-requisite courses in in English and Math in Area A Basic Skills Courses of the Core Curriculum by default if they do not present test scores. Students who wish to be exempt from co-requisite learning support requirements and have met these SAT and/or ACT score requirements should request official SAT and/or ACT scores be sent to EGSC by their counselor or from the Educational Testing Service. Students who wish to be exempt from the co-requisite learning support requirements and who have no test scores can request to take the Accuplacer placement exam. These exams in Writeplacer, Reading Comprehension, and Elementary Algebra are given 8:00 am – 2:00 pm Monday through Thursday and 8:00 am – 10:00 am Friday of each week, excluding holidays. There is no cost to take this exam if the application fee has been paid. Students must contact EGSC – Augusta or EGSC – Statesboro to schedule testing.    b. Statesboro location (here)

Presidential Exception Policy
East Georgia State College is authorized to grant admission to a limited number of students that do not meet established standards but do demonstrate special potential for academic success in accordance with The University System of Georgia Board of Regents Policy 4.2.1.2 Exceptions to Freshman Admission Requirements for Special Groups of Students. Students considered under this category must demonstrate potential for academic success as described below. Students considered under this category must also meet learning support requirements as established by Board of Regents and East Georgia and outlined below. Recipients must demonstrate achievement of the Indicators for Academic Success outlined below to be offered a Presidential Exception.

Indicators for academic success:
- Official high school and/or college transcripts from accredited institution including rigor of courses and grade point average
- GED, HiSET or TASC applicants
  - Students who graduated high school more than five years ago or earned a GED and do not have valid SAT or ACT scores: required Accuplacer assessment
  - Students applying for readmission or transferring from another school without college level English/Math credit

Required High School Curriculum

All first-time freshman applicants and those who have not earned 30 semester hours of transferable post-secondary credit must have completed the USG’s Required High School Curriculum (“RHSC”) requirements and have graduated from a high school accredited by a regional accrediting association (such as the Southern Association of Colleges and Schools) or the Georgia Accrediting Commission or from a public school regulated by a school system and state department of education (See the University System of Georgia Board of Regents Policy Manual section 4.2.1.1).

Students applying to any institution must present credit for sixteen (16) specified units. Students who graduate from high school in 2012 or later must present credits for seventeen (17) specified units.

The 16 (17 for students who graduate in 2012 or later) specified USG units are:

- **MATHEMATICS**: Four (4) units of Mathematics, including Algebra I, Algebra II, and Geometry. For students who graduate from a Georgia Public School in 2012 or later, the 4 units of Mathematics must include a course at the level of Math 3 or higher.
- **ENGLISH**: Four (4) units of English that have as their emphasis grammar and usage, literature (American, English, World), and advanced composition skills.
- **SCIENCE**: Three (3) units of science, with at least one laboratory course from the life sciences and one laboratory course from the physical sciences. Students who graduate in 2012 or later must have four (4) units of science. Georgia Public High School graduates must have at least one (1) unit of biology, one (1) unit of physical science or physics, and one (1) unit of chemistry, earth systems, environmental science, or an advanced placement science course.
- **SOCIAL SCIENCE**: Three (3) units of social science, with at least one (1) course focusing on United States studies and one (1) course focusing on world studies.
- **FOREIGN LANGUAGE**: Two (2) units in the same foreign language emphasizing speaking, listening, reading, and writing. Two (2) units of American Sign Language may be used to satisfy this requirement.

Students, graduating from high school within the past five years who have not followed the Required High School Curriculum, must complete the deficiencies in the following ways:

**English**: Students graduating with fewer than the four required Carnegie units of English will be required to take the placement exam in English and Reading.
Based upon the student's score, the student would either:
1. Be exempt from Learning Support English and/or Reading OR
2. Be placed in Learning Support English and/or Reading at the co-requisite level. Upon completion of the Learning Support and co-requisite English and/or Math course, the deficiency would be satisfied.

Mathematics: Students graduating with fewer than the four required Carnegie units of mathematics will be required to take the placement exam in Mathematics.

Based upon the student's score, the student would either:
1. Be exempt from Learning Support Mathematics OR
2. Be placed in Learning Support Mathematics at the co-requisite level. Upon completion of the required Learning Support and co-requisite Math course, the deficiency would be satisfied.

Science: Students graduating with fewer than three Carnegie units of science will be required to complete an additional four-semester hour course in laboratory science chosen from the approved laboratory sciences in Area D of the EGSC Core Curriculum.

Courses that will satisfy this deficiency are:

<table>

</table>

*The following provisions apply to the Science, Social Science, and Foreign Language requirements:* The student must earn a 'C' or better in each of these courses. The course should be taken with the idea of expanding the student's previous exposure to the disciplines. Grades assigned to students satisfying Required High School Curriculum deficiencies in science, social science, and foreign language will be in conformance with the Uniform Grading Policy of the University System. Such grades will be included in the student's semester and cumulative grade point average, and credit hours earned for these courses are to be counted in the student's total hours earned for student classification and reporting purposes and they may be counted towards the completion of the Core Curriculum or other graduation
Required High School Curriculum (RHSC) Completion Requirements

Please refer to the policy regarding Required High School Curriculum (RHSC) requirements located on the President’s Policy and Procedure webpage, found here.

Learning Support Placement Policy for Mathematics, Reading and English

EGSC does not require SAT/ACT and/or Accuplacer scores for admission. However, students will be placed into the co-requisite courses in in English and Math in Area A Basic Skills course of the Core Curriculum by default if they do not present test scores. Students who wish to be exempt from co-requisite learning support requirements and have met these SAT and/or ACT score requirements should request official SAT and/or ACT scores be sent to EGSC by their counselor or from the Educational Testing Service. Students who wish to be exempt from the co-requisite learning support requirements and who have no test scores can request to take the Accuplacer placement exam. These exams in Writeplacer, Reading Comprehension, and Elementary Algebra are given 8:00 am – 2:00 pm Monday through Thursday and 8:00 am – 10:00 am Friday of each week, excluding holidays. There is no cost to take this exam if the application fee has been paid. Students must contact EGSC – Augusta or EGSC – Statesboro to schedule testing. Students will be placed into ENGL and MATH courses as follows:

<table>
<thead>
<tr>
<th>SAT/ACT/Accuplacer scores</th>
<th>Math Course Placement</th>
</tr>
</thead>
<tbody>
<tr>

East Georgia State College Statesboro / East Georgia State College Augusta

The primary purpose of East Georgia State College Statesboro and Augusta programs is to accommodate students who, due to rising admissions standards throughout the University System of Georgia, do not meet regular freshman admission requirements for universities. These programs provide this population of students the opportunity to become academically successful and earn a liberal arts degree. It is understood that the majority of the students who attend East Georgia State College Statesboro desire to transfer to Georgia Southern University and East Georgia State College Augusta students desire to transfer to Augusta University. All institutions work closely together to ensure students receive the best in academic and student services support.

Students accepted for East Georgia State College Statesboro or East Georgia State College Augusta are coded according to their location of attendance and during the registration process they are assessed the university and technology fees that are currently being charged all students attending either Georgia Southern University for Statesboro or Augusta University for Augusta. These additional fees result in a higher total cost when compared to students taking courses on the Swainsboro campus. East Georgia State College Statesboro and Augusta students can take coursework on the main campus in Swainsboro or online, and are encouraged to do so in the event that course availability limitations prevent students from attaining a desired course load in Statesboro or Augusta.

Following registration, East Georgia State College Statesboro or Augusta students may present proof of registration to the either the Russell Student Union or the Jaguar Student Union, in order to receive a Student ID Card. This ID card allows access to Student Life activities on the Georgia Southern University or Augusta University campus and is considered to be one of the many benefits of the programs.

Students enrolled at East Georgia State College-Statesboro or East Georgia State College-Augusta are full members of those campus communities and are, therefore, subject to the provisions of the Georgia Southern University and Augusta University Student Handbooks and Catalogs.

To be eligible to transfer into baccalaureate programs, students must have satisfied all Learning Support and Required High School Curriculum (RHSC) requirements and must have earned at least 30 semester hours of degree credit. EGSC students with at least 30 semester hours and a cumulative Grade Point Average (GPA) of 2.0 or higher may transfer seamlessly to Georgia Southern University. Those with at least 30 semester hours of degree credit and a cumulative GPA of 2.2 (Fall 2015) and 2.3 (after Fall 2016) may transfer seamlessly to Augusta University after 30 hours of credit successfully earned. (Grades earned in courses taken at GSU or AU are not calculated into the transfer GPA). Each semester, an East Georgia State College Statesboro / Augusta –Transfer Meeting is held for students who anticipate transferring the next semester. Specific details concerning these meetings are sent to East Georgia State College Statesboro / Augusta students via the East Georgia State College Cat Mail email system.

College Credit for Military Education

Students should refer to the institution’s policy for College Credit for Military Education on the President’s Policies and Procedures webpage (here).

Credit by Examination

College Level Examination Program (CLEP). Students may earn up to 18 semester hours of college credit by making satisfactory scores on the Subject Examinations of the College Level Examination Program (CLEP). The CLEP Subject Examinations measure achievement in specific subject areas. These exams require college-level knowledge and critical-thinking ability; sufficient preparation is required to do well. CLEP tests are given at many colleges and universities nationwide. A list of test centers is available at the CLEP Website (here).

To earn CLEP credit a student must earn a score of 50 or above. Students earning a score of 50 or above on the
College Composition Subject Examination must also write an essay, which will be graded by the English Department. The English Department must approve and "pass" the essay only before credit for College Composition I will be awarded. CLEP credit is not awarded for any science-related course that has laboratory requirements. A student may not attempt a CLEP examination for a course in a field in which credit has been earned for a more advanced course. No examination may be repeated in an attempt to receive credit. Hours earned by examination are recorded on a student's permanent record with the notation "credit by examination" with the course name and number. Grades are not given; therefore, credit by examination does not affect a student's grade point average.

Departmental examinations: Departmental examinations are available in certain subject areas not included as a part of the College Level Examination Program. An example of a departmental examination is the First-Aid examination. The Vice President for Academic and Student Affairs must grant permission for a student to attempt a departmental examination. The Vice President for Academic and Student Affairs will refer the examination results to the Deans and faculty members of the respective subject area, who will grade and review the examination to determine if the student meets the competencies and course knowledge to be granted credit for the course.

Advanced Placement Program: Subject to approval by the appropriate East Georgia State College academic department, high school students who participate in an Advanced Placement Program will be awarded appropriate course credit provided a score of three (3) or better is earned on The College Board Advanced Placement Test (AP). Official test scores should be mailed directly from The College Board to the Office of the Admissions/Records Office for review. Each student will receive confirmation of credit awarded. Advanced Placement tests and the equivalent East Georgia State College courses are listed on the EGSC Website (here).

International Baccalaureate Test: Students should refer to the institution's policy for credits awarded through the International Baccalaureate Test posted on the President's webpage (here).

Student Immunization Policy

All beginning students (freshmen, transfer, and others) attending regularly scheduled classes or receiving resident credit are required to submit a Certificate of Immunization prior to attending classes. Students admitted to the EGSC – Statesboro must complete the EGSC – Statesboro immunization form. The Certificate of Immunization will be kept on file and will be valid throughout the tenure of the student.

Exceptions to the policy are students who have religious objections and students whose physicians have certified that they cannot be immunized because of medical reasons. Students who have not presented evidence of immunization as set forth above will be denied admission to East Georgia State College or other facilities of the University System until such time as they present the required immunization certificate.

The Certificate of Immunization must be on a form provided by the University System of Georgia and signed by a physician or an official of a County Health Department. The Certificate of Immunization can be obtained by referring to the following links:

- Swainsboro/Augusta (here)
- Statesboro (here)

Student Residency

East Georgia State College is required, under the guidelines established by the Board of Regents of the University System of Georgia, to determine the residence classification of all applicants and students of the institution for fee payment purposes. The priority deadline for submitting a Petition for Classification of Students for Tuition Purposes is as follows:

- Fall semester: August 6
- Spring semester: December 15
- Summer semester: June 1

Petitions or waivers are not applied retroactively to past semesters.

For an in-depth description of the Board of Regents policy regarding Classification of Students for Tuition Purposes, please refer to the University System of Georgia—Board of Regents Policy 4.3.2 (here).

Waivers
Students not eligible for in-state tuition may be eligible for an out-of-state waiver. Waiver applications should be submitted at least two weeks prior to the first day of the term for which the out-of-state tuition is to be waived. Applications received after this deadline will be considered as time permits. Tuition waivers are valid for a limited period of time, usually up to 12-consecutive months or as long as the student remains continuously enrolled. Students can review available waivers and their specific requirements on the Waivers and Tuition Classification webpage (here). The Institution’s policy regarding Presidential Waivers can be reviewed on the President’s Policies and Procedures webpage (here).

Students will receive a decision regarding the out-of-state tuition waiver via email.

Right to Appeal: Any student has the right to appeal the classification as a non-resident for tuition purposes. The burden of proof rests with the student. The College reserves the right to acquire any documentation it deems necessary for the classification of students as residents. Students are responsible for notifying EGSC of incorrect residence classifications and will be liable for additional fees. Individuals who are classified non-resident by the College, but who claim to qualify as legal residents, must file a “Petition for Classification of Students for Tuition Purposes” form with required supporting documentation to the Office of the Registrar by the deadline listed on the petition form. Resident status is not changed automatically, and the burden of proof rests with the student to demonstrate that he or she qualifies as a legal resident under the regulations established by the Board of Regents of the University System of Georgia. Students should be prepared to pay out-of-state tuition rates pending the outcome of their petition. East Georgia State College will consider and evaluate petitions within the first 45 days of the semester as time permits. All requests after that period will not be considered for the next term. Students may file a petition once a semester. EGSC does not retroactively consider requests for in-state tuition (waivers or petitions) for completed terms.

Petition for permanent in-state (Georgia) classification

Students seeking consideration for permanent in-state classification should review the required conditions and multiple types of required supportive documentation necessary to prove their eligibility. The Petition for Classification for Tuition Purposes can be found on the Waivers and Tuition Classification webpage (here).

Office of Financial Aid

Mission Statement

Through the financial aid program, East Georgia State College strives to provide deserving students from all economic levels and opportunity for higher education. Every effort will be made to provide assistance to students, who, without such aid, would be unable to attend college. Financial aid is awarded on the basis of need, scholastic achievement, or promise of academic success.

East Georgia State College financial aid programs are administered according to nationally established policy and philosophy of financial aid for education. Financial aid is available from a variety of federal, state, institutional, and private sources and may be in the form of a scholarship, loan, grant, employment, or a combination of these. Students may apply for financial aid online.

Code of Conduct

As representatives of East Georgia State College and the University System of Georgia, it is vital that all employees in the Office of Financial Aid maintain the trust of current and future students as well as their parents and the general public. To fulfill that obligation, it is vital that this office and the staff function in a manner consistent with the highest ethical standards.

In performing our official duties, the Office of Financial Aid will work to provide excellent customer service and avoid actions motivated by private or personal interest. We will safeguard our ability to make objective and impartial decisions based on Federal and State guidelines and shall not accept benefits of any sort under circumstances in which it could be inferred by a reasonable observer that the benefit was intended to influence our personal decision-making process. The Office of Financial Aid staff will maintain a professional relationship with lenders, guarantors, or other third parties to address servicing issues related to a student’s financial aid.
How to Apply for Financial Aid

1. Begin by completing an application for admission to East Georgia State College and submit an official high school transcript or high school equivalency diploma test scores and SAT scores (if applicable). Applications are available on the Office of Admissions webpage (here).

2. If you have attended another college/university/technical institution, please submit official copies of ALL academic transcripts to the Office of Admissions, 131 College Circle, Swainsboro, GA 30401.

   The financial aid application will include the following disclaimer for the applicant certification:

   “I certify that documentation submitted by me or any other person in my behalf, for the purpose of qualifying and awarding student aid is true and complete to the best of my (our) knowledge. I understand that East Georgia State College determines financial aid eligibility based on all data available including any data that I and others provide. I understand that any inaccurate data, false, statements or misrepresentation may be cause for denial, reduction, withdrawal, and/or repayment of financial aid, and I may be subject to a fine, imprisonment or both, under provisions of the United States Criminal Code. I agree to repay any awards I receive based on inaccurate data and/or funds I receive for which I am not eligible. I also understand that my Cost of Attendance (COA) may increase due to new budget regulations issued by the Board of Regents”.

3. Request a Federal Student Aid ID for yourself and one parent (if you are a dependent) from the Federal Student Aid website (here).

4. All financial aid applicants must complete and submit the Free Application for Federal Student Aid (FAFSA). Complete the FAFSA on the Web provided by the U.S. Department of Education at www.fafsa.gov and put the East Georgia State College school code (Code: 010997) as the receiving school.

   If you are a HOPE Scholar, complete the Scholarship Application (GSFAPPS) on the GAFutures website (here).

5. Completed financial aid applications will be processed when East Georgia State College has received your FAFSA and/or HOPE Scholarship information as well as any and all other required documentation.

6. Financial aid recipients must re-apply for assistance each year beginning October 1.

Recommended Application Priority Filing Dates

It is important for students to apply for financial aid as early as possible so that financial need for all applicants may be determined prior to registration. The recommended time for completing the FAFSA is as soon as possible after January 1st of each year. Students and parents are advised not to wait until April 15th to complete their Federal Income Tax Return since this information is needed to complete the FAFSA.

All required documents as well as official acceptance to East Georgia State College must be filed by the following priority file dates:

<table>
<thead>
<tr>
<th>Semester</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Semester</td>
<td>June 1st</td>
</tr>
<tr>
<td>Spring Semester</td>
<td>October 1st</td>
</tr>
<tr>
<td>Summer Semester</td>
<td>March 1st</td>
</tr>
</tbody>
</table>

Students who are not “officially accepted” and do not have a complete file, including all Student Aid Report Corrections and request for documents required by the above dates, may be required to pay ALL educational expenses incurred out-of-pocket until applications are processed and eligibility is determined.

Tax Transcript Explanation

Beginning FALL 2012, students who are selected for financial aid verification and chose not to use the IRS data load or completed their FAFSA without having filed their taxes will no longer be able to submit regular 1040 tax forms. Per federal regulations, schools may only accept TAX RETURN TRANSCRIPTS from the IRS for verification purposes that may take 6-8 weeks (or longer) to receive via mail. EAST GEORGIA STATE COLLEGE CAN NO LONGER ACCEPT 1040 TAX FORMS FOR FINANCIAL AID VERIFICATION.
IRS tax transcripts may be obtained by one of the following:
1. Pick-up at your regional IRS Office. A local address and phone number for an IRS office in your area can be found on the IRS website [here](https://www.irs.gov).
2. Online IRS Transcript Request using the “Get Transcript” request form [here](https://www.irs.gov).
3. IRS by phone (1-800-908-9946).

**NOTE: Students may return to www.fafsa.gov and link FAFSA with the IRS Data Retrieval to avoid submitting tax transcripts.

Applications received after these dates will receive consideration as time permits. All financial aid awards are made for one academic year only. The East Georgia State College financial aid award year begins in the fall semester and ends at the conclusion of the summer semester. Beginning freshmen who plan to enroll during the summer semester must complete the current academic year financial aid application as well as the next academic year application. Example: summer 2019 is for the 2018-2019 academic year and fall 2018 is during the 2018-2019 academic year.

Student Financial Aid Budget Cost of Attendance (COA)
In developing a COA for students applying for financial aid, allowances for tuition & fees, books, supplies, room & board, and other miscellaneous expenses are included.

The following is an example of a budget for dependent students applying for aid at East Georgia State College:

<table>
<thead>
<tr>
<th>Amount</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>$2,920</td>
<td>Tuition and Fees</td>
</tr>
<tr>
<td>$1,200</td>
<td>Books and Supplies</td>
</tr>
<tr>
<td>$8,784</td>
<td>Room and Board</td>
</tr>
<tr>
<td>$3,000</td>
<td>Miscellaneous</td>
</tr>
</tbody>
</table>

Award Packages

*NOTE: This information is provided as a guide and is subject to change without notice to comply with federal, state, and institutional policies.*

Once students have been awarded aid, they will receive an electronics award letter that lists the various types of aid they are eligible to receive during the award year. Awards are based on full-time (12 or more hours) status; some awards may be adjusted if the student does not enroll as a full-time student. However, aid will automatically be prorated at disbursement if the student is not full-time.

If it is determined that the student is not eligible for aid after it is awarded, the Financial Aid office is required to adjust the student's award.

Students will automatically be reviewed for Federal PELL Grants and FSEOG because they are considered gift aid and do not have to be repaid. Students also will be reviewed for Federal Work-Study at the student’s request. HOPE Scholarships are automatically reviewed for freshmen students who have met the HOPE requirements from high school. Continuing students currently receiving HOPE are automatically reviewed. Transfer students must complete the online HOPE/ZELL Request form.

Students may be awarded grant funds up to the cost of college attendance. If they still have unmet financial needs, students may apply for loans under the Federal Stafford Loan and/or the Federal Unsubsidized Stafford Loan programs. These loan programs require a separate loan request form in addition to the FASFA. These online loan request forms can be completed on the financial aid website [here](https://www.irs.gov). Loans are NOT automatically awarded.

Students who apply by the priority processing due date will be considered for all available funds. Some funds are limited and are awarded to eligible students based on greatest need and meeting the deadline.

Verification Process

The federally mandated verification process uses documentation to confirm that the information provided on the FAFSA is correct. Verification ensures that eligible students receive all the federal financial aid to which they are entitled. Below are answers to commonly asked questions about the verification process:

- **How will I know if I am selected for verification?**
If you are selected for verification by the federal processor, there will be an asterisk next to your Expected Family Contribution (EFC) on your Student Aid Report (SAR). You will also be informed of having been selected for verification in the SAR Acknowledgement Letter. If you are selected for verification by the EGSC Office of Financial Aid, you will be notified of any additional documentation that is required. If you have a Federal PELL Grant estimated in your financial aid award, you will be selected for verification.

- **Why was I selected for verification?**
  
  Reasons vary; it may be that your FAFSA was incomplete or contains estimated or inconsistent information. You may have also been chosen randomly. Verification is a federal regulation. Students selected for verification are not being punished; rather verification prevents ineligible students from receiving aid by reporting false information and ensures that eligible students receive all the aid for which they qualify.

- **How will I know what additional documentation is required for verification and where/when to send it?**
  
  If your SAR indicates you were selected for verification or if the EGSC Office of Financial Aid determines that your application needs to be verified, you and your parent(s) will be required to provide supporting documents to the EGSC Office of Financial Aid. The Department of Education has changed the verification process. As a result, depending on certain financial indicators, the category of verification you were selected for and the specific documentation required will vary. You will receive an electronic letter from the EGSC Student Affairs Office of Financial Aid outlining your requirements. Below is a breakdown of each verification category.

- **If I am selected for verification, am I required to submit additional documentation?**
  
  Yes. Participation in the verification process is not optional. If a student who is selected does not submit the require documentation by the established deadline, he or she will not be eligible to receive federal financial aid as an EGSC Student.

  Should the verified financial information differ significantly from the original information provided on the FAFSA, your aid may be adjusted, in which case you will be notified.

**Verification Categories:**

**Standard Verification (V1)**

What is required?

- For tax filers, successfully utilize the IRS’s Data Retrieval Tool on the FAFSA (preferred option). Step-by-step instructions for using this tool are available by video (here) or you may choose to request a hard copy of your federal tax return transcript from the IRS website (here).
- For non-tax filers, provide a copy of W-2 statement(s).
- If anyone in your household received SNAP benefits at any time during the past two years, provide a signed statement indicating receipt of such benefits.
- If anyone in your household paid child support to another household at any time during the tax year in question, provide a signed statement indicating the amount of child support paid, to whom it was paid and for whom it was paid.

**Custom Verification (V4)**

What is required?

- You must appear in person at one of the Student Affairs campus locations, present a valid government-issued photo ID and a signed statement of educational purpose (to be submitted in person upon your arrival on campus).
- If anyone in your household received SNAP benefits during the past two years, provide a signed statement indicating receipt of such benefits.
- If anyone in your household paid child support to another household during the tax year in question, provide a signed statement indicating the amount of child support paid, to whom it was paid and for whom it was paid.

**Aggregate Verification (V5)**

What is required?

- You must appear in person at one of the EGSC Student Affairs campus locations, present a valid government-issued photo ID and a signed statement of educational purpose.
• For tax filers, successfully utilize the IRS’s Data Retrieval Tool on the FAFSA (preferred option). Step-by-step instructions for using this tool are available by video (here) or you may choose to request a hard copy of your federal tax return transcript from the IRS website (here).
• For non-tax filers, provide a copy of W-2 statement(s) and non-tax filer statement from the IRS (if other than a dependent student).
• If anyone in your household received SNAP benefits at any time during the past two years, provide a signed statement indicating receipt of such benefits.
• If anyone in your household paid child support to another household at any time during the tax year in question, provide a signed statement indicating the amount of child support paid, to whom it was paid and for whom it was paid.

To avoid delays, all verification documents should be submitted immediately.

If the federal processor selects your application for verification, you do not have to wait for the Office of Financial Aid to request additional documentation from you. It is your responsibility to review your SAR, which will list the specific verification category you were selected for, to determine if you are selected and submit additional documentation to the Office of Financial Aid by the suggested priority deadline for the semester you are entering for that academic year.

If the EGSC Office of Financial Aid selects your application for verification, you will be informed that you have been selected and that additional documentation is required. Be sure to provide documentation by the deadline to avoid delays in crediting your financial aid to your student account.

Financial Aid Policies

1. The family is primarily responsible for helping students meet educational costs. Financial aid fills the gap between the student’s resources and educational expenses.
2. For selecting financial aid recipients, the college places primary emphasis on financial need, academic achievement, or future academic promise.
3. Students receiving financial aid must notify the Office of Financial Aid of any changes that may affect their financial aid eligibility (ex. Additional scholarships).
4. Students receiving financial aid who withdraw before completing the semester may be expected to repay a portion of their award. Refer to the Institution’s Return to Title IV Official and Unofficial Withdrawal Policy located on the page 29.
5. Students who have defaulted on a loan or owe a refund on a grant are ineligible to receive financial aid.
6. Students who expect to receive financial aid for the summer semester must complete the Office of Financial Aid application for summer aid.

Satisfactory Academic Progress Policy (SAP)

The complete policy regarding Satisfactory Academic Progress can be found on the President’s Policies and Procedures page (here).

Distribution of Financial Aid

Financial aid is disbursed proportionally according to the number of semesters enrolled during the academic year. First-time borrowers of a William D. Ford Federal Direct Loan Program will receive their first disbursement 30 days after classes begin.

Students employed in the student assistant program and Federal Work-Study Program are paid once every two weeks.

Financial Aid Programs

Financial aid is available from a variety of federal, state, institutional, and private sources and is awarded in the form of scholarships, loans, grants, employment, or a combination of these. Grants and scholarship awards usually do not have to be repaid. Most loans are repayable by students in monthly installments beginning 6 months after graduation or withdrawal from school, or drop below half-time enrollment.

Grants
Federal Supplement Educational Opportunity Grant (FSEOG): Federal Supplemental Educational Opportunity Grants are awarded to students with exceptional financial need. Eligible students who are enrolled at least half-time, maintain good academic standing and maintain SAP standards may receive FSEOG as funds are available.

Federal Pell Grant: The Federal Pell Grant Program is a federal aid program designed to provide financial assistance to those students with exceptional financial need as determined by the Expected Family contribution (EFC) reported on the Student Aid Report (SAR).

HOPE Scholarship: Helping Outstanding Pupils Educationally (HOPE) is funded by the Georgia Lottery for Education and is available to eligible 1993 or later Georgia high school graduates. Others are eligible to receive the HOPE Scholarship as a renewal of their HOPE award, or by having a 3.0 cumulative GPA at the 30th, 60th, or 90th attempted hour benchmark. Full time enrollment is not a requirement. The HOPE Scholarship will cover tuition, a portion of institutional fees and provide a book allowance each semester for those working on an undergraduate degree. Eligibility for entering freshmen is based on final high school core curriculum Grade Point Average (GPA) of 3.0 or better as determined by the Georgia Student Finance Commission (GSFC). Questions regarding the HOPE Scholarship Program should be directed to the Office of Financial Aid or the Scholarship and Grants Office at the Georgia Student Finance Commission. Further HOPE information can be accessed on-line at www.gafutures.org.

ZELL Miller Scholarship: Eligibility Requirements - incoming freshmen entering fall 2011 or later and graduating from high school with a GPA of 3.7 or higher as calculated by GSFC. And, students must receive a combined score of 1200 on the critical reading and math section on a single test administration of the SAT or received an ACT composite scale score of 26 on a single test administration. Incoming freshmen entering fall 2011 reported as Valedictorians and salutatorians to GSFC will be classified as Zell Miller Scholars regardless of GPA or test scores. Currently enrolled students must have meet the above requirements at the time of high school graduation and they must have a 3.3 college GPA at the 30th, 60th, or 90th checkpoint to qualify for the Zell Miller Scholarship starting fall 2011.

Loans

Beginning with the 2010-2011 academic year, East Georgia State College began participating in the William D. Ford Federal Direct Loan Program (Direct Loans): Direct Loans are low-interest loans for students and parents to assist with payment of a student’s educational costs. The lender is the U. S. Department of Education rather than a private bank or other financial institution.

The Direct Loan program offers three types of loans: Direct Subsidized and Unsubsidized Loans, and Direct PLUS loan (Parent Loan for Undergraduate Students). Direct Subsidized are low-interest; need-based loans for students enrolled at least half-time in an eligible institution. Subsidized means that the federal government will pay all interest on your loan until you begin repayment that starts six months after you graduate or cease to be enrolled at least half-time. Direct Unsubsidized Loans are not based on need. The program is open to all students who do not qualify for other Direct Subsidized Loans. You are responsible for all interest from the day the loan is made; however, the interest can be capitalized if requested.

Direct Parent Loan for Undergraduate Students (PLUS): A Direct PLUS Loan is a loan made to the parents of undergraduate students who are enrolled at least half time at an eligible institution. Eligibility is not based on need, but the parent is subject to a credit check. Parents may borrow up to the cost of education less any other financial aid awarded with repayment beginning within 60 days of loan disbursement.

For more information on types of student loans, please visit the Federal Student Aid website (here).

Federal Work-Study Program

Federal Work-Study is a federally funded program designed to help create jobs for students who have qualified for financial assistance and who need to work in order to attend college. To be eligible for Federal Work-Study a student must be enrolled in at least 6 credit hours and be in good academic standing. The jobs are located in various departments and offices on campus. Under present arrangements, students may work ten to nineteen hours per week during the regular academic semester until the awarded amount has been earned. Some students are eligible to work between semesters and during vacation periods.

Student Assistance Program

This program is financed entirely by the college. Students under the program generally work ten to nineteen hours a
week. Positions are available in most departments on campus. Financial need is not a major determinant of qualifying for work as a student assistant. To be eligible for Federal Work-Study a student must be enrolled in at least 6 credit hours and be in good academic standing. All employment at the college operates in compliance with Title IV of the Civil Rights Act of 1964.

**Leadership Scholarships**

Several civic clubs, organizations, and individual donors in the area served by East Georgia State College make awards for scholarship purposes to the college on a yearly basis. Scholarships from these funds are awarded to students on the basis of high school achievement, college academic promise, and positions of leadership held while a high school student. Students interested in applying for a leadership scholarship should complete the Leadership Scholarship Application that may be obtained from a high school counselor or from the Office of Financial Aid beginning January 1st. The application deadline is April 1st. Refer to the Office of Financial Aid webpage for additional details (here).

**Veterans Administration (VA) Benefits**

East Georgia State College actively encourages former service personnel, children of permanently disabled veterans, and war orphans to take full advantage of benefits available through the Montgomery GI Bill. Those persons eligible should apply for admission to East Georgia State College and complete the admission process. Certification of the enrollment must be made to the Department of Veterans Affairs by the VA Certifying Official after enrollment is verified. Students must submit a VA Enrollment Pre-Screen Form, Certificate of Eligibility/NOBE and a copy of the DD-214 (if applicable) in addition to other requested documents.

**Vocational Rehabilitation**

Through the Vocational Rehabilitation Services, a student with a physical disability may obtain grants-in-aid to cover tuition and possibly books and supplies. The State of Georgia provides the financial assistance for this program. Students who believe they may qualify for vocational rehabilitation services should contact: Georgia Department of Human Resources, Office of Rehabilitation Services, 47 Trinity Avenue SW, Atlanta, Georgia or call 1-800-869-1150.

**Return to Title IV Official Withdrawal Policy**

**NOTE:** This policy is applicable to all East Georgia State College (EGSC) students, regardless of their location in attending classes, who receive Federal Student Aid (FSA) at EGSC.

If a student who is an eligible recipient of FSA Title IV grant or loan funds withdraws from academic study after beginning attendance in scheduled credits, EGSC is required to determine the amount of Title IV grant or loan assistance earned by the student. If the amount disbursed to the student is greater than the amount the student earned, the amount of unearned funds must be returned. If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a Post-withdrawal disbursement of the earned aid that was not received. If a student does not receive all of the FSA Title IV funds during their attendance period, the student may be due a post-withdrawal disbursement. EGSC must get permission before disbursement can be made if the disbursement is from any of the eligible Federal Direct Loan program fund sources. The student has the right to decline part of or all of the loan funds to keep from incurring additional debt. EGSC may use all or a portion of the student’s post withdrawal disbursement of grant funds to pay for tuition, fees, and room and board.

In compliance with Federal Regulations relating to Student Assistance General Provision [34 CFR 668.22], EGSC must determine whether a return of Title IV federal funds is necessary when a student fails to attend or ceases to attend class and does not withdraw. This situation is referred to as an “unofficial withdrawal.” Please note that if a student never actually began attendance for the payment period or period of enrollment, the student is not eligible for Title IV funds, and adjustments to awards must be made.

**Official Withdrawal Policy**

When a student chooses to officially withdraw from EGSC, prior to the end of an academic term, they must first complete a “Withdrawal” form. The student should obtain this form from the Records Office or from the Records Office Webpage. This form must be completed and returned to the Records Office no later than the Last Day to Withdraw without Academic Penalty, which is noted on the academic calendar.

**Students Who Stop Attending Classes**

When a student stops attending classes but did not complete the official withdrawal process or provide notification of his
or her intent to withdraw or leave the school, the date of the institution’s determination that the student withdrew would be the date that the school becomes aware that the student stops attending classes. In these cases, students will receive all F’s at the end of the semester. The last date of attendance will be provided by faculty for courses the student failed to complete. In instances where there are multiple withdrawal dates, some before and some after the 60% point, it is the policy of EGSC to base the Title IV calculation on the maximum last date of attendance.

Return of Title IV (R2T4) Funds

If a student withdraws from EGSC, then the school, or the student, or both may be required to return some or all of the Title IV grant or loans funds awarded to the student for that semester. The federal government requires a return of Title IV federal aid that was received if the student withdrew on or before completing 60% of the semester. EGSC is required to complete a federal R2T4 calculation to determine if an adjustment should be made to a student’s Title IV aid if that student ceases enrollment after beginning attendance in at least one class. If completion of the semester can be confirmed for at least one class, a R2T4 calculation is not required and the student is deemed to have “earned” all funding for which they are eligible. This is called a Return of Funds calculation or R2T4. As a part of the Higher Education Amendments of 1998, Congress passed provisions governing what must happen to federal financial assistance if a student completely withdraws from school in any term. The policy governs all federal grant and loan programs including the Federal Pell Grant, Academic Competitiveness Grant, Federal Supplemental Educational Opportunity Grant, Federal Perkins Loan, Federal Subsidized and Unsubsidized Stafford Loan, The Federal PLUS Loan and any new programs introduced in the future. The Return of Title IV Policy does not affect the Federal Work-Study Program.

In general, the law assumes that a student “earns” federal financial aid awards directly in proportion to the number of days of the term the student attends. A student “earns” financial aid in proportion to the time s/he is enrolled up to the 60% point. The percentage of federal aid to be returned (unearned aid) is equal to the number of calendar days remaining in the semester when the withdrawal takes place divided by the total number of calendar days in the semester. If a student was enrolled for 20% of the semester before completely withdrawing, 80% of federal financial aid must be returned to the aid programs. If a student stays through 50% of the semester, 50% of federal financial aid must be returned. The portion of federal grants and loans a student is entitled to receive is calculated on a percentage basis by comparing the total number of days in the term to the number of days completed before the student withdrew or stopped attending. For a student who withdraws after the 60% point-in-time, there is no unearned aid. However, a school must still complete a Return calculation in order to determine whether the student is eligible for a post-withdrawal disbursement.

**Academic Policy and Procedures**

**The Academic Year**

The academic year is divided into three standard terms of instruction that includes two semesters of approximately 15 weeks each and a shorter summer semester. Academic calendars for each semester are available on the College’s main webpage. Students may enter East Georgia State College at the beginning of any semester, including the *summer semester.

*Summer Maymester enrollment is only a consideration for those students who are considered to be continuing their attendance at East Georgia State College. This option is not available for students whose high school graduation date is after Maymester begins. Any student who graduates in May will be able to attend the regular summer semester that begins in June.*

**Student Email Account**

EGSC assigns each attending college student an email account (Cat Mail) which both the student and the school will use as the official form of communication when sending communication to each other. Students are expected to check their Cat Mail Account on a daily basis to stay informed about important messages from various departments on campus including but not limited to the Business Office, Registrar’s Office, Admissions Office, Financial Aid Office and Student Life.

**Academic Credit Units**

The unit of credit is the semester hour. A semester hour of credit represents 750 minutes of instructional class time, which generally consists of one 50-minute class per week for 15 weeks. Two hours of laboratory or physical education work per week are considered the equivalent of one semester hour credit. For example, a course offering 3 hours of
semester credit would need to meet for a total of 2250 minutes during the semester. To do this, the course must meet 3 times a week, for 15 weeks, 50 minutes each class meeting or twice a week, for 15 weeks, 75 minutes each class meeting.

**Student Classifications**

Classification is based on the number of cumulative degree credit hours earned by the student. Institutional credit and Learning Support courses are examples of courses that do not count toward a student’s classification. The breakdown by classification is as follows:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0-29 hours</td>
</tr>
<tr>
<td>Sophomore</td>
<td>30-59 hours</td>
</tr>
<tr>
<td>Junior</td>
<td>60-89 hours</td>
</tr>
<tr>
<td>Senior</td>
<td>90+ hours</td>
</tr>
</tbody>
</table>

**Course Load**

Twelve to seventeen hours is considered a normal course load. Students who enroll for twelve or more hours are considered full-time students. A minimum of twelve credit hours is considered full-time for fall, spring and summer semesters. Students who wish to take more than seventeen hours and who have demonstrated exceptional academic achievement may apply for approval of an overload to the Vice President for Academic and Student Affairs. A form for this purpose must be submitted and approval granted prior to the completion of the registration process. Approval requires the signature of the student's academic advisor, the Vice President for Academic and Student Affairs, and the Registrar.

*NOTE: Students should be conscious of their academic course load. If a student chooses to register for only 12 hours a semester, it will require 6 semesters to complete an A.S. or A.A. degree, which at East Georgia State College requires 64-65 hours. Excluding summer semester, those 6 semesters will require 3 years to complete.*

**Academic Advisement**

Academic advisement is required at East Georgia State College. An academic advisor is assigned to each student upon admission or readmission to East Georgia State College. Advisor assignment is based upon a student's declaration of degree, as well as the campus location that the student is accepted to attend. Each advisor will provide guidance in planning and monitoring the student's progress toward a degree. While this guidance is very important, ultimately each student is responsible for knowing and completing all degree requirements as outlined in this catalog.

Students should obtain a copy of the degree checklist with assistance from their advisors and maintain record of each course taken and the grade earned. Students should consult with their advisors for advice on course sequences and develop a long-term plan that will lead to graduation in a timely manner. Career plans should be discussed honestly and openly with each academic advisor and input sought for any problem (academic or nonacademic) encountered.

If the advisor is unable to help the student, the advisor will direct the student to an appropriate source of help. Recent literature indicates that the strongest correlation for student success in college is a good relationship with an academic advisor. Newly-admitted students should meet with their advisors as soon as possible to simply get acquainted. Students should openly discuss their interests and future plans and let their advisors know that they are serious about their education. This early visit will make it easier for the student to seek an advisor's help in the future. With any problem, students should go to their advisor first.

**Registration Procedures**

Continuing enrolled or returning former students may create their class schedule for upcoming semesters during an open registration event prior to the start of a semester. Since academic advisement is required at East Georgia State College, work with your advisor to develop your current and long-range academic plan toward graduation. Registration dates are published at least a year in advance and can be found on the Academic Calendar (here).

*Former students* returning to EGSC after an absence of two or more semesters must apply for readmission using the EGSC Admissions Application (here) and indicate they are a former student. Applicants seeking Financial Aid will need to complete the Free Application for Federal Student Aid listing (FAFSA) listing East Georgia State College on the application (Federal School Code -- 010997) by the financial aid deadline for the anticipated term of enrollment. If returning students have attended other institutions during their absence from EGCS, they **must** provide an official college transcript(s) from each college, university or technical school attended. Applicants must be eligible to return to the institution they last attended and applicants must be in good academic standing.
New students to EGSC refer to the Admissions Office website (here) for the admission process.

Transient Student Permission

Please refer to the institution’s policy for transient student permission policy posted on the President’s Policies and Procedures webpage (here).

Class Attendance

Courses at East Georgia State College are provided for the intellectual growth and development of students. To attain maximum success, students should begin by attending the first day of class and attend regularly and are expected to attend all scheduled course activities including, but not limited to, field trips, seminars, study sessions, individual conferences, and lectures. Regular and punctual attendance at all classes is the student's responsibility. Students are expected to account for absences to each instructor and, at the discretion of the instructor, to make up all work missed because of the absence.

Final approval for any class absence remains with the individual instructor. At the beginning of each semester, instructors will clearly explain to each of their classes’ specific attendance requirements. The general attendance policy at East Georgia State College is that after the equivalent of one week of absences, regardless of cause, instructors may penalize the student. The “one-week equivalent” means three absences in a three-hour credit course that meets three times a week during a fifteen-week semester; however, the “equivalent week” will vary depending on the class meeting schedule and the length of the term. A student penalized for excessive absences may appeal to a board of review appointed by the Academic Policies and Curriculum Committee.

Drop and Withdrawal Policy

EGSC distinguishes between:

- **drop** of a course(s) during the Drop/Add (schedule adjustment) period (course removed from the student's schedule);
- **withdrawal** from a course(s) after the Drop/Add period (schedule adjustment) period but **before** the Last Day to Withdraw Without Academic Penalty (W);
- **withdrawal** from a course(s) after the Drop/Add (schedule adjustment) period and **after** the Last Day to Withdraw Without Academic Penalty (WF);
- **withdrawal from all courses due to military orders (WM); and**
- **hardship withdrawal** from all courses after the Drop/Add period (schedule adjustment period) and after the Last Day to Withdraw Without Academic Penalty (“W”).

The policies and procedures that apply to each of these actions are described below, but it is important to note that students must remain continuously enrolled in the particular courses described below until the requirements set forth by the USG Board of Regents and EGSC policy are met.

Courses in Which the Student Must Remain Continuously Enrolled Until Requirements Are Met

Students should note that dropping and/or withdrawing from the courses described below may adversely affect degree progress and enrollment in other courses may not be allowed until these requirements are met. These courses are required for future progress and success. The student must be continually enrolled in these courses until they are successfully completed.

A. **Learning Support Courses**

In accordance with the policies of the University System of Georgia Board of Regents Academic and Student Affairs Handbook section 2.9.1, students in need of Learning Support courses

- [must be continuously enrolled in these courses in order to enroll for other courses.](#)
  - Students who withdraw from the Learning Support course(s) in English and Math must withdraw from the credit-bearing co-requisite ENGL and MATH course(s) as well and will be required to register for both courses again during the next available term(s) until requirements are met;
  - Students who attempt to drop a learning support course during the Drop/Add schedule adjustment period will not be allowed to complete registration until they select the learning support course(s) and credit-bearing co-requisite course(s) they are required to take.
• who accumulate 30 credits of course work without exiting Learning Support will not be allowed to register for any other courses until Learning Support Requirements are met.

B. Required High School Curriculum (RHSC) Deficiencies

In accordance with the policies of the University System of Georgia Board of Regents Academic and Student Affairs Handbook section 3.2.6, students who are admitted to EGSC with RHSC deficiencies must take courses to meet these deficiencies within the first 30 hours of their coursework at EGSC. Students who reach 30 credits without completing RHSC deficiencies will not be allowed to register for other courses until the deficiencies are met.

C. Critical Thinking and Academic Success Course (Area B CATS 1101)

The EGSC catalog and other policy statements require registration for CATS during the first term of course work and continuous registration in CATS until the requirement is met. Students who:
• attempt to drop the CATS course during the Drop/Add (schedule adjustment period) will not be permitted to complete their registration until they enroll for a section of CATS.
• withdraw from the CATS course will have to register for the course in the next available term and thereafter until course requirements are met.

Dropping a Course(s) during the Drop/Add (Schedule Adjustment) Period

Definition

A “drop” at EGSC refers to a student’s removal of a class from his or her schedule during the period from registration through the end of the Drop/Add (schedule adjustment) period.

The Drop/Add (schedule adjustment) period occurs from the beginning of registration for a particular term through the end of the first three days of the term, defined as including the official first day of the term through the third day of the term, regardless of the days on which the student’s classes meet. See the academic calendar for exact dates for each term.

What is the result of Dropping a Course(s)?

Dropping a course will remove the course from the student’s schedule without academic penalty. Nothing will show on the student’s transcript.

Procedures to Initiate and Complete a Drop

1. Meet with the Advisor Prior to Initiating a Drop

Students should check with their advisors about the impact of dropping a course on their degree program progress and their financial aid to ensure that they are making Satisfactory Academic Progress.

Note: Athletes must obtain the signature of the Director of Athletic Advisement prior to submitting the Schedule Adjustment Form to the Registrar’s Office.

2. Meet with Student Financial Aid Counselors Prior to Initiating a Drop

It is important to realize that modifications to the schedule may impact financial aid eligibility.

3. Students who are classified as military students must consult with and report any changes to the degree, major and/or transfer pathway or enrollment (drop/add/withdrawals) to the VA Certifying Official, Georgia T. Mathews.
   a. Students must present official documentation of the call to active duty.

4. Complete the Schedule Adjustment Form and Submit it to the Registrar

Students may choose to drop one or more courses or all of their courses prior to the first day of the term and/or the end of the Drop/Add period by completing the Schedule Adjustment Form (here) and selecting the option to indicate they do not wish to attend the upcoming semester. The form must be submitted to the Registrar and/or documents@ega.edu.

Non-Attendance Does Not Result in Dropping a Course(s)
A student who simply stops attending class without following the official procedure described above to officially drop a course(s) will receive an “F” in the course. The course and the grade will remain on the transcript.

Refunds
If the student has made a payment for tuition and fees, a 100% refund for the course(s) dropped will be issued.

Withdrawals

Definition

A “withdrawal” at EGSC refers to an attempt to exit a course after the end of the Drop/Add (schedule adjustment) period. Withdrawals result in a grade of “W,” “WM” or “WF,” depending on the date that the withdrawal request is submitted to the registrar. A withdrawal may be for one or more courses or for all courses in which one is enrolled.

A. Withdrawals from a Course(s)

What is the Grade Given for Withdrawing From a Course(s) On or Before the Last Day to Withdraw Without Academic Penalty?

Students who withdraw after the registration and Drop/Add (schedule adjustment) period ends but before the Last Day to Withdraw Without Academic Penalty (see Academic Calendar for the exact dates) will receive a grade of “W” in all courses in which they are enrolled and for which they request a withdrawal. “W” indicates a withdrawal with no penalty.

• The “W” does not count in the GPA
• The “W” will appear on the transcript

What is the Grade Given for a Withdrawal From a Course(s) After the Last Day to Withdraw Without Academic Penalty?

Students who withdraw from a course(s) after the Last Day to Withdraw Without Academic Penalty (see the Academic Calendar for the exact dates) will receive grade of “WF” in courses for which they request a withdrawal. “WF” indicates a withdrawal with penalty. The student is assigned an “F” for the course(s).

• The “WF” counts in the GPA as an “F.”
• The “WF” will appear on the transcript.

What is the grade given for a withdrawal due to receipt of emergency orders to active duty in the military?

Students who receive emergency orders to active duty in the military receive a WM. Students who receive a Military Withdrawal are withdrawn as of the first day of classes.

• The student will receive “WM” grades for all courses for which he/she registered.
• A “WM” appears on the transcript.
• A grade of WM entails no penalties that would ordinarily apply for federal or state aid. For example, the student does not have to pay back money already spent for books and fees, and a WM does not count against attempted hours for HOPE.

Non-Attendance Does Not Initiate or Complete a Withdrawal

Important Note: Merely informing an instructor that the student will not return to the course does not constitute a formal withdrawal from a course. As well, failure to attend the course does not initiate or complete a formal withdrawal. Students must complete the Schedule Adjustment Form and follow the approved withdrawal procedure described below and found on the registrar’s web page to ensure that they are officially withdrawn from the course. Simply abandoning a course(s) through failure to attend classes and/or complete course requirements will result in a grade of ‘F’ being assigned by the instructor.

Procedure to Withdraw from a Course(s)

Students who wish to withdraw from one or more courses should:

• Complete a Schedule Adjustment Form. Indicate on the form from which course(s) the student wishes to withdraw, the date of the request, and whether the withdrawal is due to emergency orders to active military duty.
  o The Schedule Adjustment Form can be found at the front desk of the Enrollment Management office located in the JAM on the Swainsboro campus; or at the Statesboro front desk on the EGSC-Statesboro
• Complete the following steps:
  • Consult with their academic advisor to understand the impact of the withdrawal on their academic progress towards their degree.
    a. Athletes must meet with the Director of Athletic Advisement before proceeding further.
      i. Obtain the Director of Athletic Advisement's signature on the Schedule Adjustment Form, if applicable.
  • Consult with the Student Affairs Financial Aid Counselor for students who receive financial aid to discuss the impact of a ‘W’ or “WF” grade on their record and understand the consequences of how a final grade of ‘W’ and/or “WF” may impact their financial aid and satisfactory academic progress.
    a. Obtain the signature of a Financial Aid Counselor, if applicable.
  • Consult with the Director of Housing, if the student lives in EGSC Housing, to understand the impact of the withdrawal on the student's housing agreement.
    a. Obtain the signature of the Director of Housing, if applicable.
  • Students who are classified as military students must consult with and report any changes to the degree, major and/or transfer pathway or enrollment (drop/add/withdrawals) to the VA Certifying Official, Georgia T. Mathews.
    a. Students must present official documentation of the call to active duty.
  • Consult with the instructor(s) and get the instructor's permission to withdraw from the course.
  • Obtain the instructor's signature for each class from which the student requests a withdrawal. The student must arrange to meet with their instructor to sign-off on the form indicating their approval of the withdrawal.
    a. If the course is an online course and the student is unable to meet with the instructor on campus, then the student must contact the instructor and request an email from the instructor indicating that they agree to sign-off on the form.
  • Submit the Schedule Adjustment Form to the Registrar's Office by the close of business on the Last Day to Withdraw Without Academic Penalty in order to receive a “W”; withdrawals submitted after the Last Day to Withdraw Without Academic Penalty will result in a grade of “WF.” Withdrawal for emergency orders to active military service will receive a “WM.” The form can be submitted in one of three ways:
    ▪ email to documents@ega.edu for processing;
    ▪ turn into the Office of Enrollment Management (Swainsboro) at the front desk in the JAM;
    ▪ turn into the front desks at the EGSC-Statesboro & EGSC-Augusta campuses and/or documents@ega.edu.

Refunds
Any refund due to the student, other than a student withdrawing due to military orders, will be based on a percentage of term attendance calculated by the Business Office. Please contact the Business Office for more detailed information concerning refund percentages. Generally, there will be no refunds given for withdrawal requests submitted after the Last Day to Withdraw Without Academic Penalty, except for military students called to active duty.

Refunds for Students Who Withdraw Due to Emergency Orders to Active Service
Students must officially withdraw and present orders to qualify for refunds of tuition and fees. In accordance with USG BOR Policy manual section 7.3.5.3 and subject to institutional policies, full refunds of tuition and mandatory fees and pro rata refunds of elective fees are hereby authorized for students who are:

1. Military reservists (including members of the National Guard) who, after having enrolled in a USG institution and paid tuition and fees, receive orders to active duty or are reassigned for temporary duty or mandatory training that prevents completion of the term; (BoR Minutes, June 2011)
2. Commissioned officers of the United States Public Health Service Commissioned Corps (PHSCC) who receive deployment orders in response to a public health crisis or national emergency after having enrolled in a USG institution and paid tuition and fees; (BoR Minutes, February 2010)
3. Active duty military personnel who, after having enrolled in a USG institution and paid fees, receive reassignment or a temporary duty assignment or a training assignment that would prevent completion of the term; (BoR Minutes, June 2011) or,
4. Otherwise unusually and detrimentally affected by the activation of members of the reserve components or the deployment of active duty personnel of the Armed Forces of the United States who demonstrate a need for exceptional equitable relief. (BoR Minutes, June 2011)

In accordance with the USG BOR Academic and Student Affairs Handbook section 2.5.2,
- A grade of WM entails no penalties that would ordinarily apply for federal or state aid. For example, the student does not have to pay back money already spent for books and fees, and a WM does not count against attempted hours for HOPE.
- Requests for exceptional relief (as specified above under (4), are made directly to the president of the institution. The president will make a determination on each request expeditiously. Such requests must be made at the time of the withdrawal petition.

### Hardship Withdrawals

**Definition**

A Hardship Withdrawal refers to a withdrawal from all courses after the official Last Day to Withdraw Without Academic Penalty. A hardship withdrawal is intended for the student who has experienced an acute, traumatic event that prevents him/her from completing the semester after the official Last Day to Withdraw Without Academic Penalty has passed. That same event also makes it impossible for the student to take an Incomplete and finish the work the next semester. The Hardship Withdrawal is based on unusual or emergency circumstances that are non-academic in nature and beyond the student’s control. A Hardship Withdrawal is not available as a remedy to address academic difficulties.

A Hardship Withdrawal Request is granted only when the special non-academic circumstances beyond the control of a student described above can be thoroughly documented.

**What is the Grade Given For a Hardship Withdrawal?**

A Hardship Withdrawal results in a withdrawal from all classes and results in a grade of “W”.
- A hardship withdrawal does not remove courses from the academic record.
- A grade of “W” does not impact the GPA, but may impact the student's Satisfactory Academic Progress (SAP) and, hence, their eligibility for continued financial aid.

**What Circumstances May Qualify a Student for a Hardship Withdrawal?**

Non-Academic emergency circumstances that may qualify a student for a Hardship Withdrawal include:

- **Physical**
  Examples include bodily injury or invasive surgery resulting in prolonged absences from class, or unexpected physical disability preventing completion of course work. Necessary documentation to support such claims must include a licensed physician's report, including name, address, phone, documentation of the nature of illness and/or accidents, dates of treatment, prognosis, and recommendation in the form of a signed licensed physician’s letter indicating whether the student is or is not able to continue in their courses.

- **Psychological**
  Examples include extreme mental duress suffered from traumatic experiences of such a severity and frequency as to prevent completion of course work. Necessary documentation to support such claims must include documentation from any licensed physician, psychiatrist, or counselor treating the student that includes dates of treatment and a clear recommendation of whether the student is able or not to continue their coursework.

- **Personal**
  Examples include a significant change in financial status, such as through loss of job, or personal tragedy, such as the death of a loved one or domestic disruptions, to such a degree as to prevent completion of coursework. Necessary documentation to support such claims might include copies of divorce papers, papers related to employment and/or unemployment status, police reports, obituaries, or other pertinent documents that are verified.

**Invalid Reasons for Requesting a Hardship Withdrawal**

Hardship Withdrawal Requests are strictly granted for non-academic reasons beyond the student’s control. Often students experience academic difficulties of various kinds. These are considered invalid reasons for a Hardship Withdrawal Request. A request based on any of these reasons will not be approved. Examples of invalid reasons for initiating a Hardship Withdrawal Request include but are not limited to:

1. Poor performance in one or more courses.
2. Registration for the wrong course.
3. Preference for a different professor or class section.
4. Failure to drop course during the drop/add period.
5. Failure to withdraw by the published deadline using normal procedures.
Hardship Withdrawal Requests will not be approved if the student has completed all course requirements such as a final examination and/or a final project.

**Can A Student Request a Hardship Withdrawal From Some But Not All Courses?**

Hardship Withdrawal Requests are generally approved only for withdrawal from all courses.

Exceptions to the requirement that a Hardship Withdrawal Request result in a withdrawal from all courses may be made by the Vice President for Academic and Student Affairs for extreme non-academic circumstances that impact some but not all courses. For example, a student who is passing a fitness walking class may acquire injuries that prevent walking. While the student cannot complete the fitness walking class, the injuries may not prevent completion of the requirements for other courses. Thus, a student might be allowed to withdraw from the fitness walking class on the basis of a documented physical hardship but allowed to complete other courses being taken concurrently.

**Deadline for Hardship Withdrawal Request**

Hardship Withdrawal Requests must be received prior to the last day of class for the term in question. Please see the academic calendar for specific dates. A student who knows that they are in such extreme circumstances that they cannot complete the term should file the Hardship Withdrawal Petition as soon as possible prior to the end of classes for the term in question.

**Procedure for Initiating a Hardship Withdrawal Request**

*For the Student to Complete*

- Consult, where and when possible, with the academic advisor and instructors to understand the impact of the hardship withdrawal on their academic progress and to ensure that there are no other options, such as an “incomplete” available. Students who are near the end of the term might be better advised to seek an “incomplete.”
- Consult, where and when possible, with the Student Affairs financial aid counselor prior to initiating a hardship withdrawal to ensure that SAP and financial aid eligibility is not impacted.
- If a resident student, consult with the Director of Housing to understand the impact of the hardship withdrawal on the student’s current and future semester’s housing obligations. A hardship withdrawal granted under this policy may result in a waiver of housing cancellation fees.
- File the Hardship Withdrawal petition on a timely basis. This should be done as soon as possible after the student becomes aware that they are unable to continue due to non-academic reasons beyond their control.
  - Students who know prior to the Last Day to Drop Without Academic Penalty that they have a hardship that may prevent continuing progress in classes are best advised to follow the procedures above to withdraw from one or more of their courses.
  - Students who file for Hardship Withdrawal after the Last Day to Withdraw Without Academic Penalty must document continuing hardship circumstances in the period after the Last Day to Withdraw Without Academic Penalty in order to qualify for consideration.
- Complete the "Request for Hardship Withdrawal" form found on the Registrar's Website (here).
- Submit the request and all supporting documentation to the Office of the Vice President for Academic and Student Affairs via the electronic submission area of the Registrar’s Website, found here and/or documents@ega.edu.

*For the College to Complete*

- Consultation between the VPASA and other personnel, which may include but not be limited to the Office of Counseling and Disability Services, the registrar, and the deans of the academic schools. The VPASA may choose, together with others consulted, to interview the student.
- Determination by the VPASA as to whether to approve or not the petition.
- Transmission by VPASA of the original records of the Hardship Withdrawal Petition to the Registrar’s office.
- Communication of the decision by the VPASA to the registrar and the student within five days of receipt of the request.

**Refunds**

Students who are granted a hardship withdrawal do not receive refunds of expenditures for the semester for which the hardship was requested/approved.
Appeals

The student may appeal the decision to the College President within five days of the student’s receipt of the VPASA’s decision. Appeals may only be made on the following basis:

- Claims that stated procedures described above were not followed;
- Claims that policies described above were not properly applied and/or followed.
- The appeal is a review of the record only and is not a hearing. No new documentation may be submitted, and all documents previously submitted must be sent along with the appeal. The appeal will be granted only if the president finds there is no substantial evidence in the record to support the finding by the VPASA that non-emergency circumstances qualifying a student for Hardship Withdrawal as defined in the policy do not exist.

Students should use the form “appeal of hardship withdrawal decision” found on the Registrar’s Website and submit it to the College President via email or in hard copy form to the receptionist in the president’s office. The President will render a decision on the appeal within 10 days of receipt of the appeal request and will notify the student of the decision. This is the final institutional decision. The student may apply for discretionary review of the decision to the University System of Georgia Office of Legal Affairs within 20 days of receipt of the President’s decision: www.usg.edu/policy manual.

Academic Honesty

The Institution has an established policy regarding Academic Honesty and it can be found on the President’s Policies and Procedures webpage (here).

Declaration: Change of EGSC-Location (Swainsboro, Statesboro or Augusta)

At the time students apply to East Georgia State College, they will indicate on the admission application the location they plan to attend (Swainsboro, Statesboro or Augusta). The location along with the number of credit hours students enroll in will determine their cost of tuition and fees for any semester. Fees assessed to Statesboro or Augusta students remain higher over students attending in Swainsboro due to additional fees assessed by Georgia Southern University and Augusta University.

If students wish to change from their original or latest assigned location, they must complete and return the “Declaration: Change Location” form for processing at documents@ega.edu. Approval is required by the Financial Aid and Records Office. The form must be received two-weeks prior to the start of the semester or two weeks prior to open registration events for an upcoming semester in which the student wishes to execute the change. A declaration form is usually reviewed once during an academic aid year, which runs from fall semester through summer semester. The Financial Aid Office will access the student’s request; determine if there is sufficient aid to accommodate the change; and notify them if it will present a problem. Students deciding to request another change at the start of the next academic aid year, you must complete a new request a new form.

Tests and Examinations

Students are expected to be present for all announced examinations. Make-up examinations may be given, when in the instructor’s judgment, the absence was caused by personal illness or other circumstances beyond the control of the student. A student will not be permitted to take a final examination at a time other than the regularly scheduled dates unless extraordinary circumstances suggest a departure from this schedule to be recommended by the instructor and approved by the Vice President for Academic and Student Affairs.

Grading System

Academic standing is determined by the student's grade point average at the end of each semester. The grade point average is computed by equating letter grades to the following numerical code:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Description</th>
<th>Equals</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>=</td>
<td>4 points</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>=</td>
<td>3 points</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
<td>=</td>
<td>2 points</td>
</tr>
<tr>
<td>D</td>
<td>Passing</td>
<td>=</td>
<td>1 point</td>
</tr>
</tbody>
</table>
Each point represents a quality point earned per semester credit hour. Quality points are determined by multiplying the number of semester credit hours listed for the course by the number of points awarded for the grade earned in the course.

The following symbols are used as indicated, but are not included in the determination of the grade point average:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>Indicates that course work numbered 1000 and above was completed satisfactory; but for non-academic reasons beyond the student's control, the student was unable to meet the full requirements of the course. The instructor for the course may issue the student an Incomplete grade (‘I’) and the student must fulfill the remaining assignment by the end of the next semester of enrollment to remove the ‘I’. Without regard to enrollment, an ‘I’ must be removed within one calendar year. If the faculty instructor has not submitted a Grade Change Form for the course, the Records Office will replace the Incomplete Grade with a Grade of ‘F’ and recalculate the student’s GPA.</td>
</tr>
<tr>
<td>W</td>
<td>Indicates a withdrawal without penalty. Grades of ‘W’ are posted to the course if the student officially withdraws on or before the Last Day to Withdraw without Academic Penalty. ‘W’ grades do not count as an attempt in a Learning Support course. ‘W’s do, however, count in attempted hour calculations for the purposes of Financial Aid.</td>
</tr>
<tr>
<td>WF</td>
<td>Indicates a withdrawal with penalty. Withdrawals received after the Last Day to Withdraw Without Academic Penalty are posted to the course with a grade of ‘WF’ (withdraw failing) and are calculated in the GPA as ‘F’ grades. Withdrawal requests received after the Last Day to Withdraw without Academic Penalty related to a hardship may be considered by the Vice President for Academic and Student Affairs, if there is adequate supportive documentation for extenuating circumstances. See the Drop/Add and Withdrawal Policy here.</td>
</tr>
<tr>
<td>WM</td>
<td>Indicates that the student received emergency orders to active duty in the military and withdrew from all classes. Students who receive a Military Withdrawal are withdrawn as of the first day of classes. A 100% refund is issued to the student or whoever has paid the student’s tuition. The student will receive &quot;W&quot; grades for all courses that he/she registered for and all hours are counted as attempted on the student’s record.</td>
</tr>
<tr>
<td>NR</td>
<td>Indicates that no grade has been reported for the course. The student should contact the course instructor.</td>
</tr>
<tr>
<td>V</td>
<td>Indicates that a student was given permission to audit the course. Students may not change from audit to credit status or from credit to audit after the first day of classes.</td>
</tr>
<tr>
<td>K</td>
<td>Indicates that a student was given credit for the course via a credit-by-examination program approved by the faculty (CLEP, AP, Proficiency, etc.).</td>
</tr>
<tr>
<td>IP</td>
<td>Indicates that, for a course designed to extend over more than one semester, the student did not satisfactorily complete requirements for the course. At East Georgia State College, Learning Support courses would be an example. These courses may require more than one semester to satisfactorily complete requirements and exit the course.</td>
</tr>
<tr>
<td>S, U</td>
<td>S is for satisfactory and U is for unsatisfactory.</td>
</tr>
</tbody>
</table>

**Grade Point Average**

The grade point average (GPA) is the numerical average computed by dividing total quality points by total credit hours attempted in a semester. In calculating grade point averages, the student should be aware that grade points are awarded for each hour earned. In other words, a three-hour course in which a student earned an ‘A’ grade would total 12 quality points (3 hours multiplied times 4 quality points =12) Semester and cumulative GPAs are not rounded up. See example below:
Equivalent | Accepted | Points
---|---|---
A | 4 | X | 3 | = 12.00
B | 3 | X | 3 | = 9.00
C | 2 | X | 3 | = 6.00
D | 1 | X | 3 | = 3.00
F or WF | 0 | X | 3 | = 0.00
Total | 15 | 30.00 | 2.00

**NOTE: Learning Support coursework is not computed in the GPA.**

Academic Progress

A following system of academic warning, probation, and dismissal is designed to inform students that their academic performance is unsatisfactory.

- If, after attempting 1-17 semester credit hours, a student's cumulative GPA falls below 2.0, the student is placed on Academic Warning (AW).
- If, after attempting more than seventeen credit hours, the student's cumulative GPA falls below 2.0, the student is placed on Academic Probation (P1).
- The student must then make at least a 2.0 term GPA during the next and any subsequent semester until the cumulative GPA is 2.0 or more, or the student will be placed on Academic Exclusion for one semester (AQ).
- **Upon** return, the student's readmission status is Continued Probation (P2) until the student achieves a cumulative GPA of 2.0 or greater.
- Failure to earn a term 2.0 GPA in any semester while on Continued Probation will result in the student being placed on Academic Exclusion for one year (AY).

Final Grades

Faculty will report student final grades to the Registrar’s Office by the end of the final exams week. Grade information including a student’s academic standing will be available to students at the end of each semester. Students are expected to actively use their BannerWeb Account to access their grades through their myEGSC portal. New and returning students receive login credentials to their Cat Mail account at the start of the students’ first semester.

Dean’s List (Honor or Merit)

1. A student with a semester grade point average of 3.5 or higher in 15 or more hours of course work will be placed on the Dean's Honor List for that semester.
2. A student with a semester average of 3.5 or higher in at least 12 semester hours, but less than 15 semester hours of course work, will be placed on the Dean's Merit List.
3. Institutional credit hours do not count for the purposes of the Dean's Honor or Merit List. Only degree credit is used in these calculations.

Learning Support Policies and Procedures

USG access institutions must offer a learning support program which will include co-requisite options in learning support English and Mathematics. Students required to take co-requisite learning support courses must complete all learning support requirements within their first 30 credit hours. All current and returning EGSC students are subject to the current learning support policies.

1. Students who test into all three areas of learning support (reading, English (writing), and mathematics) will not be admitted.
2. East Georgia State College has a limited number of Presidential Exceptions available to students who show high potential of completing learning support classes. These exceptions will be reserved for those students who show significant improvement upon Accuplacer retesting. The exceptions will also be used for those students who take advantage of special programs designed to improve placement exam scores and who show significant improvement in retesting scores.
3. Students must submit SAT scores (≥24 Reading / ≥25.5 Mathematics), ACT (17 English/17 Math) or be placed in co-requisite courses (A score of ≥20 on the ACT for Math is required to exempt co-requisite learning support courses for MATH 1111). Those wishing to exempt the co-requisite learning support courses may also take a placement-exam in the areas of Writeplacer, Reading Comprehension, and Elementary Algebra before gaining admission and registration. These exams are given 8:00am – 3:00 pm, Monday – Friday, excluding holidays on the Swainsboro campus. Students must contact EGSC – Augusta or EGSC – Statesboro to schedule testing. Any student who has successfully completed a learning support course in English and/or reading as part of a program of English as a second language will not be required to take a placement exam in English and/or reading.

2. Learning support attempts are cumulative across University System institutions. Students placed in the co-requisite learning support option are not be limited in the number of attempts to exit the credit-bearing course and its co-requisite learning support course, but must be continuously enrolled in these courses until they successfully complete the co-requisite courses to exit learning support and must complete all learning support requirements within the first 30 credits of course work.

3. A student placed in the co-requisite option in English and/or Math will take ENGL 1101 and its accompanying co-requisite, ENGL 0999, and/or MATH 1111 and its accompanying co-requisite, MATH 0999, MATH 1001 and its accompanying co-requisite MATH 0997, or MATH 1101 and its accompanying co-requisite MATH 0998.

4. Students who do not complete all learning support requirements within their first 30 credits of course work will not be able to enroll for additional courses until all learning support co-requisite requirements are completed.

5. Returning and readmitted students who have learning support requirements are subject to the policies contained in this catalog. Students returning from academic suspension will follow the current learning support co-requisite policies.

Learning Support Policy for Transferring/Returning Students

Please refer to the institution’s Learning Support Policy for Transferring/Returning students (here) on the President’s Policy and Procedure webpage.

Registration and Learning Support Coursework

All students must exit or exempt Learning Support English and/or Learning Support Mathematics to take credit-bearing courses for which learning support courses are a pre-requisite. In order to exit learning support, the student must complete or exempt the co-requisite option in the appropriate area of learning support.

The East Georgia State College courses open to learning support students are listed below:

<table>

TABLE 4
Students placed in ENGL 0999 are allowed to take any course listed on Table 1, HLTH 2051 and all Math or Science courses.

Accuplacer Exam Information

Incoming students who have not provided test scores but who wish to exempt learning support co-requisite requirements, and who have not yet attended any courses have an opportunity to take the Accuplacer placement exam in one or more areas. There is a charge to retake the exam, no matter how many areas of the exam are retaken. Transfer students who were placed in learning support co-requisite courses are not eligible to retake the exam unless it has been one year since they last attended any institution. Students are permitted to take the placement exam up to four times, inclusive of attempts at another institution.

Students who successfully complete the co-requisite courses in English and Math with a grade of ‘C’ or better are eligible to exit Learning Support.

Learning Support Grading

ENGL 0999: Grades of A, B, or C in ENGL 1101 indicate that a student successfully completed requirements for this course. Students who do not successfully complete the requirements for ENGL1101, by make a D or an F will receive a grade of IP for ENGL 0999 and must re-enroll in ENGL 0999 and ENGL 1101 the following semester.

MATH 0997: Grades of A, B, or C in MATH 1001 indicate that a student successfully completed requirements for this course. Student who do not successfully complete the requirements for MATH 1001, by make a D or an F will receive a grade of IP for MATH 0997 and must re-enroll in MATH 0997 and MATH 1001 the following semester.

MATH 0999: Grades of A, B, or C in MATH 1111 indicate that a student successfully completed requirements for this course. Students who do not successfully complete the requirements for MATH 1111, by making a D or an F will receive a grade of IP for MATH 0999 and must re-enroll in MATH 0999 and MATH 1111 the following semester.

MATH 0998: Grades of A, B, or C in MATH 1101 indicate that a student successfully completed requirements for this course. Students who do not successfully complete the requirements for MATH 1101, by making a D or an F will receive a grade of IP for MATH 0995 and must re-enroll in MATH 0995 and MATH 1101 the following semester.

NOTE: In some instances, instructors may issue a grade of 'F' when a student completely fails to put forth any effort in class. It should be noted however, that the 'F' grade is intended to designate that a student has not successfully completed requirements for exiting an area in the required number of attempts. For Learning Support courses, this grade WILL NOT count in the cumulative GPA. It does, however, count in the Financial Aid calculation of the HOPE GPA.

Regents’ Testing Policy

Refer to the institution’s policy regarding the Regents’ Test posted on the President’s Policies and Procedures webpage (here).

Student Academic Exclusion - Appeals Process

Refer to the institution’s policy for academic exclusion – appeals process posted on the President’s Policies and Procedures webpage (here).
Challenging Grades

Refer to the institution's policy for final course grade appeal posted on the President’s Policies and Procedures webpage (here).

Repeating Courses

Although the record of all degree credit courses attempted will remain on the student's permanent record and in the cumulative GPA, only the last grade received for repeated courses will be used in calculating the graduation GPA. A student is encouraged to repeat courses in which they have earned grades of ‘D’ or ‘F’ in order to raise the graduation GPA. It is important to note that many institutions include grades for all courses attempted when computing an acceptable grade point average for admittance as a transfer student. Consult with Financial Aid section of the catalog concerning aid eligibility for repeated courses.

Minimum Grade Compliance Policy

English Courses Minimum Grades
Grades of ‘C’ or higher are required of all students in ENGL 1101 (Composition I), before progressing to ENGL 1102 (Composition II). Students must also complete ENGL 1102 with a ‘C’ or higher prior to enrolling in ENGL 2111/2112 (World Literature I or II) or ENGL 2120/2130 (British or American Literature).

Math Courses Minimum Grades
Grades of ‘C’ or higher are required of all students in MATH 1001 (Quantitative Skills and Reasoning) and MATH 1111 (College Algebra), before progressing to MATH 1121 (Introduction to Statistics). Students must also complete MATH 1111 with a ‘C’ or higher before to enrolling in MATH 1113 (Pre-Calculus) and grades of ‘C’ or higher are required for all Math courses used to satisfy the Area A Math requirement. Students must also complete MATH 1101 (Math Modeling) with a C or better to satisfy the Area A Math requirement.

Teacher Education Courses Minimum Grades
Grades of ‘C’ or higher are required of all students who enroll in EDUC 2110 (Investigating Critical & Contemporary Issues in Education), EDUC 2120 (Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts), or EDUC 2130 (Exploring Teaching & Learning).

Special Note for Teacher Education Students: Each of the teacher education courses requires the EGSC student to complete classroom experience sessions in a K-12 school in order to fulfill the essential requirements of the course. The purpose of the policy is to ensure that students who prepare to become educators possess appropriate qualities of character conducive to a K-12 setting. The Criminal Background Investigation (CBI) must be completed and approved by the committee prior to the student being placed in a K-12 classroom. Any teacher education student convicted of a crime of moral turpitude would be ineligible for placement in the K-12 classroom and unable to fulfill the essential requirements of the course. Additionally, it is possible such student would likely not be able to fulfill future student teaching course requirements nor receive eventual licensure. The above policy allows East Georgia State College to better advise students of the difficulties they face in obtaining future internships, student teaching, and licensure.

Credit Hours Awarded
Refer to the institution's definition of a credit hour posted on the President’s Policies and Procedures webpage (here).

Criminal Background Investigation Procedures
Refer to the institution's policy for criminal background investigation procedures posted on the President’s Policies and Procedures webpage (here).

Legislative Requirements

Students are required to satisfy a legislative requirement in United States History and the Constitution, plus Georgia History and its Constitution. Students may satisfy both constitution requirements by completing POLS 1101, American Government. Both history requirements may be satisfied by taking either HIST 2111, U.S. History to 1865, or HIST 2112, U.S. History since 1865. A grade of D or better is required to satisfy all legislative requirements. These courses may be used to fulfill Area E requirements of the core curriculum for degree credit. In order to receive credit for an American Government or History course taken at an out-of-state institution, a student must take and pass the Georgia portion of
these courses through an exam offered by East Georgia State College. Please contact the Dean of the School of Humanities and Social Science for more details.

Academic Renewal

Refer to the institution’s policy for final course grade appeal posted on the President’s Policies and Procedures webpage (here).

Notification of Student Rights under FERPA

Please refer to the institution’s policy for FERPA posted on the President’s Policies and Procedures webpage (here).

Record Retention, Storage, and Disposal

Please refer to the institution’s policy for retention, storage and disposal of records posted on the President’s Policies and Procedures webpage (here).

Graduation

How to Apply

Students planning to graduate are required to complete the Graduation Application form with the assistance of their advisor. Students must submit the completed application to the Registrar’s Office. The application deadline is always set as one semester before the planned graduation term. Actual deadline dates are posted on the College’s Academic Calendar. A student may receive their diploma at the end of any semester in which all degree requirements are fulfilled. The diploma award date will be posted with the current or near future semester graduation date. In the event a student submits their application past the semester deadline when their requirements were satisfied, the diploma award date will not be posted retroactively. Students who wish to participate in commencement are assessed a $35 graduation fee.

Graduation Requirements: Associate of Arts or Science

All completed disciplinary distinctions will be represented on the student’s academic transcript. A two-year degree will be awarded to students who meet the following requirements:

1. A candidate must complete English 1101 and 1102 course requirements for Area A1 of the core curriculum with a minimum grade of C or higher or must demonstrate proficiency on the CLEP test for ENGL 1101.
2. A candidate must complete Mathematic course requirement for Area A2 of the core curriculum with a minimum grade of ‘C’ or higher.
3. Satisfy core curriculum Areas A-F (60 semester hours).
4. Satisfy the institutional requirements of one health, and two physical education/first aid courses (4 hours).
5. Complete requirements for the History and Constitution of the United States and Georgia as required by the State of Georgia. They may be met by completing American Government, POLS 1101 and one of the two U.S. History courses, HIST 2111/2112.
6. Must satisfy Regents’ Reading and Writing Skills Requirements with a grade of A, B or C in ENGL 1101 & ENGL 1102.
7. Must meet the residency requirement by earning a minimum of 17 semester hours at East Georgia State College.
8. Must demonstrate proficiency in oral communication by completing COMM 1100 (Public Speaking) or COMM 1010 (Interpersonal Communication), in Area B of the core curriculum.
9. Must have a minimum 2.0 graduation GPA.
10. The formal approval of faculty.

NOTE: Courses used to satisfy required high school curriculum (RHSC) requirements may be used to satisfy graduation requirements.

Graduation Requirements: Bachelor of Science in Biology

The following requirements must be satisfied by all students seeking the baccalaureate degree:
1. All candidates must have an overall, minimum graduation GPA of 2.50.
2. All candidates must take the Educational Testing Service (ETS) by all senior level biology majors.
3. Degree candidates may earn credit by correspondence, or through transient credit, but not more than ten hours in the major discipline and not more than thirty total hours of credit earned in this manner will count toward degree requirements.
4. A candidate must complete English 1101 with a grade of C or higher or must demonstrate proficiency on the CLEP test. A baccalaureate degree candidate must earn a grade of C or higher in English 1102.
5. Must satisfy Regents’ Reading and Writing Skills Requirements with a grade of A, B or C in ENGL 1101 & ENGL 1102.
6. A minimum grade of ‘C’ is required in all science and math courses.
7. Official transcripts from prior colleges must be on file.
8. Must complete 125 semester hours.
9. To remain in the program and to progress, a student will maintain a 2.0 overall GPA on all coursework.
10. Meet the residency requirement by earning a minimum of 30 semester hours at East Georgia State College.

Graduation Requirements: Bachelor of Arts in Fire and Emergency Services Administration (FESA)

The following requirements must be satisfied by all students seeking the baccalaureate degree in FESA:

1. All candidates must have a minimum graduation GPA of 2.00.
2. Degree candidates may earn credit by correspondence, or through transient credit, but not more than ten hours in the major discipline and not more than thirty total hours of credit earned in this manner will count toward degree requirements.
3. A candidate must complete English 1101 with a grade of ‘C’ or higher or must demonstrate proficiency on the CLEP test. A baccalaureate degree candidate must earn a grade of C or higher in English 1102.
4. Must satisfy Regents’ Reading and Writing Skills Requirements with a grade of A, B or C in ENGL 1101 & ENGL 1102.
5. Official transcripts from prior colleges must be on file.
6. Must complete 125 semester hours.
7. To remain in the program and to progress, a student will maintain a 2.0 overall GPA on all coursework.
8. Meet the residency requirement by earning a minimum of 30 semester hours at East Georgia State College.

Graduation Requirements: Bachelor of Science in Nursing (BSN) RN-BSN Bridge Program

The following requirements must be satisfied by all students seeking the baccalaureate degree in Nursing:

1. All candidates must have a valid, current and unrestricted State of Georgia RN license.
2. A candidate must have a minimum cumulative and nursing coursework GPA of 2.50.
3. All candidates must satisfy all pre-requisite coursework prior to admission to the program, as follows:
   - BIOL 1103/1103L; or BIOL 1104/1104L
   - BIOL 1107/1108
   - BIOL 2511 and BIOL 2512
   - BIOL 2611
   - MATH 1121
   - PSYC 2103
   - Introductory Biology I/II OR Principles of Biology III
   - Anatomy and Physiology I & II
   - Microbiology
   - Introduction to Statistics
   - Human Growth & Development

4. A candidate must complete ENGL 1101 with a grade of ‘C’ or higher or must demonstrate proficiency on the CLEP test. A baccalaureate degree candidate must earn a grade of ‘C’ or higher in ENGL 1102.
5. Must satisfy Regents’ Reading and Writing Skills requirements by earning a grade of ‘C’ or higher in ENGL 1101 and 1102.
6. A minimum grade of ‘C’ is required in all prerequisite courses as well as all science, math and nursing courses.
7. Official transcripts from previous colleges must be on file.
8. Must complete 120 semester hours.
9. To remain in and progress within the nursing program, a student must maintain a 2.50 overall GPA on all coursework.
10. To remain in and progress within the nursing program, a student will maintain satisfactory performance on clinical evaluations.
11. Meet the residency requirements by earning a minimum of 30 semester hours at East Georgia State College.
12. A candidate must complete the required application for graduation by deadline.

Graduation Exercises

Degrees are formally conferred at the close of the fall semester (December) and spring semester (May). Students who complete all requirements for their degree by the end of the summer semester are invited to participate in our fall
commencement ceremony to receive their diploma. Degree candidates are required to attend the graduation rehearsal, which is scheduled one day prior to the commencement ceremony.

Summer graduation candidates may be eligible to participate in the spring semester ceremony. Refer to the institution’s policy for commencement participation policy posted on the President’s Policies and Procedures webpage (here).

Requirements for a Second Degree

Students may be awarded more than one Associate of Arts or Science degree with disciplinary distinction provided the student meets all of the requirements. Since the institution offers two baccalaureate degree programs, a student may elect to enroll in one of these programs following the completion of an Associate’s degree.

Graduation with Honors

A graduation candidate who has taken a minimum of 25 semester hours at East Georgia State College and who has an overall cumulative average of no less than 3.5 will graduate cum laude. A student with a final cumulative average of 3.8 or better will graduate magna cum laude and a student with a 3.9 or better cumulative average will graduate summa cum laude.

Posthumous Degree Policy

Refer to the institution’s policy for posthumous degree policy posted on the President’s Policies and Procedures webpage (here).

Tuition and Fees

Tuition and Fees charged by East Georgia State College are approved by the University System of Georgia annually. Changes in tuition and fee rates are typically effective fall semester each year. Legal residents of the State of Georgia pay in-state tuition, while students who are not legal residents of the State of Georgia pay out-of-state tuition. Expenses include in-state tuition, out-of-state tuition, mandatory student fees and other special fees (including housing and meal plan expenses). Actual costs are determined when a student registers for classes each semester and are based on residency, campus code, credit hours, miscellaneous course fees, housing and meal plans. All tuition and fees are due and payable at the time of registration (no partial payments) and registration is not complete until all tuition and fees have been paid.

The Board of Regents set the full-time tuition rate at 15 credit hours. Fall 2016 students will pay tuition per-credit hour up to 15 hours. All students will pay a mandatory special institutional fee to help off-set budget reductions. For current EGSC tuition and fees, please visit the Business Services—Tuition and Fees webpage (here).

Part-Time Students: (Less than 12 hours)

- Any Swainsboro student taking 4 or more semester credit hours will pay a student service fee and athletic fee. Students taking 1-4 hours will pay one-half of the EGSC institutional fee; however, students taking 5 or more hours will pay the full EGSC Institutional fee. Regardless of hours enrolled, students are required to pay the mandatory EGSC Access Card Fee, Health Fee, Technology Fee and Parking Fee.

- Any Statesboro student taking 4 or more semester credit hours will pay the GSU university fee and EGSC athletic fee. Students taking 1-4 hours will pay one-half of the EGSC institutional fee; however, students taking 5 or more hours will pay the full EGSC Institutional fee. Regardless of hours enrolled, students are required to pay the mandatory GSU Technology Fee, EGSC Access Card Fee, EGSC Technology Fee and Transportation Fee.

- Any Augusta student taking 4 or more semester credit hours will pay EGSC athletic fee. Students taking 1-4 hours will pay one-half of the EGSC Institutional fee; however, students taking 5 or more hours will pay the full EGSC Institutional fee. Regardless of hours enrolled, students are required to pay the mandatory AU Summerville Fees, EGSC Access Card Fee and EGSC Technology Fee.

Payment of Tuition and Fees

All tuition and fees are due in full (no partial payments) at time of registration. Registration and final fee payment deadline dates are published each semester on the Academic Calendar. Registration is not complete until all tuition and fees have been paid in full. All tuition and fees must be paid by the final fee payment deadline to avoid the class drop for non-
payment. If any check is not paid on presentation to the bank on which it is drawn, a service charge will be incurred and any bank charges due to the return check will be passed on to the student. After two checks have been returned by any student's bank without payment, check payment privileges will be suspended.

Paying for the rising costs of a college education is a concern for nearly every student and family. To help you meet your educational expenses, East Georgia State College is pleased to offer Nelnet Business Solutions (NBS) as a convenient budget plan. This is not a loan program. You have no debt, there are no interest or finance charges, and there is no credit check. Enrollment in this plan is easy and available online. Students must be enrolled in classes before the Nelnet Payment Plan “Target Dates to Enroll By” deadline. These dates will be different each semester. For more information on the Nelnet Payment Plan, please visit the Business Services section of the East Georgia State College webpage (here).

Tuition/Fee Refunds

Students who formally withdraw from the college will be entitled to refunds of the institutional charges and other mandatory fees according to the following:

A pro rata percentage is determined by dividing the number of calendar days in the semester attending by the total calendar days in the semester. The total calendar days in a semester includes weekends, but excludes scheduled breaks of five or more days and days that students were on an approved leave of absence. The unearned portion shall be refunded up to a point in time that the amount earned equals 60%. Students withdrawing after the calculated percentage of completion is greater than 60% are NOT entitled to a refund of any portion of institutional charges. Students must contact the Records Office as soon as the decision is made to withdraw in order to formalize the decision. There will be no refund for reducing course load unless the institution is at fault.

Special Conditions: Students who do not formally withdraw, who are suspended for disciplinary reasons, or who leave the college when disciplinary action is pending are not eligible for a refund of any portion of any tuition or fee charge. A refund of all tuition and other mandatory fees shall be made in the event of the death of a student at any time during the semester. Ordinarily, refunds will be processed within 2 to 3 weeks of the date of the withdrawal.

When considering withdrawal from EGSC, students should consult with their instructors and advisors to determine if this is the best course of action. Withdrawals could impact student accounts, financial aid, tuition assistance and Veteran Benefits status; thus, students are encouraged to consult with their financial aid administrator prior to withdrawal. Students need to be aware that the withdrawal date is: the date the student began the institution’s withdrawal process or officially notified the institution of intent to withdraw; or the midpoint of the period of enrollment for a student who leaves without notifying the institution; or the student’s last date of attendance at a documented academically-related activity. Ceasing to attend class does not constitute an official withdrawal. Please see the financial aid section of this catalog for the Return to Title IV Official and Unofficial Withdrawal Policy.

Military Service Refunds

Students who are members of the Georgia National Guard or other reserve components of the Armed Forces who receive emergency orders to active military duty for an indefinite period are entitled to a full refund of tuition paid for that semester, in accordance with guidelines promulgated by the Chancellor.

Military personnel on active duty in the Armed Forces who, before the end of their present station assignment, receive emergency orders for a temporary or permanent change of duty location, are entitled to a full refund of tuition paid for that semester, in accordance with guidelines promulgated by the Chancellor. For the first academic year the service member returns, the institution cannot increase the tuition and fee charges above the prior amount the service member was or would have been assessed for the academic year when the service member left the institution, unless there are sufficient veteran’s education benefits or other service member education benefits to pay the increased amount of those tuition and fee charges.

Waiver of Mandatory Fees for U.S. Military Reserve and Georgia National Guard Combat Veterans

Eligibility
Eligible participants must be Georgia residents who are active members of the U.S. Military Reserve and/or the Georgia National Guard and were deployed overseas for active service in a location of locations designated by the U.S.
Department of Defense as combat zones on or after September 11, 2001 and served for a consecutive period of one-hundred and eighty-one (181) days, or who received full disability as a result of injuries received in such combat zone, or were evacuated from such combat zone due to severe injuries during any period of time while on active service. Additionally, eligible participants must meet the admissions requirements of the applicable USG institution and be accepted for admission.

**Benefits**

Eligible participants shall receive a waiver of all mandatory fees charged by USG institutions including but not limited to:

1. Intercollegiate athletic fees;
2. Student health service fees;
3. Parking and transportation fees, where such fees are mandated for all students;
4. Technology fees;
5. Student activity fees;
6. Fees designated to support leases on facilities such as recreation centers, parking decks, student centers, and similar facilities; and
7. Any other such mandatory fees for which all students are required to make a payment.

Students receiving this waiver shall be eligible to use the services and facilities these fees are used to provide. This benefit shall not apply to housing, food service, any other elective fees, special fees or other user fees and changes (e.g. application fees).

Members of the armed services utilizing the military’s tuition assistance programs to attend EGSC shall receive a waiver of all mandatory fees charges.

**Tuition Waivers**

Students coded as an out-of-state may be eligible for an out-of-state tuition waiver. A complete list of out-of-state waivers is available on the *Waivers and Tuition Classification* webpage ([here](#)).

**Books**

Books and supplies may be purchased at the East Georgia State College Bookstore, which is managed by Follett Higher Education Group. The Bookstore schedule will be posted at the beginning of each semester. Refunds on textbook purchases will be made when all of the following conditions are met:

1. Books are returned on or before the last day to register.
2. Books are in the same condition as when they were purchased. (If a book has a name written in it or any other markings, it will be considered a used book).
3. Sales receipts are presented. (SAVE YOUR RECEIPT). The bookstore buys back some used books that are in good condition during the final exam week. The list of books eligible for buy-back will be posted at that time.

**Miscellaneous/Special Fees**

A list of Miscellaneous/Special Fees is located on the *Tuition and Fees* section on the Business Services webpage ([here](#)). An explanation of those fees is listed below:

- **Application Fee**: An application fee is charged for the admissions application. The fee is non-refundable.
- **Accuplacer Retest Fee**: After initial examination, new students have three additional opportunities to test, regardless of sections attempting. There is a non-refundable fee for this test. Students are encouraged to test before Orientation/Registration but the placement test must be taken and/or re-taken before the first day of classes.
- **Criminal Background Investigation (CBI) Fee**: A non-refundable fee is charged for CBI. Criminal background investigations are required for every new or returning student who has ever been convicted of a crime, other than a traffic offense, or who has criminal charges pending at the time of application/reapplication. CBIs are also required for current students who: (1) are applying for admission to teacher education; (2) want to participate in study abroad; (3) work as a PREP Tutor and/or (4) enters the RN-BSN Bridge program. Students who wish to live in on-
campus housing must also request a criminal background investigation, but the cost is covered by their application fee for housing.

- **Graduation Fee**: A non-refundable graduation fee is required prior to the start of the semester in which the student expects to graduate. Students at this point are expected to have filed a Graduation Application with the Records Office to have graduation requirements verified.

- **Late Registration Fee**: After Final Registration, a non-refundable late penalty fee will be assessed. This fee also applies if you are dropped from your class(es) for non-attendance or non-payment and then added back.

- **Library Book Fines and Delinquent Fees**: A student who has library books overdue or who is delinquent in any fee or fine will have his/her transcript withheld until the delinquency is removed. Nonpayment of these charges will prevent registration for a succeeding term.

- **Identification Card/Access Card Fee**: At the time of a student's first enrollment at East Georgia State College, the student will be issued a photographic identification/access card which is to be validated each semester the student is enrolled. There is a fee charged each semester for this card. Students must have this card to access computer labs, sporting events, housing complex, bookstore, etc. This card also serves as a library card. A fee is charged for replacements and must be paid at the time of re-issue.

- **Orientation Fee**: All incoming freshmen will be assessed a non-refundable Orientation fee to cover the cost of materials and administration.

- **Proctored Exam Fee**: Students who need Proctored Exams from other college or institutions will be charged a fee per exam and must be paid at the Business Office with cash, check, VISA, Master Card or money order at the time of testing.

- **Remote Placement Testing Fee**: Students who are testing for another institution are charged a non-refundable fee to cover EGSC administration costs. The fee must be paid at the Business Office with cash, VISA, Master Card, or money order at the time of testing.

- **Return Check Fee**: If any check is not paid on presentation to the bank on which it is drawn, a service charge will be incurred.

- **Transportation Fee – Statesboro**: Students enrolled at East Georgia State College Statesboro may operate motor vehicles and use designated parking areas on the campus. **Motor vehicles will not be permitted on campus without parking permits**. The parking permit is a hang tag that may be obtained at the front office. The decal will hang from the rear-view mirror. This fee is also used to ride the bus that runs between East Georgia State College – Statesboro and GSU.

- **Vehicle Registration – Swainsboro**: Students enrolled at East Georgia State College may operate motor vehicles on campus and use designated parking areas. **Motor vehicles will not be permitted on campus without parking permits**. The parking permit is a hang tag that may be obtained in the Business Office. The decal will hang from the rearview mirror.

- **Parking Fines**: For a complete list of parking fines, please see the Parking and Transportation Policy located on the President’s Policy and Procedure webpage (here).

- **Other Fees**: Certain courses are offered by the College that require students to pay an additional non-refundable class fee. Please see the full list on the *Tuition and Fees* section of the Business Services webpage (here).

  - Art 3D Design Fee
  - Archery Equipment Fee
  - Disc Golf Equipment Fee
  - Lab Kit Fee (Integrated Science—Web Class Only)
  - Bowling
  - East Georgia State College—Statesboro students enrolled in Georgia Southern University PE and Healthful Living classes will be assessed a non-refundable class fee(s) per class.

**Financial Responsibility of the Student**
All financial obligations to the College must be paid promptly. East Georgia State College reserves and intends to exercise the right to withhold copies of educational records and/or to cancel classes for students who have outstanding financial obligation(s) to the institution. A student who is delinquent in financial obligations to the College shall not be allowed to register for the next term or to request a transcript to transfer credits to another institution. East Georgia State College is an educational institution, and therefore does not have the resources to perform extensive debt collection activities. For this reason, past due and delinquent accounts will be assigned to a collection agency. A student whose account is assigned to a collection agency will be responsible for paying any collection fees incurred.

For information regarding the Institution's policy regarding non-payment of fees, please see the EGSC Policy Regarding Non-Payment of Fees on the President’s Policies and Procedures webpage (here).

Classification of Students for Tuition Purposes

A student is responsible for registering under the proper residency classification. Petitions for re-classification or waivers are not retroactive to prior terms. They will only be considered for the term listed on the form. For a full list of available out-of-state student waivers, please see the Waivers and Tuition Classification webpage (here).

Regents’ Policies Governing the Classification of Students for Tuition Purposes

For an in-depth description of the Board of Regents policy regarding Classification of Students for Tuition Purposes, please refer to the University System of Georgia—Board of Regents Policy 4.3.2 (here).

Student Services

Student services at East Georgia State College are dedicated to the promotion of the physical, cultural, and personal development and well-being of the individual student. The student services program is designed to involve the student in co-curricular and extra-curricular activities of the college, so as to make them an integral part of the total college experience of the student. The functions of student services are to meet the needs of the individual students; to promote good communication and working relationships among students, faculty, and staff; and to heighten awareness of civic responsibility.

Counseling and Testing

Students may seek help at any time by contacting the college's Counseling and Disabilities Services Provider located in lower level of Academic Building inside Health Services Clinic. Services are also available at our East Georgia State College Statesboro and East Georgia State College Augusta locations. Testing is available to determine interests and aptitude. Academic advisors are assigned to students to assist in developing graduation plans.

Scholastic Aptitude Test (SAT)

The East Georgia State College code for students taking the Scholastic Aptitude Test (SAT) and requesting scores be sent to the institution is 5200. To have SAT scores reported directly to East Georgia State College use the above code when completing the SAT application. Inquiries regarding the SAT should be made to the Vice President for Academic and Student Affairs.

Minority Advising Program

The Minority Advising Program at East Georgia State College is open to all minority students. It is the purpose of the program to aid students in their efforts to achieve success in college. The Vice President for Academic and Student Affairs directs the program. Students interested should contact the Vice President for Academic and Student Affairs for additional information.
Student Activities

The student activities program is administered through the Office of Student Life and is sponsored and advised by the Student Government Association. These activities include movies, dances, lectures, concerts, field trips, student publications, intramurals, club activities, etc. Notices of coming activities are posted on the campus bulletin boards and sent to students via Catmail. Students who wish to suggest activities should contact the Student Government Association or Student Life Director.

Student Government

This campus organization governs student activities and represents the students in college affairs. The student body elects the members and officers of the SGA. Each extended East Georgia State College campus will have its own SGA consisting of a Vice President and Secretary/Treasurer, and a pre-determined number of Senators. All SGA units will be governed by and report to one President, and this President must be a full-time student at the Swainsboro campus. Each SGA will perform functions and duties as related to the specific campus it represents. Each SGA unit will consist of two (2) departments, the legislative department and the executive department. The Swainsboro Campus SGA is composed of three officers: the president, the vice-president, and the secretary-treasurer; three senators elected from the sophomore class; and three senators elected from the freshman class.

Student Email Accounts

For Information regarding EGSC student email accounts, please see the Student Email Accounts section of the Campus Email Policy found on the President’s Policies and Procedures webpage (here).

Student Publications

The official student publications on campus are The Hoopee Bird, the student newspaper; and Wiregrass, the literary magazine. Students produce these publications under the supervision of faculty advisors. Financed in part by the Student Activity Fund, these publications provide opportunities for students in creative writing, reporting, business, and design.

Clubs

East Georgia State College offers its’ students many opportunities to be involved in various clubs and organizations. For a complete listing of all EGSC clubs and organizations, please review the Student Handbook found on the President’s Policies and Procedures webpage (here).

(Club membership is open to all students unless otherwise noted.)

Intramural Athletics

Intramural athletic activities are developed for students who wish to participate in both team and individual competitive sports activities including: volleyball, table tennis, flag football, basketball, softball and dodgeball. For more information see the Intramural Sports Handbook: http://www.ega.edu/policy/04-intramural-sports-handbook.pdf

Health Services

East Georgia State College, through contract with a third party medical provider, provides basic health services for its students in the Student Health Services Clinic located in the lower level of the Academic Building. The clinic provides basic medical screening and treatment, for non-life-threatening diseases, or referral, health education and disease prevention information. Basic health services in the clinic are free to students and are covered by the East Georgia State College Student Health services fee of $30 per semester. For more information and hours of operations, please see the Health Services website (here).

Alumni Association
Membership in the East Georgia State College Alumni Association is automatically conferred upon all graduates of the institution and is available to those students who have attended by not graduated. This organization, under the administrative supervision of the Office of Institutional Advancement, was formed after the college’s first graduation. For more information, please contact the Development Coordinator at (478)289-2193 or visit the Association’s webpage (here).

Services for Students with Disabilities

East Georgia State College is committed to assisting students in attaining their highest potential by providing reasonable academic accommodations for those students with various learning, physical and/or medical disabilities. Services presently available include counseling, liaison with faculty/staff, access to technology, and referral to other services. For assistance, please contact the Disability Services Provider in the counselor’s office. In compliance with the requirements of the Americans with Disabilities Act (ADA), it is the policy of the college that it does not discriminate against an individual on the basis of his or her disability, as covered under the ADA and section 504 of the Rehabilitation Act of 1973. We also affirm that all programs of the college are open to regularly admitted students without regard to disability. No students will be denied access to any program or to any administrator or faculty person because of the person's disability. Any person, employee, or job applicant who has a complaint or grievance in regard to the ADA and section 504 or the Rehabilitation Act of 1973 should contact the Vice President for Business Affairs.

International Intercultural Studies Program

The University System of Georgia has established several International Intercultural Studies Programs for the benefit of students. The programs provide foreign study opportunities for selected students through charter and group service arrangements available to educational institutions. Further information may be obtained by contacting the Vice President for Academic and Student Affairs.

Disruptive Behavior

The EGSC Disruptive Behavior Policy applies to students, faculty and staff: http://www.ega.edu/policy/08-disruptive-behavior-policy.pdf

Drug Free Schools Policy Statement

In compliance with the Drug Free Schools and Communities Act of 1989, (PL 101-226), East Georgia State College has developed an institutional drug and alcohol policy. Please review the policy regarding drugs and alcohol on the President's Policy and Procedure webpage (here).

Student Conduct Information and Regulations

College regulations provide guides for college life. A student is expected to display an attitude in which cooperation, good judgment and good taste are standards of life at college. Regulations are designed to protect the interest and well-being of the student, his or her family, the college, and society. Disciplinary measures are designed to be corrective and beneficial to the educational development of the student. Registered students are subject to the regulations outlined in the Student Handbook and in the institution’s Student Code of Conduct. Please review both on the President’s Policies and Procedures webpage (here) for more in-depth information regarding student conduct.

Violations

When a student is charged with violation of the conduct regulations, disposition of the case shall be according to constitutional requirements, due process, and in keeping with the procedures outlined in the in the Student Code of Conduct and Disciplinary Procedure Policy found on the President’s Policies and Procedures webpage (here).

Child Care Facilities

No child care facilities are available on campus. The institution cannot be held responsible for children left unattended. Therefore, children should not be left unsupervised while on campus. Children are not permitted to accompany students to classes, laboratories, seminars, etc. Please see the policy regarding minor children on-campus posted on the President’s Policies and Procedures webpage (here).
Certificate Programs

Digital Photography Certificate

The Certificate in Digital Photography is intended for Art students who want to earn a unique credential and for photography enthusiasts who want to learn more about the technical aspects of modern photography. The program may be completed in two semesters.

Affording School: Humanities

Required: 12 hours

- ART 1020 Two Dimensional Design/Color Theory 3
- ART 1088 Digital Photography I 3
- ART 2088 Digital Photography II 3
- ART 1080 Smart Phone Photography 3

Electives: (Choose Two) 6 hours

- ART 1100 Introduction to Art 3
- ART 2030 Art History I 3
- ART 2031 Art History II 3
- FILM 1100 Introduction to Film 3

Associate-Degree Programs and Transfer Pathways

East Georgia State College offers both associate-degree programs and transfer pathways.

Associate of Arts and Associate of Science Programs: Associate of Arts and Associate of Science degree programs are programs with disciplinary distinction which provide the two years of course work in a discipline area. These degree-programs may also be used as the first two years of course work toward the completion of a baccalaureate degree at a four-year institution. The programs with disciplinary distinction lead to the Associate of Arts (A.A.) or Associate of Science (A.S.) degree. Students in these degree programs follow the Core Curriculum established by the Board of Regents of the University System of Georgia. The Core Curriculum is designed to facilitate the transfer of credit among the schools within the University System. The Core consists of 60 hours:

- Area A 9 hours in Basic Skills (English and Mathematics)
- Area B 4 hours of Institutional Option Courses
- Area C 6 hours of Humanities and Fine Arts
- Area D 11-12 hours Science, Mathematics and Technology
- Area E 12 hours Social Sciences
- Area F 18 hours of courses related to the student’s disciplinary distinction

In order for a student to complete all requirements for the Associate of Arts or Associate of Science degree at East Georgia State College, students must complete an additional 4 hours consisting of:

- 2-hour Health Course AND
- (2) 1-hour physical activity courses or a 1-hour physical activity course and a 1-hour First Aid Course

Transfer Pathways: Transfer pathways are programs that provide the first two years of course work toward the completion of a baccalaureate degree at a four-year institution. Transfer pathways lead to an Associate of Arts, Core Curriculum degree. Students in transfer pathways follow the Core Curriculum established by the Board of Regents of the University System of Georgia. The Core Curriculum is designed to facilitate the transfer of credit among the schools within the University System. The Core consists of 60 hours:

- Area A 9 hours in Basic Skills (English and Mathematics)
- Area B 4 hours of Institutional Option Courses
- Area C 6 hours of Humanities and Fine Arts
- Area D 11-12 hours Science, Mathematics and Technology
- Area E 12 hours Social Sciences
- Area F 18 hours of courses following the Area F designated by the University System of Georgia for that Transfer Pathway
In order for a student to complete all requirements for the Associate of Arts or Associate of Science degree at East Georgia State College, students must complete an additional 4 hours consisting of:

- 2-hour Health Course AND
- (2) 1-hour physical activity courses or a 1-hour physical activity course and a 1-hour First Aid Course

**Associate of Arts Degree Programs with Disciplinary Distinction**

- Art
- Communication Arts
- Criminal Justice
- Early Childhood Education
- English
- Fire & Emergency Services Administration
- History
- Political Science
- Psychology
- Sociology

**Associate of Science Degree Programs with Disciplinary Distinction**

- Biology
- Business Administration
- Chemistry
- Mathematics
- Recreation

**Associate of Arts, Core Curriculum- Transfer Pathways**

Students should refer to the catalog of the institution to which they plan to transfer to assure the Area F requirements of that institution are satisfied.

**The Core Curriculum**

East Georgia State College, in cooperation with other institutions of the University System of Georgia (USG) is designed to facilitate the educational progress of students as they pursue baccalaureate degrees. The Core Curriculum is subdivided into core areas A through F as outlined below. Area A, B, C, D and E totaling 42 credit hours are composed of general education courses. Area F varies dependent upon the type of degree program a student elects and is composed of 18 credit hours which supports the student’s chosen baccalaureate major. A student completing any of the six areas in the approved core at East Georgia State College may transfer the hours to any institution of the University System of Georgia without loss of credit. This transferability is guaranteed by the Board of Regents and should a student encounter difficulty in transferring of credits earned at East Georgia State College, the student is urged to immediately contact the institution’s Transfer Coordinator/Director of EGSC Statesboro, Registrar or Vice President for Academic and Student Affairs. The next two pages detail information concerning the Core Curriculum.

**Area A (Academic Affairs Handbook 2.4.4) Requirements**

Students are required to complete Area A early in their college studies.

- If a student has completed 30 semester hours and **has not yet completed Area A(1)**, the student must enroll in a course that makes progress toward completing A(1) in order to take other college courses. In other words, after 30 semester hours, the student must be enrolled in one of the following courses: ENGL 1101, ENGL 1102.

- If a student has completed 30 semester hours and **has not yet completed Area A(2)**, the student must enroll in a course that makes progress toward completing A(2) in order to take any other college courses. In other words, after 30 semester hours, the student must be enrolled in one of the following courses: MATH 1001, MATH 1101, MATH 1111, or MATH 1113.

**NOTES on Area D requirements:**

Non-Science majors may fulfill Area D, at East Georgia State College, by taking two four-hour lab science courses (sequence not required) and three hours of
mathematics; OR by taking three four-hour lab science courses. Allied Health Professional Majors, including Nursing, are required to complete a sequence of two four-hour lab science courses (excluding ISCI 1101, GEOL 1121 or 1122). Please refer to the major requirements for the four-year program to which the student intends to transfer.

Students cannot satisfy Area D with combinations of BIOL 1103 & BIOL 1107 or BIOL 1104 and BIOL 1108. Students cannot use credit for both BIOL 1103 and 1107 and/or for both BIOL 1104 and BIOL 1108 towards their degree programs.

The CSCI, MATH 1540, 2012 and 2013 courses are 4 hours each, 1 hour of which can be included in Area F (if applicable).

**Area F Requirements—Associate of Arts Degree with Disciplinary Distinction**

The Area F requirements for the Associate of Arts degree consists of 18 credit hours related to a particular disciplinary distinction. Each disciplinary distinction is designed to provide a required foundation of courses for successful work on a specific major once the student transfers to a baccalaureate degree-granting institution. Because each receiving institution designs its own requirements for specific majors, it is important that:

- students decide as soon as possible their academic and career goals,
- become familiar with the applicable East Georgia State College degree requirements,
- decide where they intend to transfer, following graduation, and
- learn the requirements of the major at the institution to which they plan to transfer.

The student's academic advisor can assist with all of these decisions, and it is strongly recommended that the student include the academic advisor early in all career and academic planning. Some courses included in Area F may be prerequisites for specific courses required in a major at the baccalaureate degree-granting institution. Therefore, if a student completes an Associate of Arts degree at East Georgia State College and subsequently decides not to follow the corresponding major at the baccalaureate institution, the student may find it necessary to take additional courses in support of the new major.

**How to Use the Following Section:**

In this section of the catalog, we have provided the user with a complete list of area F requirements for the Associate of Arts degree with Disciplinary Distinction at East Georgia State College. Below are some points of reference to look for when perusing specific requirements.

- The header for each degree program contains the School for the Academic discipline responsible for advisement of this Disciplinary Distinction.
- Each Disciplinary Distinction will typically contain 3-4 subsections: 1) Required coursework; 2) Guided Electives; 3) Free Electives and/or Foreign Language.
- To the right of each subsection header, you will find the number of hours required within the section. In some cases, a specific course(s) may be required within a section (Ex: Required: 9 hours). In others, the student may be able to choose from a group of courses (Ex: Guided Electives: 0-6 hours). This will be designated by the description, "(Choose...)". 
• If the hour requirement for a subsection begins at ‘0,’ the student is not required to complete any courses from the subsection as long as the total hours from the other sections equals 18 hours.

• Students should work closely with the advisor when deciding upon courses from the Guided Electives subsection. These course offerings should complement the required coursework and apply towards the major area of study in a four-year degree.

• Pay particular attention to the italicized comments within each area of Disciplinary Distinction for information unique to that degree.

• The detail information under each subsection lists the course information, including: prefix, number, description and number of credit hours.

</tbody>
</table>

*NOTE: Grade of ‘C’ or higher is required for A2 Math courses.

MATH 1001 will satisfy Area A2 requirement for students seeking an A.S. with disciplinary distinction in Business Administration.

Pre-Calculus or higher is required for certain majors—please refer to the major requirements for the four-year program to which the student intends to transfer into.

Business majors may select MATH 1101 to fulfill Area A2 requirements. MATH 1101 will not fulfill Area A2 for STEM majors.

#### Area B Institutional Options

</table>

**NOTES on Area D requirements:**

Non-Science majors may fulfill Area D, at East Georgia State College, by taking two four-hour lab science courses (sequence not required) and three hours of mathematics, OR by taking three four-hour lab science courses.

Students cannot satisfy Area D with combinations of BIOL 1103 & BIOL 1107 or BIOL 1104 and BIOL 1108. Students also cannot use credit for both BIOL 1103 and 1107 and/or for both BIOL 1104 and BIOL 1108 towards their degree programs.

Business majors may select MATH 1232 Survey of Calculus (3 credits) to fulfill an Area D requirement. MATH 1232 Survey of Calculus will not fulfill Area D requirements for STEM majors.

The CSCI, MATH 1540, 2012 and 2013 courses are 4 hours each, 1 hour of which can be included in Area F (if applicable).

Area E  Social Science  12 hours

Learning Outcome: Students will demonstrate the ability to analyze human behavior from a variety of perspectives.

*Students may choose to take two physical activity courses or they may choose to take one physical activity course and the First Aid (HTLH 2181) course.

Area F Requirements—Associate of Science Degree with Disciplinary Distinction

The Area F requirements for the Associate of Science degree consists of 18 credit hours related to a particular disciplinary distinction. Each disciplinary distinction is designed to provide a required foundation of courses for successful work on a specific major once the student transfers to a baccalaureate degree-granting institution. Because each receiving institution designs its own requirements for specific majors, it is important that:

- students decide as soon as possible their academic and career goals,
• become familiar with the applicable East Georgia State College degree requirements,
• decide where they intend to transfer, following graduation, and
• learn the requirements of the major at the institution to which they plan to transfer.

The student’s academic advisor can assist with all of these decisions, and it is strongly recommended that the student include the academic advisor early in all career and academic planning. Some courses included in Area F may be prerequisites for specific courses required in a major at the baccalaureate degree-granting institution. Therefore, if a student completes an Associate of Science degree at East Georgia State College and subsequently decides not to follow the corresponding major at the baccalaureate institution, the student may find it necessary to take additional courses in support of the new major.

How to Use the Following Section:
In this section of the catalog, we have provided the user with a complete list of area F requirements for the Associate of Science degree with Disciplinary Distinction at East Georgia State College. Below are some points of reference to look for when perusing specific requirements.

• The header for each degree program contains the School for the Academic discipline responsible for advisement of this Disciplinary Distinction.
• Each Disciplinary Distinction will typically contain 3-4 subsections: 1) Required coursework; 2) Guided Electives; 3) Free Electives and/or Foreign Language.
• To the right of each subsection header, you will find the number of hours required within the section. In some cases, a specific course(s) may be required within a section (Ex: Required: 9 hours). In others, the student may be able to choose from a group of courses (Ex: Guided Electives: 0-6 hours). This will be designated by the description, “(Choose…”).
• If the hour requirement for a subsection begins at ‘0,’ the student is not required to complete any courses from the subsection as long as the total hours from the other sections equals 18 hours.
• Students should work closely with the advisor when deciding upon courses from the Guided Electives subsection. These course offerings should complement the required coursework and apply towards the major area of study in a four-year degree.
• Pay particular attention to the italicized comments within each area of Disciplinary Distinction for information unique to that degree.

The detail information under each subsection lists the course information, including: prefix, number, description and number of credit hours.

BUSA 2106 The Environment of Business 3
CISM 2201 Fundamentals of Computer Applications 3

CHEMISTRY
Advising School: Math and Science 18 hours
Required: 12 hours
CHEM 1212 Principles of Chemistry II 4
CHEM 2411 Organic Chemistry I 4
CHEM 2412 Organic Chemistry II 4

Electives: 6 hours
(Choose Two)
BIOL 1107 Principles of Biology I 4
BIOL 1108 Principles of Biology II 4
MATH 2012 Calculus II 4
PHYS 2211 Physics I: Classical Mechanics 4
PHYS 2212 Physics II: Electricity, Magnetism, Optics 4
PROB 1101 Problem Solving I 1
PROB 1102 Problem Solving II 1
SCIE 1101 Science in Society 1

Carryover from Area D* 1 hour
NOTE: To carryover an hour from Area D, students should take MATH 1113, Pre-Calculus, in Area A as a pre-requisite to MATH 1540, Calculus I for the math requirement in Area D. A strong high school background in mathematics and sufficient aptitude are necessary to follow this path. Otherwise, the students should be encouraged to take MATH 1111 before attempting MATH 1113, which results in additional hours.

MATHEMATICS
Advising School: Math and Science 20 hours
Required: 8 hours
MATH 2012 Calculus II 4
MATH 2013 Calculus III 4

MATH 2220 Elementary Linear Algebra 3

Electives: 12 hours
(Choose Three)
BIOL 1107 Principles of Biology I 4
BIOL 1108 Principles of Biology II 4
CHEM 1211 Principles of Chemistry I 4
CHEM 1212 Principles of Chemistry II 4
CSCI 1301 Programming Principles I 4
CSCI 1302 Programming Principles II 4
PHYS 2211 Physics I: Classical Mechanics 4
PHYS 2212 Physics II: Electricity, Magnetism, Optics 4

Carryover from Area D* 1 hour
NOTE: To carryover an hour from Area D, students should take MATH 1113, Pre-Calculus, in Area A as a pre-requisite to MATH 1540, Calculus I for the math requirement in Area D. A strong high school background in mathematics and sufficient aptitude are necessary to follow this path. Otherwise, the students should be encouraged to take MATH 1111 before attempting MATH 1113, which results in additional hours.

RECREATION
Advising School: Social Science 18 hours
Required:
RECR 1530 Introduction to Recreation 3
RECR 2131 Introduction to Therapeutic Recreation 3
RECR 2530 Leadership & Programming in Leisure Services 3
ACCT 2101 Accounting I 3
SOCI 1101 Introduction to Sociology 3
The Transfer Pathway
The student is directed to the Academic Advising Center (ACE) to get a comprehensive list of all transfer pathways that East Georgia State College supports. The Area F requirements for an Associate of Arts Degree, Core Curriculum requires 18 hours of electives relating to the transfer pathway best suiting the student’s four-year degree pursuits. Academic and faculty advisors will discuss appropriate electives when creating a graduation plan.

Bachelor of Science in Biology

General Requirements: Core Areas *A, B, C, D and E (above)  42 hours
Note: Biology majors are required to take MATH 1113 in core area A and MATH 1540 in core area D.

Area F  18 hours
- BIOL 1107  Principles of Biology I  4
- BIOL 1108  Principles of Biology II  4
- CHEM 2411  Organic Chemistry I  4
- CHEM 2412  Organic Chemistry II  4
- SCIE 1101  Science in Society  1
*Carryover from Area D (MATH 1540)  1

Additional Institutional Requirements  4 hours
- HLTH 2051  Health  2
(Choose two)*
- HLTH 2181  First Aid  1
- PHED (XXXX)  *Please refer to the ‘Course Descriptions’ section for a listing of all activity courses.  1
*Students may choose to take 2 physical activity courses or they may choose to take 1 physical activity course and First Aid (HLTH 2181).

Required Biology Courses  26 hours
- BIOL 3500  Ecology  4
- BHCM 3100  Biochemistry  4
- BIOL 3200  Genetics  4
- BIOL 3400  Cell Biology  4
- BIOL 3460  Plant Biology  4
- BIOL 4550  Professional Skills for Biologist  3
(Choose one)
- BIOL 4500  Undergraduate Research Project  3
- BIOL 4800  Internship  3
**Students may take a maximum of 6 credit hours for BIOL 4500 and a maximum of 3 credit hours for BIOL 4800.

Other Required Courses  11 hours
- PHYS 2211  Physics I: Classical Mechanics  4
- PHYS 2212  Physics II: Electricity, Magnetism, Optics  4
- MATH 1121  Statistics  3

General Biology Electives  8 hours
(Choose two from the following)
- BIOL 3300  Advanced Microbiology  4
- BIOL 3600  Zoology  4
- BIOL 3650  Terrestrial Ecology  4
- BIOL 4410  Industrial Microbiology  4
- BIOL 4750  Environmental Toxicology  4

Additional Electives  15 hours
One elective must have a BIOL or BCHM prefix
Six hours must be 3000-4000 level
## EGSC Program Map for BS in Biology

### Year One

<td>Additional Electives**</td>
<td>3-4</td>
</tr>
</tbody>
</table>

**Milestones**
- Complete BIOL 3500
- Complete BIOL 4500 or 4800
- Complete BCHM 3100
- Complete 115 hours
- Maintain at least a 2.0 GPA
- Apply for graduation

**Semester Total**: 14-15

### Milestones
- Complete CHEM 2412
- Complete BIOL 3400
- Complete at least 125 hours
- Maintain at least a 2.0 GPA

**Semester Total**: 16

### Additional Electives (15 total hours):
- 6 hours must be at the 3000 level

---

1. **General Biology Electives:**
   - BIOL 3300 4 hours
   - BIOL 3600 4 hours
   - BIOL 3650 4 hours

2. **Additional Electives**
   - 3-4 hours

---

*General Biology Electives:
- BIOL 3300 4 hours
- BIOL 3600 4 hours
- BIOL 3650 4 hours

**Additional Electives (15 total hours):**
- 6 hours must be at the 3000 level
Bachelor of Arts in Fire and Emergency Services Administration

The Fire and Emergency Services Administration (FESA) Bachelor of Arts degree program is designed to create a career pathway for firefighters, emergency services personnel, and others interested in public affairs management. While the courses will be based out of the Swainsboro Campus, the program will be delivered in an online format to meet the complex scheduling demands of fire and emergency services personnel. Fire service, emergency service, disaster preparedness, and public management courses are blended into a vibrant and exciting degree program that will advance your knowledge and professional expertise. The program has been recognized by the Fire and Emergency Services Higher Education (FESHE) Initiative at the National Fire Academy, the nationally recognized standard in fire and emergency services education curriculum. Courses taken will be in three areas: Required FESA courses, Required Elective Courses in the FESA field, and Guided Electives. Electives allow for training to focus on specific career objectives.

General Requirements: Core Areas *A, B, C, D and E (above) 42 hours

</table>
3-2-4  **Biology 3500**  
Prerequisite: C or higher in BIOL 1107 for Biology Majors; C or Higher in BIOL 1103 & BIOL 1103L or BIOL 1107 for all other majors.  
Covers the chemical basis of life, cells, metabolism, tissues, the integumentary system, skeletal system, and muscular system.

**Biology 2512**  
Prerequisite: C or higher in BIOL 2511  
Covers the nervous, endocrine, respiratory, urinary, and reproductive systems.

**Biology 2611**  
Prerequisite: C or high in BIOL 1107 for Biology Majors; C or higher in BIOL 1103 & BIOL 1103L or BIOL 1107 for all other majors.  
Detailed study of microorganisms both prokaryotic and eukaryotic; including the foundation of microbiology, bacteria, bacterial diseases, viruses, fungi, protozoa, and control of microorganisms.

**Biology 3000**  
Prerequisite: C or higher in BIOL 1107, BIOL 1108 and CHEM 1211.  
An introduction to the theory evolution from classical studies to recent discoveries. Upon completion of this course, students will: (1) explain Darwin’s basic principles of the theory of evolution; (2) compare and contrast basic principles of modern evolutionary theory with classical Darwinian evolution; (3) explain basic micro and macro evolutionary concepts; (4) describe the role of evolution in the formation of new species.

**Biology 3101**  
Prerequisite: C or higher in BIOL 3400  
A study of the structure and functions of the human body for Biology Majors. Upon completion of this course, students will: (1) differentiate and demonstrate knowledge of human structure and function of body systems; (2) discuss the structure function relationships at all levels of organization in the human body; (3) demonstrate knowledge of tissue structure and function and the organization of tissues into organs and organ systems; (4) explain how homeostatic mechanisms regulate all body systems; (5) collect, present and analyze scientific data gathered in the laboratory.

**Biology 3200**  
Prerequisite: C or higher in BIOL 3400 and CHEM 1211  
A study of inheritance from Mendel’s classic studies to modern molecular genetics. Upon completion of this course, students will: (1) describe a gene and explain genotype and phenotype; (2) demonstrate knowledge of the process of gene expression and regulation; (3) describe basic inheritance patterns and the chromosomal basis of heredity; (4) define the structure of an organism’s DNA genome; (5) explain mutation as a source of genetic variability; (6) describe a historical perspective of genetics, identifying breakthroughs in discovery; (7) develop skills in analysis, problem-solving, communication and ethical perspectives as they apply to genetics.

**Biology 3300**  
Prerequisite: C or higher in BIOL 3400  
Upon completion of this course, students will: (1) demonstrate knowledge of microbial genetics including inheritance of information, causes, consequences and uses of mutations, exchange and acquisition of genetic information; (2) compare and contrast prokaryotic and eukaryotic cells as they apply to clinical diagnostics, antimicrobial therapy and antibiotic resistance; (3) explain the interactions and impact of microorganisms and hosts to include the pathology and epidemiology; (4) trace microbial evolution and diversity and discuss the role of microorganisms in the environment; (5) demonstrate proficiency in basic lab skills and communicate the results of experiments effectively.

**Biology 3400**  
Prerequisite: C or higher in BIOL 1107, BIOL 1108 and CHEM 1211  
A study of cell structure and function at the cellular, sub cellular and molecular levels. Upon completion of this course students will: (1) explain the structure and function of macromolecules; (2) describe cellular structures and their functions; (3) compare and contrast methods of membrane transport and ways in which proteins are sorted within the intracellular compartments; (4) explain mechanisms of cellular communication; (5) explain the mechanisms of gene expression; (6) demonstrate knowledge of cell cycle and its regulation; (7) critically assess and utilize scientific information as applied to real world problems.

**Biology 3440**  
Prerequisite: C or higher in BIOL 1107  
Lecture series, field trips, and local walking tours utilizing East Georgia State College’s walking trail. The course is designed to provide students with an overview of the natural history of five main topics - birds, reptiles and amphibians, mammals, arthropods and the woody plants of southeastern Georgia. Lectures encompass field biology techniques, habitat, descriptions, and identification of specimens. This course is designed for biology majors seeking a general understanding of nature of Georgia and sharing environmental concerns.

**Biology 3450**  
Prerequisite: C or higher in BIOL 3500  
A course dealing with topical issues that highlight the roles of ecology, economics, history, sociology, philosophy and politics in the conservation and management of wild living resources. Upon completion of this course, students will be able to: (1) explain the ecological principles upon which conservation is based; (2) describe the major approaches to conservation, including the differences and common threads; (3) demonstrate how ecological principles are currently applied to the conservation; (4) demonstrate an understanding of basic conservation biology issues.

**Biology 3460**  
Prerequisite: C or higher in BIOL 1107 and BIOL 1108  
Lecture series, and labs. The course is designed to provide students with an overview of the biology of vascular plants, including physiology, anatomy and morphology development, genetics, evolution and diversity, ecology and applied botany. This course is designed for biology majors seeking a general understanding of plant biology.

**Biology 3500**  
Ecology
3-3-4  Prerequisite: C or higher in BIOL 1107 and BIOL 1108
Upon completion of this course, students will be able to: (1) describe interactions within a population, community and ecosystem; (2) explain movement of energy and biogeochemicals within and through individuals, populations, communities and ecosystems; (3) discuss current and future impacts on biodiversity from habitat loss, introduced invader species, overexploitation, habitat degradation and global climate change; (4) analyze data using statistical methods and communicate scientific information gathered in the lab.

BIOL 3550  Entomology  3-3-4  Prerequisite: C or higher in BIOL 1108
An introduction to the biology of insects, including introductory treatment of insect anatomy and morphology, insect physiology, insect life history, insect behavior, insect ecology, and the taxonomy of major insect families. The laboratory portion of this course includes a strong focus on field studies of insect biodiversity, insect collection and curation, with the identification of local species emphasized. Field trips are required.

BIOL 3600  Zoology  3-3-4  Prerequisite: C or higher in BIOL 1107 and BIOL 1108
A survey of animal biology including laboratory experience. Upon completion of this course, students will be able to: (1) explain the classification, organization, and diversity of the Animal Kingdom; (2) explain environmental issues and impact on animal species; (3) effectively use technology to research and present biological topics; (4) communicate effectively regarding biological subjects in oral and written form using appropriate scientific terminology; (5) use the scientific process of hypothesis testing through laboratory experiments.

BIOL 3650  Terrestrial Ecology  3-3-4  Prerequisite: C or higher in BIOL 3500
Upon completion of this course, students will be able to: (1) explain the interactions within populations, communities, and ecosystems in terrestrial environments; (2) describe the properties of soils and explain their influence on primary production; (3) describe the flux of energy and biogeochemical within and through individuals, populations, communities, and ecosystems in terrestrial environments; (4) predict current and future impacts on biodiversity in terrestrial systems from habitat loss, introduced invader species, overexploitation, habitat degradation, and global climate change; (5) design experiments and surveys for terrestrial systems that incorporate appropriate statistical methodology.

BIOL 3900  Biotechnology  3-0-3  Prerequisite: C or higher in BIOL 3200 and BIOL 3400
A study of current topics and issues in biotechnology. Upon completion of this course, students will be able to: (1) explain commonly used biotechnology techniques and their application; (2) explain the major types of biotechnology including forensic, medical, microbial, agricultural and animal biotechnology; (3) discuss the ethical issues related to applications of biotechnology.

BIOL 4010  Principles of Virology  3-0-3  Prerequisite: C or higher in BIOL 3400 or permission of instructor
The basic thesis of the course is that all viruses adopt a common strategy for survival: 1) viral genomes are protected by enclosure in a protein particle; 2) viral genomes encode gene products that promote an infectious cycle; 3) infection patterns can overcome or co-exist with host defenses. The course will emphasize the common reactions that must be completed by all viruses for successful reproduction. The mechanism by which a small chemically defined infectious particle (a virus) is able to take over the genetic expression of the infected cell and exploit it for its own propagation remains a subject of intense research worldwide. Virtually all life forms serve as virus hosts. Therefore, study of the commonalities as well as the variances among virus-host relationships offers a fascinating and fertile area of study for biology students. Introduction methods will include lectures by the instructor, selected videos that illustrate complex concepts, and a term paper and presentation by students.

BIOL 4200  Bioinformatics  3-0-3  Prerequisite: C or higher in BIOL 3200 and BIOL 3900
A study of computational resources for biology applications. Upon completion of this course, students will be able to: (1) review biological databases and to use them proficiently; (2) explain the complexities of the genome and the annotation process; (3) demonstrate computer skills for retrieving and organizing biological information.

BIOL 4300  Biotechnology Laboratory  0-3-1  Prerequisite: C or higher in BIOL 3900 and BIOL 3300
A stand-alone laboratory course that concentrates on the fundamental laboratory techniques used in biotechnology. Upon completion of this course, students will: (1) master biotechnology laboratory skills through participation in a multi-week project; (2) explain the theories and design of experiments for the project applying those technologies; (3) develop skills in associated computer technologies appropriate to the project; (4) establish a detailed and accurate laboratory notebook.

BIOL 4400  Medical Entomology  3-3-4  Prerequisite: C or higher in BIOL 3550
Upon completion of this course, students will: (1) understand the global health impact of insect transmitted diseases; (2) describe the diversity of human pathogens and their insect vectors; (3) identify the major types of insects that transmit diseases to people and animals; (4) describe the biology of specific vector-pathogen interactions and disease in humans; (5) describe the methods used to control the vectors and diseases and list the barriers to effective control of many insect-transmitted diseases.

BIOL 4410  Industrial Microbiology  3-3-4  Prerequisite: C or higher in BIOL 3300
Upon completion of this course, students will: (1) demonstrate knowledge of cultivation and utilization in bioprocess engineering including fermentation systems and downstream processing; (2) explain methods for the production and application of bioengineered enzymes; (3) describe the processes involved in biomanufacturing of fuels, industrial chemicals, pharmaceuticals, food additives and food products; (4) demonstrate knowledge of environmental biotechnology, including waste water treatment, bioremediation and biomining.
BIOL 4500 Undergraduate Research Project
Prerequisite: Permission of faculty or research supervisor.
Students may conduct research with professors in the Department of Biology. Through this research project, students will: (1) gather accurate information about a possible career path; (2) effectively use the steps of the scientific method; (3) communicate in-depth scientific information effectively in oral and written form using appropriate terminology and charts/graphs; (4) collect and analyze data and present results in appropriate formats including chart, graph, and oral/written form.

BIOL 4550 Professional Skills for Biologist
Prerequisite: C or higher in BIOL 4500 or BIOL 4800
The course is designed to provide students with the necessary professional skills to pursue a career in the biological fields. These include the analysis of biological data, written (scientific paper), visual (poster) and oral (talk) presentations of scientific data, ethics and job application. Students will use the data that they collected during the BIOL 4500 or BIOL 4800.

BIOL 4700 Interdisciplinary Applications of Biology
Prerequisite: Consent of Instructor
Capstone problem-solving course required for all biology majors. Upon completion of this course, students will: (1) use library and internet resources to gather, organize, and understand information; (2) apply biological principles and information to real world issues; (3) analyze real world issues from a scientific, political, economic and social perspective; (4) effectively and clearly communicate scientific information in written and oral form.

BIOL 4750 Environmental Toxicology
Prerequisite: C or higher in BCHM 3100 or BIOL 3500
The foundations of environmental pollutants and biological health. Upon completion of this course, students will: (1) describe dose-response relationships; (2) describe absorption, distribution, storage, biotransformation, and elimination of toxicants; (3) describe the chemodynamics of contaminants in the environment including fate and transport; (4) perform risk assessment; (5) describe methods to test and regulate hazardous substances.

BIOL 4800 Internship
Prerequisite: Permission of Internship Coordinator
An internship or research project is required of all biology majors. Internships need to be approved 3-6 months prior to registration in the course. Upon completion of this internship, students will: (1) gather accurate information about a possible career path; (2) effectively use methodology associated with the profession such as the scientific method, problem solving in the work environment, or assuming responsible tasks of the profession; (3) communicate in-depth scientific information effectively in oral and written form using appropriate terminology and media; (4) collect and analyze data and interpret results in chart/graph and oral/written form.

BUSA 1105 Introduction to Business
Prerequisite: MATH 1001 or MATH 1111 may also be taken concurrently
Integrative study of the functional areas of business: finance, operations, marketing, human resources, etc.

BUSA 2105 Business Communications
Prerequisite: Consent of Instructor
Emphasizes both interpersonal and organizational communications including written and oral exercises appropriate to business practice.

BUSA 2106 The Environment of Business
Prerequisite: Consent of Instructor
Legal, regulatory, political, social, ethical, cultural, environmental and technological issues which form the context for business including an overview of the impact of demographic diversity on organizations.

CATS 1101 Critical & Academic Thinking for Success
This CATS 1101 course is the freshman seminar course at East Georgia State College. The course serves as a guide and support for students as they transition into college and develop their identity as student scholars. Methods of instruction include both discussion of key topics in class (thinking) and completion of assignments outside of class (doing). The required readings and class presentations guide students in their growth as scholars who pose problems, discover solutions, resolve controversies, evaluate knowledge and use effective communication skills. The course includes a badgeing (passport/portfolio) activity that enables students to self-regulate and take responsibility for their learning and production of knowledge. Lab activities linked to the course provide students with a venue for the practice of critical thinking, student engagement and effective communication. The course connects the new student to the resources and people on campus that can help the student be successful.

CHEM 1211 Principles of Chemistry I
Prerequisite: MATH 1001 or MATH 1111 may also be taken concurrently by written permission from the instructor
The fundamental principles, concepts, and theories, of chemistry are presented including nomenclature, chemical symbols, formulas, equations, and stoichiometry. This course will examine atomic structure, periodic law, chemical bonding, molecular structure and polarity, as well as the properties of solid, gases, and liquids. The course will also cover basic chemical reactions such as oxidation-reduction reactions and acid-base reactions. The laboratory will introduce students to the chemical safety the use of basic equipment, and methods of data collection, as well as the synthesis, isolation, and analysis of chemical compounds.

CHEM 1212 Principles of Chemistry II
Prerequisite: C or higher in CHEM 1211
A continuation of CHEM 1211, with emphasis on solution processes, chemical equilibrium, kinetics, acid-base chemistry, thermochemistry and electrochemistry. The laboratory will emphasize methods of analysis related to each of these chemical concepts.

CHEM 2411 Organic Chemistry I
Prerequisite: C or higher in CHEM 1212
The course will cover topics such as nomenclature, functional group reactions, reactions in solution, mechanisms, and reactions of functional groups. The laboratory will emphasize methods of analysis related to each of these chemical concepts.
An overview of the fundamental principles, theories and concepts of organic chemistry. The course will introduce the major organic functional groups, with an emphasis on the structure, nomenclature, and reactions of alkanes, alkenes, alkynes, aromatic compounds, and alcohols. The concepts of isomerism, stereochemistry, and reaction mechanisms will be discussed. The laboratory activities will familiarize students with the techniques used to produce, isolate, and characterize organic compounds, as well as maintain a formal laboratory notebook.

**CHEM 2412**  
Organic Chemistry II  
3-2-4  
Prerequisite: C or higher in CHEM 2411  
This course will continue with the concepts introduced in CHEM 2411, by discussing the structure, nomenclature, and reactions of ethers, aldehydes, ketones, carboxylic acids, esters, and amines, as well as derivatives of these functional groups. In addition, students will be exposed to methods used for analyzing and determining molecular structure, including mass spectroscopy, NMR, IR, UV, and visible spectroscopy techniques. The laboratory will introduce students to the methods for the synthesis, purification, and analysis of organic compounds.

**CHOI 1001**  
3-0-3  
This course is designed to be an introductory course to 21st Century Skills necessary for personal growth and career development. The course will provide a student with the opportunity to gain effective interpersonal and intrapersonal communication techniques for success in college, career, and life. Well-developed social interaction skills are critical for developing positive self-esteem, building relationships, and ultimately for acceptance into society. Students are exposed to experiences that are designed to further develop their ability to communicate effectively with others, establish friendships, and develop positive social relationships. Students will also begin the process of developing their Person-Centered Plan. Students will receive guidance form CHOICE Staff and family members to develop a “toolbox” of methods and resources that enable the student to choose their own pathways to success.

**CHOI 1002**  
Learning and Technology  
2-1-3  
This course emphasizes learning and innovation skills, information, media and technology skills and life and career skills. This interactive learning course provides opportunities for learners to explore and build skills for college work and develop a foundation of behaviors, habits and skills that will enable students to succeed and thrive in the working world.

**CHOI 1003**  
Workplace Readiness  
3-0-3  
The course is designed to introduce students to the process of career decision-making, educational planning, and job searching. Students will evaluate their personal career interests, values, skills and aptitudes. Students will understand the importance of matching career options to their personal preferences and how those preferences may change over time due to maturity and experiences. Job Shadowing is also a component of this course. Classroom exercises conducted prior to and following the job shadow are designed to help students connect their experiences to their course work and relate the visits directly to career pathways, related skills requirements, all aspects of an industry and post-secondary education options. This is a very interactive course and students will frequently use online tools and applications including multi-media programs, career assessments and research. Students will develop a job search portfolio and participate in a mock job interview.

**CHOI 1004**  
21st Century Skills II: Career Exploration and Planning  
3-0-3  
The course is designed to introduce students to the process of career decision-making, educational planning, and job searching. Students will evaluate their personal career interests, values, skills and aptitudes. Students will understand the importance of matching career options to their personal preferences and how those preferences may change over time due to maturity and experiences. This is a very interactive course and students will frequently use online search tools and applications include multi-media programs, career assessments and research. Student will develop a job search portfolio and participate in mock job interview.

**CHOI 2005**  
Independent Living Skills I: Learning and Earning  
2-2-3  
This course is designed to prepare students for responsible decision making in a variety of areas that confront young adults as they prepare to move into life beyond college. The primary focus of this course is the development of essential skills for living on their own, in a family or with others. Students are likely to try to balance family, career and community roles, manage their resources and develop lasting relationships. This course focuses on practical information and skills related to such topics as interpersonal and family relationships, financial literacy, career preparation, life management, healthy living, foods and nutrition, and housing.

**CHOI 2006**  
Career Planning  
3-0-3  
This course focuses on instructional methods, materials and curricula to introduce students to the fundamentals of planning, organizing and implementing a comprehensive job search campaign. Emphasis is placed on identification of individual career goals, assessments of skills and abilities, exploration of career options, analysis of the job market, and effective use of employment search tools (e.g., resumes, cover letters, interviewing, networking, and management of career pathways and resources. Discussion and debate are encouraged and includes presentations by Recruiters and Employer Representatives.

**CHOI 2007**  
Independent Living II: Empowered Transition  
3-2-4  
Prerequisite: C or higher in CHOI 2005  
This course is designed to help students to begin deliberate preparation for their professional lives after graduation, whether they plan to enter the workplace immediately, continue in their current profession or move on to third and fourth year programs or professional schools. As a result of this dual purpose, students are asked to demonstrate their ability to apply key knowledge and skills by planning, completing and presenting a culminating project linked to one of more area of personal communication and technology skills including additional relevant 21st century skills via completing a Career Interest Capstone Project. This initiative provides the students with a Capstone Project to showcase the skills they have acquired while participating in the CHOICE Program at East Georgia State College over the past two years. It combines both academic as well as career requirements intended to challenge the students’ ability, stretch their limitations, and celebrate their individuality. The work component of the course (laboratory) provides students with on the job training opportunities that are directly related to their career goal and course of study identified through their Person-Centered Plan and Career Portfolio. This learning experience is designed to bridge the gap between program and work. Appropriate supervision by CHOICE staff will be maintained.
Fundamentals of Computer Applications
An in-depth investigation of the operating system and suite of applications. Emphasis will be placed on showing how word processors, spreadsheets, relational databases, and presentation graphics software can be used together to produce effective results. Plus, the utilization of computer technology to enhance organizational communications and decision making will also be examined.

Intercultural Communication
This course examines the basic elements of interpersonal communication and culture as the two relate to one another. An introduction to principles and skills of effective communication between individuals, students will study a variety of topics, including verbal and non-verbal channels, cultural identity, conflict resolution, listening and communication barriers.

Public Speaking
Presents the fundamental principles of effective oral communication. Students will prepare and deliver impromptu, extemporaneous, and manuscript speeches which inform or persuade the audience; special purpose speeches such as introductions or acceptance speeches; and use visual aids in oral presentations. Required of all students.

Communications Production (Print Media)
Practical application of principles of writing, editing, art, layout and design through desktop publishing of literary and art magazine or other College publication.

Communications Production (Theatre)
Credit awarded to students who have been designated by the director of a theatrical production of the College as members of the cast, crew, or production team.

Communication Arts Portfolio
Prerequisite: COMM 1110 or COMM 1010
This three-credit hour Directed Study with a qualified Art, Communications or English professor is focused on the development of a portfolio to demonstrate the student’s proficiency in one or more areas of Communication Arts.

Correll Scholars Program Seminar
The Introductory course in the Correll Scholars Program that is premised upon introducing first year scholars to the value and importance to the local community and the State of Georgia, as well as surveying the many facets of the Wiregrass/Pine Barrens region of the State of Georgia.

Correll Scholars Program Seminar on State and Regional Issues
Prerequisite: C or higher in COSP 1101
The second required seminar of the Correll Scholars Program, this course builds upon the content of the first course, an introduction to service and a variety of issues of local importance, expanding the focus to the impact of these issues statewide and regionally. Methods of evaluation of student success include short essays, quizzes, journal assignments, examinations, presentations, and portfolio development.

Correll Scholars Program Seminar on National and International Issues
Prerequisite: C or higher in COSP 1102
As the third required seminar of the Correll Scholars Program, this course builds upon the content of the two earlier courses with an introduction to service and a variety of issues of national and global importance. Methods of evaluation of student success include short essays, journal assignments, examinations, presentations, and portfolio development.

Correll Scholars Program Practicum
Prerequisite: COSP 2101
This final course in the Correll Scholars Programs provides the student with the opportunity to observe the practice of service learning, academic research and professional development by providing a structured and extended on-campus experience related to a student’s career interests. During the course, students are expected to integrate classroom knowledge with work experience, develop practical career-related skills and training, explore a career before graduation, and obtain work experience and professional attributes for future employment. To complete this course, students must work a total of 50 hours with an EGSC faculty member and complete three learning modules on D2L and a final research summary paper. Practicum assignments are subject to the approval of the Director of the Correll Scholars Program.

Introduction to Social Science Research Methods
Prerequisite: SOCI 1101; May be taken concurrently with SOCI 1160 and/or MATH 1121.
Introduction to Social Science Research Methods provides the student with a comprehensive treatment of research methods commonly used in the social sciences to analyze social phenomena in a rigorous and scientific manner. Topics include critical evaluation of research, ethics in research, issues of accuracy such as objectivity, validity, and reliability, the research process, inductive and deductive approaches, quantitative and qualitative studies, surveys, experimental studies, and use of existing database resources. Students will learn the necessary practical skills required for the practice and application of research and the skills required for both written and oral dissemination of research results.

Introduction to Criminal Justice
A survey of the law enforcement agencies on the local, state, and federal levels and an overview of the administration of justice in the United States.

Criminology
Evaluation of the scope of crime, its causes, society's reaction to criminals, correctional treatment of criminals, and post-release problems.
CRJU 2701  Courts and Basic Criminal Procedures
3-0-3
Introduces criminal procedures, including theory of an investigation, conduct at crime scenes, collection and preservation of physical evidence, court presentation, and rules regarding admissibility of evidence.

CSCI 1301  Programming Principles I
Prerequisite: C or higher in MATH 1111
3-2-4
Provides a fundamental understanding of computer programming with emphasis on “object-oriented”, structured, top-down development and testing. Concepts include the following: an overview of computer system design and JAVA programming, problem solving and algorithm development using simple data types and control structures, arithmetic and logical operators, selection structures, repetition structures; text files, arrays (one- and two- dimensional), implementation and testing of programmed problem solutions, modular programming including subprograms or equivalent.

CSCI 1302  Programming Principles II
Prerequisite: C or higher in CSCI 1301
3-2-4
Software development techniques in an object oriented computer language, a continuation of CSCI 1301. Emphasis is on advanced programming techniques such as system methods, recursion, data driven and event-driven design and implementation, GUI, algorithm efficiency and file processing techniques.

ECON 2105  Principles of Macroeconomics
3-0-3
The American economy and its place in the global economy. The impact of government policies on economic performance is emphasized.

ECON 2106  Principles of Microeconomics
3-0-3
Analysis of how individual households and firms behave in specific markets. The focus will be on how costs, prices and outputs are determined in a variety of market structures.

EDUC 2110  Investigating Critical & Contemporary Issues in Education
Prerequisite: C or higher in ENGL 1101
3-0-3
Students engage in analysis of critical and contemporary educational issues in the socio-political contexts of education settings in Georgia and the U.S., examining the teaching professional from perspectives from within and outside the school. Students interpret the meaning of education and schooling in a diverse culture and examine the moral and ethical responsibilities of teaching in a democracy. A practicum is required in preschool or elementary school for this course. Students must earn a grade of 'C' to pass the course.

EDUC 2120  Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts
Prerequisite: C or higher in ENGL 1101
3-0-3
Course examines 1) the nature and function of culture; 2) the development of individual and group cultural identity; 3) definitions and implications of diversity; and 4) the influences of culture on learning, development, pedagogy. Future teachers acquire knowledge of teaching children from diverse backgrounds. A practicum is required in preschool or elementary school for this course. Students must earn a grade of 'C' to pass the course.

EDUC 2130  Exploring Teaching and Learning
Prerequisite: C or higher in ENGL 1101
3-0-3
Course explores aspects of learning and teaching through examining individual and group learning processes, with the goal of applying knowledge to enhance the learning of all students in a variety of educational setting and contexts. A practicum is required in preschool or elementary school for this course. Students must earn a grade of ‘C’ to pass the course.

ENGL 0999  Composition I Support
Institutional Credit Only
1-0-1
A course designed to support students who enroll in Composition I. Topics will include competencies required for effective writing in a variety of contexts with an emphasis on exposition, analysis, and argumentative, including an introduction to a variety of research skills. Supplementary reading may include essays or a novel.

ENGL 1101  Composition I
Co-requisite: enroll in ENGL 0999.
3-0-3
Focuses on skills required for effective writing in a variety of contexts with an emphasis on exposition, analysis, argumentation including an introduction to a variety of research skills. Supplementary reading will include essays and a contemporary novel.

ENGL 1102  Composition II
Prerequisite: C or higher in ENGL 1101
3-0-3
A literature-based composition course that develops writing skills beyond the levels of proficiency required by ENGL 1101. Emphasizes interpretation and evaluation of literature that incorporates a variety of more advanced research methods, culminating in a documented research paper. Supplementary reading includes a contemporary novel.

ENGL 1104  Introduction to Technical Communication
Exit or exemption from corequisite Learning Support (ENGL 0999).
3-0-3
An introduction to writing in professional settings, including email, social media resume writing, brochures, memorandum, reports, and proposals. Strong emphasis on oral presentation.

ENGL 2111  World Literature I
Prerequisite: C or higher in ENGL 1102
3-0-3
A survey of the literary masterpieces from the classical period to the mid-seventeenth century. Authors studied include Homer, Sophocles, Chaucer, Dante, Shakespeare, and Donne. Emphasis is placed on reading the complete texts and discussing the literary periods.
ENGL 2112 World Literature II  
Prerequisite: C or higher in ENGL 1102  
A survey of the literary masterpieces from the mid-seventeenth century to the present. Authors studied include John Keats, Gustave Flaubert, Henrik Ibsen, Anton Chekhov, Emily Dickinson, and T.S. Eliot. Emphasis is placed on reading the complete texts and discussing literary periods.

ENGL 2120 British Literature  
Prerequisite: C or higher in ENGL 1102  
A survey of important works of British literature.

ENGL 2130 American Literature  
Prerequisite: C or higher in ENGL 1102  
A survey of important works of American literature.

ENGL 2150 African American Literature  
Prerequisite: C or higher in ENGL 1102  
A survey of African American literature contextualized within historical movements. Students will read, discuss, and write about a variety of traditional and non-traditional texts that represent the diversity of the African American literary endeavor.

ENGL 2140 Survey of Children's Literature  
Prerequisite: C or higher in ENGL 1102  
Prepares students to demonstrate an understanding of the traditions and chief characteristics of literature written for and read by children and young adults, and to become familiar with some of the noted authors, illustrators, and scholars of the genre. Students will study genre distinctions, gender politics, and both philosophical and theoretical approaches to understanding the world that children's literature engages, and they will demonstrate skills in critical thinking, analytical reading, discussion supported by textual evidence, and writing about children's and young adult literature. Students will be evaluated through essays and formal letters, journal/blog assignments, examinations, and a website presentation project.

ENGL 2200 Creative Writing  
Prerequisite: All English Learning Support requirements must be satisfied.  
In order to cultivate a clear analytical view of the human condition it is necessary to study the works of accomplished literary artists and engage in the creation of original works. The course will explore the technical and aesthetic elements of poetry, drama, and narrative prose, focusing on the modes of writing, methods of development, and the refinement of expressive language skills. Workshop sessions, in which student writing will be critiqued by peers and the instructor, will be followed by public readings and performances, resulting in a final portfolio. In addition, the course will also examine the procedures for submission to literary journals, theater companies, and contests.

ENGL 2989 Environmental Literature of the United States  
Prerequisite: C or higher in ENGL 1102  
A survey of American writers who explore the physical and spiritual relationship between humanity and the natural world, with emphasis on the symbiotic nature of that relationship.

ENGL 2999 Special Topics in Literature  
Prerequisite: C or higher in ENGL 1102  
This course focuses on a specific theme, culture or genre of literature. Topics will be announced when the course is offered.

ENGL 3000 Environmental Literature of the United States  
Prerequisite: C or higher in ENGL 1102 and for junior or senior level students only  
A survey of American writers who explore the physical and spiritual relationship between humanity and the natural world, with emphasis on the symbiotic nature of that relationship.

FESA 2101 Principles of Emergency Services  
3-0-3  
This course provides an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire department as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; and life safety initiatives.

FESA 2102 Fire Behavior and Combustion  
3-0-3  
This course explores the theories and fundamentals of how and why fires start, spread and are controlled.

FESA 2104 Fire Prevention  
3-0-3  
This course provides fundamental knowledge relating to the field of fire prevention. Topics include: history and philosophy of fire prevention; organization and operation of a fire prevention bureau; use and application of codes and standards; plans review; fire inspections; fire and life safety education and fire investigations.

FESA 2105 Building Construction for Fire Protection  
Prerequisite: FESA 2101  
This course provides the components of building construction related to firefighter and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations and operating at emergencies.

FESA 2106 Fire Protection Systems  
3-0-3  
This course provides information relating to the features of design and operation of fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection and portable fire extinguishers.
FESA 2109  Principles of FES Safety and Survival
This course introduces the basic principles and history related to the national firefighter life and safety initiatives, focusing on the need for cultural and behavioral change throughout the emergency services.

FESA 3101  Fire and Emergency Services Administration
This course is designed to be a progressive primer for students who want more knowledge about fire and emergency services administration. The course demonstrates the importance of the following skills, necessary to manage and lead a fire and emergency services department through the challenges and changes of the 21st century: Persuasion and influence, accountable budgeting, anticipation of challenges and the need for change, and using specific management tools for analyzing and solving problems. A central part of the course focuses on how the leadership of a fire and emergency services department develops internal and external cooperation to create a coordinated approach to achieving the department’s mission.

FESA 3102  Fire Prevention Organization and Management
This course examines the factors that shape fire risk and the tools for fire prevention, including risk reduction education, codes and standards, inspection and plans review, fire investigation, research, master planning, various types of influences, and strategies.

FESA 3103  Ethics in Public Service
This course increases student proficiency in making ethical decisions in the provision of emergency service. No other government services are granted the same degree of public trust, so ethics can be challenging and complex. Students will discover how to consider problems in terms of their ethical implications. Students will also learn a model for making ethical decisions.

FESA 3104  Community Risk Reduction
This course provides a theoretical framework for the understanding of the ethical, sociological, organizational, political, and legal components of community risk reduction, and a methodology for the development of a comprehensive community risk reduction plan.

FESA 3105  Emergency and Disaster Planning
This course examines concepts and principles of community risk assessment, planning, and response to fires and natural and human-caused disasters, including National Incident Management System—Incident Command Systems (NIMS ICS), mutual aid and automatic response, training and preparedness, communications, civil disturbances, terrorist threats/incidents, hazardous materials planning, mass casualty incidents, earthquake preparedness, and disaster mitigation and recovery.

FESA 3106  Fire Analysis and Investigation
This course examines the technical, investigative, legal, and social aspects of arson, including principles of incendiary fire analysis and detection, environmental and psychological factors of arson, legal considerations, intervention, and mitigation strategies.

FESA 3107  Advanced Principles in Fire and Emergency Services Safety and Survival
This course broadens the scope of the national firefighter life safety initiatives, and emphasizes their importance at the supervisory and managerial levels. This course also focuses on the need for cultural and behavioral change throughout the emergency services field, and the role of the supervisor and/or chief officer in this process. This course examines each of the 16 Life Safety Initiatives and the role of leadership and management in their implementation.

FESA 3108  Managerial Issues in Hazardous Materials
This course presents current issues in management of a department-wide hazardous materials program. It includes issues that are pertinent to officers and managers in public safety departments, including regulations and requirements for hazardous materials (hazmat) preparedness, response, storage, transportation, handling and use, and the emergency response to terrorism threat/incident. Subjects covered include State, local and Federal emergency response planning, personnel and training, and operational considerations such as determining strategic goals and tactical objectives.

FESA 3109  Strategies and Tactics for Fire and Emergency Services
This course is designed for the Fire Officer who is responsible for commanding a fire or emergency scene involving multiple companies. Subject areas include principles and tactics of fire service ground control, including fireground factors and management, command operations and functions, life safety, personnel, equipment, and extinguishing agents.

FESA 3110  Natural Disaster Management
This course covers basic principles of natural disaster management. This course highlights several hazard types as topical investigations, as well as the processes and considerations of management options for preparedness, response, recovery, and mitigation. This will include but not be limited to understanding basic natural hazard mechanisms, the range of physical and human impacts, linkages to demographic and environmental transitions, and both structural and non-structural mitigation techniques. All management techniques are framed within existing U.S. Federal guidelines.

FESA 3111  Fire-Related Human Behavior
This course presents a study of human behavior in fire and other emergency situations. Students will examine current and past research on human behavior, systems models, life safety education and building design to determine interactions of these areas in emergency situations. Students will develop an understanding of a best-practice building life safety system as one that combines knowledge in the areas of the best possible outcomes in terms of human survivability in an emergency.

FESA 4101  Political and Legal Foundations of Fire Protection
This course examines the legal aspects of the fire service and the political and social impacts of legal issues. This course includes a review of the American legal system and in-depth coverage of legal and political issues involving employment and personnel matters, administrative and operational matters, planning and code enforcement, and legislative and political
processes with regard to the fire service.

**FESA 4102**  
Applications of Fire Research  
3-0-3  
This course examines the basic principles of research and methodology for analyzing current fire-related research. The course also provides a framework for conducting and evaluating independent research in the following areas: fire dynamics, fire test standards and codes, fire safety, fire modeling, structural fire safety, life-safety, firefighter health and safety, automatic detection and suppression, transportation fire hazards, risk analysis and loss control, fire service applied research and new trends in fire-related research.

**FESA 4201**  
Seminar in Fire and Emergency Services  
3-0-3  
This course is designed for advanced students and presents a series of topics only occasionally encountered. Much of the material is supplemental to previous course work. Students are expected to present a research project to the class.

**FESA 4202**  
Practicum  
3-0-3  
The Practicum is designed to give students supervised practical application of previously studied knowledge and skills. Practicum experiences can occur in a variety of locations appropriate to the nature and level of experience. This course provides the student with structured and individualized experiential learning opportunities in the emergency services. Students will work with a coordinator or faculty member from the College. The student’s experience will be related to academic studies and must contribute significantly to professional development. Arrangements must be made prior to registration, including acceptance of initial proposal and assignment. A written final report must be submitted. May be repeated for a maximum of six credit hours.

**FESA 4203**  
Capstone in Fire and Emergency Services  
3-0-3  
This capstone course allows students to analyze specific program related issues and problems using the knowledge and understanding gained by completing the required courses in the program and a significant number of the major courses. This is a capstone course to be taken after all other Fire Science courses have been satisfactorily completed.

**FILM 1100**  
Introduction to Film  
3-0-3  
This course will introduce students to the academic study of film. After taking this course, students will have a better understanding of and appreciation for film as an art form and a business. Students will learn film history, including its major filmmakers, narrative and non-narrative modes of filmmaking, stylistic components, and the language of film style.

**FREN 1001**  
Elementary French I  
3-0-3  
Beginning French, designed for the student who has had little or no exposure to the language. Emphasis will be placed on speaking, reading, and writing French through the study of grammar, composition, and pronunciation. Students will be introduced to the culture of French-speaking regions and countries. Classes will be conducted in the language to the fullest extent possible. This course is intended to be used for students who must satisfy a CPC deficiency in foreign language; however, it may also be used as humanities credit in certain majors and transfer pathways.

**FREN 1002**  
Elementary French II  
3-0-3  
Prerequisite: FREN 1001 or high school equivalent  
A continuation of French I with increased emphasis on conversation, reading, writing and further study of the culture of French-speaking regions and countries. Classes will be conducted in the language.

**FREN 2001**  
Intermediate French I  
3-0-3  
Prerequisite: FREN 1002 or high school equivalent  
Continued study of the fundamentals of French with increased emphasis on composition and reading. Classes will be conducted in the language.

**FREN 2002**  
Intermediate French II  
3-0-3  
Prerequisite: FREN 2001 or high school equivalent  
Completion of essential grammar study including selected readings from representative authors in French and written literary analysis. Classes will be conducted in the language.

**GEOL 1121**  
Physical Geology  
3-2-4  
It is strongly recommended that student take MATH 1001 or MATH 1111 prior to or while taking this course. Provides both science and non-science majors alike with information about the physical composition of earth and the internal and external processes operating in the evolution of this planet. Mineral and rock identification, map reading skills, and written exercises are emphasized in the lab.

**GEOL 1122**  
Historical Geology  
3-2-4  
Prerequisite: GEOL 1121  
Provides both science and non-science majors alike with information about the physical and biological evolution of earth throughout geologic time. Absolute and relative age dating, fossil identification, and written exercises emphasizing application of the scientific method to geology are emphasized in the lab.

**GEOL 1123**  
Environmental Geology  
3-0-3  
Introductory course designed to provide both science and non-science majors alike with an understanding of the relationships between geology, geologic hazards, and human activities.

**HIST 1111**  
Western Civilization to 1648  
3-0-3  
The first half of a two semester survey of the political, social, and cultural developments of western civilization. The primary emphasis will be on the ancient and medieval periods.
HIST 1112 Western Civilization since 1648  
3-0-3  
The second half of a two semester survey of the political, social, and cultural developments of western civilization. The primary emphasis will be on the modern period.

HIST 2111 U.S. History to 1865  
3-0-3  
A survey of United States history from the fifteenth-century Age of Discovery through the Civil War of 1861-1865. Content includes the history of Georgia and its constitutional development. Successful completion of this course satisfies the legislative requirements in U.S. and Georgia history.

HIST 2112 U.S. History since 1865  
3-0-3  
A survey of United States history from Reconstruction to the present. Includes the history of Georgia and its constitutional development. Successful completion of this course satisfies the legislative requirements in U.S. and Georgia history.

HIST 2200 Black History  
Prerequisite: HIST 2111 or 2112  
3-0-3  
This course will survey the chronological period from the beginning of the Atlantic slave trade in the 1400s to the post-civil rights movement years of U.S. history. It will divide black history into essentially 3 broad phases: slavery, Jim Crow and modern times. It will identify the black leaders in each phase and cover the issues that most affect the black population during each phase.

HIST 2300 History of Science  
Prerequisite: C or higher in ENGL 1101  
3-0-3  
This subject introduces the history of science from antiquity to the present. Students develop a definition of what has come to be called "science" in the Western tradition, through exploration of pre-scientific concepts such as alchemy and astrology to the work of pre-day scientists. The course also provides an overview of founders and theories in astronomy. Finally, students will discuss the impact of technology and its influences, positive and negative, on globalization.

HLTH 2051 Health  
2-0-2  
Increases the student's understanding of the human body and the health habits necessary for the maintenance of an efficient and productive life in today's society.

HLTH 2181 First Aid  
0-2-1  
Covers the theory and practice of standard first aid and CPR. Methods and techniques taught in this course will allow the student to qualify to take the American Red Cross Community CPR test and the American Red Cross Standard First Aid test. The American Red Cross has a minimum charge for certification.

HLTH 2200 Introduction to Nutrition, Fitness and Sport  
Prerequisite: BIOL 2511  
3-0-3  
The purpose of this course is to provide the Exercise Science student with current knowledge and information in the development of the nutritional needs and requirements necessary for the maintenance of an efficient and productive life in today's active society.

INTC 1100 Introduction to Information Technology  
3-0-3  
For students majoring in information technology. Topics include foundations in hardware, software, data and procedures. Students are introduced to structured programming techniques, systems development, database design and networking. Business ethics, interpersonal skills and team building are emphasized.

INTC 1200 Foundations of System Analysis  
3-0-3  
Surveys methods of information system design and implementation. A project-based class which demonstrates by example and experience the process of building systems from needs analysis and definition through specifications and implementation.

INTC 1300 Foundations of Project Management  
3-0-3  
An introduction to project management techniques and tools as applied to information systems projects including: resource and personnel management and allocation, product testing, scheduling, and project management software.

INTC 1400 Basic Database Applications and Design  
3-0-3  
A foundation course in terminology, concepts and applications of database processing including file organization and data structures. The course emphasizes database design using various modeling techniques. Students are expected to design, create and process a database to demonstrate competency in the course content.

INTC 1500 Basic Networking  
3-0-3  
Introduces terminology, applications of communications and networking as essential elements of computer and business information systems. Students gain experience with communications hardware, software, media, LAN and WAN systems.

INTC 1600 Introductory Webmaster  
3-0-3  
Focuses on the writing of HTML code, knowledge of basic control structures, language syntax, file structures and the planning and design of web pages for target audiences. Students will learn techniques for client interfacing, project development, paper mock-up and on-line mock-up of webpages. In addition, the course focuses on hypertext design and navigation, application interface, copyright and ownership issues, ethics and privacy, licensing and trademark issues.

INTC 2100 Internship in Information Technology  
Prerequisite: INTC 1100  
3-0-3  
Students complete internships with local businesses to focus and apply information technology skills. Hours may vary, but generally range between 20-40 hours per week. Employers agree to evaluate student performance in the workplace in coordination with the college. Students must articulate clear goals and objectives and document their progress.

<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>INTC 2150</td>
<td>Information Technology Seminar</td>
<td>3-0-3</td>
<td>Prerequisite: INTC 1400</td>
<td>Selected topics to develop skills necessary to function competently in the business world of information technology. Topics could include: resume writing, electronic resumes, cover letters, group and individual interviewing techniques, job research, portfolio development, business ethics and professional organizations.</td>
</tr>
<tr>
<td>INTC 2400</td>
<td>Intermediate Database Design</td>
<td>3-0-3</td>
<td>Prerequisite: INTC 1500</td>
<td>An intermediate level skills course in database design. Topics include reports, forms, OLE fields, sub forms, macros, VBA and the switchboard manager. An introduction to relational database theory and database design is included. This course continues the study of relational databases with additional topics. Student teams create a database to demonstrate competency in course content and skills.</td>
</tr>
<tr>
<td>INTC 2500</td>
<td>Intermediate Networking</td>
<td>3-0-3</td>
<td>Prerequisite: INTC 1500</td>
<td>An intermediate course in terminology, concepts and applications of data communications technology including network topologies, network devices, standards and protocol analysis. Hands-on experience provided in the use of data communications hardware, software, facilities and media.</td>
</tr>
<tr>
<td>INTC 2600</td>
<td>Intermediate Webmaster</td>
<td>3-0-3</td>
<td>Prerequisite: INTC 1600</td>
<td>An intermediate course in web page production. Topics include: the application of graphics, sound video, and animation in the creation of interactive multimedia web sites. Students will gain familiarity with a variety of browsers and plug-ins and will focus on the skill of analyzing leading edge software tools. Students will examine graphic and image formats and processing using leading edge software tools.</td>
</tr>
<tr>
<td>ISCI 1101</td>
<td>Integrated Science</td>
<td>3-2-4</td>
<td></td>
<td>A multi-disciplinary course for non-science majors. Students are introduced to fundamental principles of astronomy, biology, chemistry, geology, and physics. The course will focus on the scientific method and critical thinking and will include written laboratory exercises.</td>
</tr>
<tr>
<td>ISCI 2001</td>
<td>Life and Earth Science for Early Childhood Education Teachers</td>
<td>2-2-3</td>
<td></td>
<td>An Area F course for education majors with an integrated overview of the core of Life and Earth Science content covered in the K-5 Georgia Performance Standards. Topics include the solar system, earth processes, and characteristics of living organisms, biodiversity, and the natural history of Georgia. Students will gain conceptual understanding through inquiry-oriented activity based pedagogical strategies in order to have experiences learning science content in the ways they will be expected to teach in the future.</td>
</tr>
<tr>
<td>ISCI 2002</td>
<td>Foundations of Physical Science</td>
<td>2-2-3</td>
<td>Prerequisites: C or higher in MATH 1001, MATH 1111 or MATH 1113 plus a C or higher in one Area D laboratory science Biology, Physics, Geology, Integrated Science or Chemistry.</td>
<td>Course for Area F early childhood education majors, it will provide additional content in the physical sciences, particularly physics, and chemistry, with special emphasis in those topics listed in the K-5 Georgia Performance Standards. Conceptual understanding of these topics will be emphasized through exploration and experimentation.</td>
</tr>
<tr>
<td>LACS 1100</td>
<td>Latin American Culture</td>
<td>3-0-3</td>
<td></td>
<td>An introduction to Latin American culture and society, with an emphasis on literary, social, and historical topics, themes, and processes that have shaped, and continue to shape the region.</td>
</tr>
<tr>
<td>MATH 0997</td>
<td>Quantitative Skills and Reasoning Support</td>
<td>1-0-1</td>
<td>Institutional Credit Only</td>
<td>This course provides additional instruction for students who are deficient in basic mathematics and enrolled in MATH 1001. This course places quantitative skills and reasoning in the context of experiences that students will be likely to encounter. It emphasizes information in context from a variety of representations, understanding of both the information and the processing, and understanding which conclusions can be reasonably determined.</td>
</tr>
<tr>
<td>MATH 0998</td>
<td>Math Modeling Support</td>
<td>1-0-1</td>
<td>Institutional Credit Only</td>
<td>This course provides additional instruction for students who are deficient in basic mathematics and enrolled in MATH 1101. This course is designed to allow students to simultaneously satisfy their LS requirement and take MATH 1101, an Area A Math. The course will cover the Beginning or Intermediate Algebra topics needed for the student to be successful in Mathematical Modeling.</td>
</tr>
<tr>
<td>MATH 0999</td>
<td>College Algebra Support</td>
<td>1-0-1</td>
<td>Institutional Credit Only</td>
<td>A course designed to support students who enroll in college algebra. Topics will include factoring, radical expressions, solutions of linear equations with applications and equations involving rational expressions, graphing linear equations and quadratic equations with applications, the study of functions, their graphs, inequalities, and linear quadratic piece wise defined rational, polynomial, exponential, and logarithmic functions. Appropriate applications will be included.</td>
</tr>
<tr>
<td>MATH 1001</td>
<td>Quantitative Skills and Reasoning</td>
<td></td>
<td></td>
<td>This course provides additional instruction for students who are deficient in basic mathematics and enrolled in MATH 1001. This course places quantitative skills and reasoning in the context of experiences that students will be likely to encounter. It emphasizes information in context from a variety of representations, understanding of both the information and the processing, and understanding which conclusions can be reasonably determined.</td>
</tr>
</tbody>
</table>
Course places quantitative skills and reasoning in the context of experiences that a student will likely encounter. Emphasis is placed on acquiring skills that will enable a student to construct logical arguments based on rules of inference and to develop strategies for solving quantitative problems.

**MATH 1101**

*Introduction to Mathematical Modeling*

*Co-requisite: MATH 0998*

An introduction to mathematical modeling using graphical, numerical, symbolic, and verbal techniques to describe and explore real-world data and phenomena. Emphasis is on the use of elementary functions to investigate and analyze applied problems and questions supported by the use of appropriate technology, and on effective communication of quantitative concepts and results.

**MATH 1111**

*College Algebra*

*Co-requisite: MATH 0999*

A functional approach to algebra that incorporates the use of appropriate technology. Emphasis will be placed on the study of functions, their graphs, inequalities, and linear quadratic piece-wise defined rational, polynomial, exponential, and logarithmic functions. Appropriate applications will be included.

**MATH 1113**

*Pre-Calculus*

*Prerequisite: C or higher in MATH 1111 or SAT Math Score 530 or higher*

Prepares students for calculus, physics, and related technical subjects. Topics include an intensive study of algebraic and trigonometric functions with applications.

**MATH 1121**

*Introduction to Statistics*

*Prerequisite: C or higher in MATH 1001 or MATH 1111*

Emphasizes a practical approach to statistics. Topics include descriptive statistics, probability, the binomial and normal distributions, hypothesis testing, estimation, correlation, and regression.

**MATH 1232**

*Survey of Calculus*

*Prerequisite: C or higher in Area A Math course*

Covers the fundamental elements of differential and integral calculus of algebraic, logarithmic and exponential functions. Topics include a brief review of algebraic principles, limits, derivatives and integrals. Oriented towards applications in business and economics. Appropriate technology will be incorporated throughout the course.

**MATH 1540**

*Calculus I*

*Prerequisite: C or higher in MATH 1113 or consent of instructor*

Topics include a study of limits and continuity, derivatives of algebraic and transcendental functions with applications, the definite integral, the Fundamental Theorem of Calculus, and applications of the integral to areas and volumes.

**MATH 2008**

*Foundation of Numbers and Operations*

*Prerequisite: C or Higher in MATH 1001, MATH 1111 or MATH 1113*

An introductory mathematics course for early childhood education majors. The emphasis will be on understanding and use of major concepts of number and operations. As a general theme, strategies of problem solving will be used and discussed in the context of various topics.

**MATH 2012**

*Calculus II*

*Prerequisite: C or higher in MATH 1540*

Topics include techniques of integration, further applications of the integral, a study of exponential and logarithmic functions, improper integrals, indeterminate forms, infinite series, and power series.

**MATH 2013**

*Calculus III*

*Prerequisite: C or higher in MATH 2012*

Topics include polar coordinates, parametric equations, and multi-variate calculus including partial differentiation, multiple integration, and vectors in two-dimensional and three-dimensional space.

**MATH 2220**

*Elementary Linear Algebra*

*Prerequisite: C or higher in MATH 1540*

An introduction to systems of linear equations, matrices, determinants, vector spaces, linear transformations, and eigenvalues and eigenvectors.

**MSCI 1111**

*Introduction to Military Science*

*Co-requisite: MSCI 1510*

Instruction provides the basics of the U.S. Army and its role in National Defense. Includes the following subjects: the roles of the U.S. Army in national defense, organization and branches of the U.S. Army and its role, customs and traditions of the service, military writing, implementing a personal physical fitness program, role of the ARNG and USAR, and roles of the commissioned and non-commissioned officer.

**MSCI 1510**

*Mountaineering*

*Co-requisite: MSCI 1111*

A course designed to introduce mountaineering skills, fundamentals and knowledge.

**MSCI 1122**

*Basic Military Leadership*

Continues the development of critical military skills, leadership, and management techniques. Provides basic leadership techniques and principles, professional ethics and senior subordinate relationships. Skills development includes instruction in basic marksmanship techniques including safety procedures and firing Army small arms weaponry. One weekend field trip is required.
MSci 2121  
Basic Military Skills  
Prerequisite: MSci 1122 
Instruction and practical exercises covering basic skills necessary as a future leader in the U.S. Army. Includes the following subjects: land navigation and map reading, basic first aid, survival and communications.

MSci 2122  
Basic Military Tactics  
Prerequisite: MSci 1122 
Introduces students to the fundamentals of Army leadership and management techniques. Focus is placed on the mission, organization and composition of small unit teams, principles of offensive operations stressing firepower, movement, communications techniques and introduction to troop leading procedures.

Musc 1100  
Music Appreciation  
3-0-3  
Introduction to Music History and Literature.

Nurs 3101  
Transition into Professional Nursing  
Prerequisite: Admission into RN-BSN Program  
This course is designed to build upon a solid liberal education base, previous nursing knowledge and skills obtained at the Associate Nursing degree level. This course will focus on nursing theory, the role of evidence-based practice in nursing. This course will investigate nursing professional roles as advocates for the patient and the profession, inter-professional team member; critical analysis of national and global socio-political, economic, cultural, ethical-legal, professional certification and professional issues affecting nursing practice and health care.

Nurs 3102  
Health Assessment  
Prerequisite: Admission into RN-BSN Program  
This course is designed to build upon assessment skills acquired in the ASN and clinical practice setting. Current skill levels will be enhanced through didactic instruction for clients across the lifespan. The interview process will be explored, emphasizing health history. A cultural approach will be included. The clinical/simulation laboratory hours will allow for the practice of new assessment techniques and offer an opportunity to develop interview skills.

Nurs 3103  
Nursing Research: Introductory Evidence-Based Practice  
Prerequisite: Math 1121 and Admission into RN-BSN Program  
This novice level course teaches basic nursing research techniques and introduces the role of research as a foundation for evidence-based nursing practice. The course will introduce the practical application of research to nursing practice. The critique of published nursing research will enhance the understanding of the research process and its application to evidenced-based nursing. Students will read and analyze published scholarly research. The student will apply the principles learned through select written activities.

Nurs 3104  
Health Promotions in Communities  
Prerequisite: ‘C’ or higher in NURS 3101  
A course which emphasizes the health problems of individuals, families and groups found across the lifespan in the community. This course provides an in depth examination of the theories and principles of community and public health nursing. Emphasis is placed on community health assessment, identification of vulnerable populations and the exploration of global health issues. Students apply the concepts learned in the classroom in a variety of community settings. Prevention and health promotion are themes that will be explored.

Nurs 4115  
Professional Nurse as Leader/Designer/Manager/Coordinator  
Prerequisite: ‘C’ or higher in NURS 3101  
A course which reviews specific principles of leadership and management as they relate to health care delivery and to specific nursing roles. This course expands the evidence-based knowledge of nurse leader/designer/manager concepts for the Associate degree prepared students. The course is designed for the student that is progressively developing into competent status and provides opportunity to observe and practice these concepts in the clinical setting as a coordinator of care. Concepts discussed include, but are not limited to, human resource management, self- care, high quality and safe patient care, group and organizational dynamics, communications and fiscal management incorporating an introduction to Lean Six Sigma principles.

Nurs 4116  
Ethics in Nursing  
Prerequisite: Admission into RN-BSN Program  
A course which explores current models for ethical decision-making. This course will focus on ethical and moral principles utilized in the healthcare setting. Selected ethical dilemmas in nursing practice will be analyzed. Case studies that illustrate the principles and dilemmas faced such as informed consent, refusal or treatment, and quality of life in the health care setting will be discussed. There will be an emphasis on the self-evaluation of personal and professional values.

Nurs 4117  
Current Trends, Issues and Interventions: Implementation of Evidence-Based Practice  
Prerequisite: ‘C’ or higher in NURS 3103 and NURS 4115  
A course designed to be taken in the final semester of the RN-BSN curriculum. As a capstone course, the synthesis of nursing curriculum and core curriculum concepts are applied. Continuous self-evaluation of professional role synthesis is emphasized. The student assumes the meaningful role of professional nurse as care provider, researcher, teacher, manager, and advocate for individual patients, communities and global health issues. Critical critique and inquiry will be utilized for exploration of a nursing problem/issue in a clinical setting. Under the guidance of a faculty mentor, the student will submit a proposal to formulate and complete an evidence-based project aimed at quality improvement to provide high quality healthcare. The student will submit a professional portfolio.
articulating the pursuit of excellence in nursing practice, professional growth and development, and the value of lifelong learning to nursing practice.

<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHED 1011</td>
<td>Archery</td>
<td>0-2-1</td>
<td>Emphasizes development of archery techniques, skills and safety. Students may be required to purchase some basic equipment.</td>
</tr>
<tr>
<td>PHED 1021</td>
<td>Badminton</td>
<td>0-2-1</td>
<td>Fosters the development of basic techniques and strategies of badminton.</td>
</tr>
<tr>
<td>PHED 1031</td>
<td>Touch/Flag Football</td>
<td>0-2-1</td>
<td>Develops football skills and provides friendly class competition.</td>
</tr>
<tr>
<td>PHED 1041</td>
<td>Dance</td>
<td>0-2-1</td>
<td>Emphasizes basic techniques in square, folk and social dance.</td>
</tr>
<tr>
<td>PHED 1051</td>
<td>Softball</td>
<td>0-2-1</td>
<td>An activity that provides time for development of softball skills and strategies.</td>
</tr>
<tr>
<td>PHED 1061</td>
<td>Volleyball</td>
<td>0-2-1</td>
<td>Emphasizes the development of volleyball skills, team coordination, and strategies.</td>
</tr>
<tr>
<td>PHED 1071</td>
<td>Fitness Walking</td>
<td>0-2-1</td>
<td>Teaches an individual the fundamentals of walking for exercise and helps the individual achieve some level of physical fitness that is fun as well as recreational.</td>
</tr>
<tr>
<td>PHED 1081</td>
<td>Foundations of Health Promotion</td>
<td>0-2-1</td>
<td>Concepts of weight control, physical fitness, and wellness will be stressed. A health promotion profile will be developed for each individual’s needs.</td>
</tr>
<tr>
<td>PHED 1091</td>
<td>Beginning Golf</td>
<td>0-2-1</td>
<td>The fundamentals of golf including etiquette, rules, and proper technique.</td>
</tr>
<tr>
<td>PHED 1101</td>
<td>Aerobics</td>
<td>0-2-1</td>
<td>Introduces aerobic skills and knowledge.</td>
</tr>
<tr>
<td>PHED 1141</td>
<td>Weight Training</td>
<td>0-2-1</td>
<td>Teaches a student the fundamentals and proper techniques of weight training. The student will demonstrate the various skills and techniques necessary to execute various weight training lifts and design a program to meet his/her individual needs.</td>
</tr>
<tr>
<td>PHED 1151</td>
<td>Tennis</td>
<td>0-2-1</td>
<td>Stresses basic tennis techniques, etiquette and rules.</td>
</tr>
<tr>
<td>PHED 1161</td>
<td>Basketball</td>
<td>0-2-1</td>
<td>Fundamentals of basketball will be taught and practiced.</td>
</tr>
<tr>
<td>PHED 1171</td>
<td>Recreational Outdoor Sports and Activities</td>
<td>0-2-1</td>
<td>Provides the student varied experiences in activities such as tennis, horse shoes, back packing, canoeing and other recreational activities.</td>
</tr>
<tr>
<td>PHED 1181</td>
<td>Recreational Indoor Sports and Activities</td>
<td>0-2-1</td>
<td>Affords the student varied experiences in activities such as card games, billiards and other recreational activities.</td>
</tr>
<tr>
<td>PHED 1191</td>
<td>Soccer</td>
<td>0-2-1</td>
<td>Develops both cognitive and psychomotor skills in soccer within the realm of friendly competition.</td>
</tr>
<tr>
<td>PHED 1201</td>
<td>Team Handball</td>
<td>0-2-1</td>
<td>Develops fundamental motor skills such as running, throwing, catching, jumping, and defensive and offensive strategies.</td>
</tr>
<tr>
<td>PHED 1211</td>
<td>Introduction to Jogging</td>
<td>0-2-1</td>
<td>Teaches the fundamentals of jogging for exercise and health. Enables individuals to achieve some level of physical fitness that is fun and recreational.</td>
</tr>
<tr>
<td>PHED 1221</td>
<td>Introduction to Disc Golf</td>
<td>0-2-1</td>
<td>Instruction in the fundamentals and proper techniques of disc golf: driving, midrange play, and putting. In addition, students will learn fundamentals of individual and team competition. Students will develop a thorough knowledge of all aspects of this game.</td>
</tr>
<tr>
<td>PHED 1231</td>
<td>Beginning Bowling</td>
<td>0-2-1</td>
<td>The course teaches students the fundamentals and proper techniques of bowling; approach, the swing, and the follow-through of the life-time activity. In addition, the student will learn the fundamentals of individual competition as well as team competition. Finally, the students will develop a thorough knowledge of all aspects of the life-time activity.</td>
</tr>
<tr>
<td>PHED 2011</td>
<td>Foundations of Health &amp; Physical Education</td>
<td>3-0-3</td>
<td>Studies the historical and philosophical foundations of health, physical education and recreation. Emphasis will be placed on the individual’s area of concentration. This will include professional characteristics, qualifications, abilities and future employment. A practicum is required for this class. Membership in the Student Professional Association of Georgia Educators (SPAGE) is recommended.</td>
</tr>
</tbody>
</table>
Games and Activities for Preschool and Elementary Children
The study and practice of various group activities and lead-up games to team sports. A practicum is required in preschool or elementary school for this course. Membership in the Student Professional Association of Georgia Educators (SPAGE) is recommended.

Practicum in Health, Physical Education and Recreation
The study and practice of individual and group activities in a real setting is extremely valuable. A practical experience with local school systems, parks and recreation organizations, and health agencies will be arranged for each student.

Introduction to Health and Recreation Fields
An introductory course into the health and recreation fields for non-education majors.

Intermediate Aerobics
Prerequisite: PHED 1101
Introduces intermediate aerobic skills.

Advanced Tennis
Designed for the student who has developed skills beyond the beginner. In this course, additional shots (lob, drop, etc.) will be taught as well as planning and decision-making in shot selection and game strategy.

Physics I: Classical Mechanics
Prerequisite: C or higher in MATH 1540
Classical Mechanics in an introductory, calculus-based course emphasizing the principles of classical physics. Although Newtonian mechanics is emphasized, other select topics in classical physics including thermodynamics and oscillatory motion are discussed.

Physics II: Electricity and Magnetism, Optics
Prerequisite: C or higher in PHYC 2211
Electricity and Magnetism, Optics is a calculus-based course emphasizing the principles of classical physics.

American Government
A study of the political structures and actual functions of the various levels of government in the United States. The national government plus state and local governments of Georgia will be emphasized. Successful completion satisfies the legislative requirements for instruction in the constitutions of the U. S. and Georgia.

Introduction to Political Science
Prerequisite: C or higher in POLS 1101
This course is designed to provide a foundation for and a focus on the theories and language of the discipline and on political inquiry.

State and Local Government
Prerequisite: C or higher in POLS 1101
A three (3) hour survey course providing students with an introduction to state and local governments. The course examines political actors, institutions, formal rules and informal processes associated with federal system of intergovernmental relations. Particular emphasis is placed on policymaking at the state and local level. Because of the federal nature of the U.S. political system, the course will also focus on current events at all levels of government.

Comparative Politics
Prerequisite: C or higher in POLS 1101
Comparative Politics introduces students to important theoretical approaches to comparing different political systems, and then helps students employ empirical analysis to address such questions as: Why does democracy flourish in some environments and not others? How does the nature of political institutions influence public policy? How are interests aggregated and represented in different political systems? By addressing these kinds of questions in the context of past and present political systems, student develop a broader understanding of the variety of ways that people can organize a political system and a deeper understanding of human political diversity. Students also familiarize themselves with the theoretical approach specific to comparative politics and with the methods used by social scientists generally.

Global Issues
Prerequisite: POLS 1101
Acquaints the student with institutions and issues surrounding the world political system, including, but not limited to diverse topics such as theories of war, industrial development, international political economy, trade, national security, and terrorism. Current global issues are also explored. Students learn to think both normatively and descriptively. Additionally, the students are afforded a cursory introduction to the discipline of political science.

Public Budgeting and Decision Making
This course introduces students to the theory and practice of public budgeting and strategic decision-making. It emphasizes budgeting in local government because of its historical role as an incubator for fiscal innovations and its accessibility to citizens. This course equips students with basic competence in technical terminology, institutional environment, management systems, and technological aspects in budgeting and finance.

Personnel Management for Fire and Emergency Services
This course examines relationships and issues in personnel administration and human resource development within the context of fire and emergency services-related organizations, including personnel management, organizational development, productivity, recruitment and selection, performance management systems, discipline and collective bargaining.

Problem Solving I
An interdisciplinary course in science and mathematics. Projects from a variety of areas including biology, chemistry, geology, mathematics and physics will be considered. Emphasis will be placed upon the interdisciplinary nature of the sciences. Available only as a directed study course.

**PROB 1102**

1-0-1

Problem Solving II

A continuation of PROB 1101. Students may select a second project

Available only as a directed study course.

**PSYC 1101**

3-0-3

General Psychology

An introduction to the study of psychology as an experimental quantitative science in understanding one’s self and others. Major topics include learning principles, personality development, the nature of conflict and adjustment and individual tests and measurements.

**PSYC 2101**

Psychological Adjustment

Prerequisite: PSYC 1101, SOCI 1101 or consent of the instructor

Examines the dynamics of both normal and non-integrative adjustment. Conflicts, fears, anxieties, and frustrations are studied in order that effective mental hygiene and emotional stability may be developed in the individual.

**PSYC 2102**

Psychology of Abnormal Behavior

Prerequisite: PSYC 1101 or consent of the instructor

Studies current views of abnormal behavior. Consideration will be given to theories and research regarding prevention, causation, and treatment of undesirable behavior.

**PSYC 2103**

Human Growth and Development

Prerequisite: PSYC 1101, SOCI 1101 or consent of the instructor

A study of growth and development from conception to death, emphasizing the various phases of development and their relation to the processes of maturation and learning. Emphasis is placed on the development of motor skills, emotional behavior, intellectual skills, personality characteristics, and social awareness at various stages.

**RECR 1530**

Introduction to Recreation

3-0-3

Historical examination of the leisure services profession, sociological, economic, psychological, political and technological consideration for the delivery of leisure and recreational services in a contemporary society.

**RECR 2131**

Introduction to Therapeutic Recreation

3-0-3

An overview of the models of therapeutic recreation practices. Students will demonstrate an understanding of the underlying philosophical and historical underpinning for the therapeutic recreation profession. Students will demonstrate knowledge of the rationale for the inclusion of therapeutic recreation in the health care delivery system. Students will demonstrate an understanding of the etiology of disease with the specific implications for the provision of therapeutic recreation service delivery.

**RECR 2530**

Leadership and Programming in Leisure Services

3-0-3

The course provides a basic understanding of the practice and theory of recreation program development and leadership in various service settings. It covers the process of recreation programming, principles of leadership, meeting the needs of a diverse population, and the implementation of programs and activities.

**SCIE 1101**

Science in Society

Prerequisite: Completion of BIOL 1107, GEOL 1121, CHEM 1211, PHYS 2211 or ISCI 1101

The objective of this course is to introduce students to various forms of published scientific literature. Students will learn how to read, interpret, and critique scientific journal articles, as well as do literature searches using scientific databases. In the first half of the course, students will read selected articles provided by the instructor and, as a class, analyze and critique the articles. In the second portion of the course, the students themselves will select and interpret a journal article of their choice and present their analysis to the class. The goal is to have students become more familiar with the reading and understanding of scientific literature which will benefit them as they pursue a career in a scientific discipline.

**SOCI 1101**

Introduction to Sociology

3-0-3

The structure of society is examined along with the interacting forces which produce change, stability, and continuity in the society. Humankind as a social being is analyzed.

**SOCI 1160**

Social Problems

Prerequisite: SOCI 1101

Deals with the major social problems in society from the sociological perspective. Emphasis is placed upon identifying the problems in order that they can be dealt with constructively.

**SOCI 2000**

Introduction to Social Science Research Methods

Prerequisite: SOCI 1101; May be taken concurrently with SOCI 1160 and/or MATH 1121.

Introduction to Social Science Research Methods provides the student with a comprehensive treatment of research methods commonly used in the social sciences to analyze social phenomena in a rigorous and scientific manner. Topics include critical evaluation of research, ethics in research, issues of accuracy such as objectivity, validity, and reliability, the research process, inductive and deductive approaches, quantitative and qualitative studies, surveys, experimental studies, and use of existing database resources. Students will learn the necessary practical skills required for the practice and application of research and the skills required for both written and oral dissemination of research results.

**SOCI 2293**

Introduction to Marriage and Family

3-0-3

Prerequisite: SOCI 1101

Value systems, the relationship of the family to other social institutions, communication problems and marital problems are among the topics investigated.
SPAN 1001  
Elementary Spanish I  
3-0-3  
Designed for the student who has had little or no exposure to the language. Emphasis will be placed on speaking, reading and writing Spanish through the study of grammar, composition, and pronunciation. Students will be introduced to the culture of Spanish-speaking regions and countries. Classes will be conducted in the language to the fullest extent possible. This course is intended to be used for students who must satisfy a CPC deficiency in foreign language; however, it may also be used as humanities credit in certain majors and transfer pathways.

SPAN 1002  
Elementary Spanish II  
3-0-3  
Prerequisite: SPAN 1001 or high school equivalent  
Increased emphasis on conversation, reading, and writing and further study of the culture of Spanish-speaking regions and countries. Classes will be conducted in the language.

SPAN 2001  
Intermediate Spanish I  
3-0-3  
Prerequisite: SPAN 1002 or high school equivalent  
Continued study of the fundamentals of Spanish, with increased emphasis on composition and reading. Classes will be conducted in the language.

SPAN 2002  
Intermediate Spanish II  
3-0-3  
Prerequisite: SPAN 2001 or high school equivalent  
Completion of essential grammar study including selected readings from representative authors in Spanish and written literary analysis. Classes will be conducted in the language.

THEA 1100  
Theatre Appreciation  
3-0-3  
Survey and critical appreciation of Theatre.

THEA 1110  
Fundamentals of Acting  
3-0-3  
Prerequisite: COMM 1110  
An introduction and exploration will focus on the principles of the art of acting and explore the methods, styles and techniques. Instruction includes class lectures, exercises, and scene study. No prior acting experience required. This course will examine acting methods, styles and techniques helping students learn life skills such as: developing an informed perception, articulating a vision, developing self-confidence and self-discipline, problem solving and decision making. Studying acting will enhance the student's imagination, critical thinking and will refine cognitive and creative skills.

**NOTE:** East Georgia State College reserves the right to (1) withdraw any course, (2) limit the enrollment in any course or class section, (3) fix meeting time of all classes and sections and (4) offer such additional courses as demand and faculty warrant.

Amelia J. Simmons  Assistant Professor of English  
B.S., M.S., Georgia Southern University

Breana Simmons  Associate Professor of Biology  
B.A., Olivet College; M.A., Michigan State University; Ph.D., University of Georgia

James H. Smoyer, III  Assistant Professor of Biology  
A.A., East Georgia College; B.S., M.S., Georgia Southern University

David Strickland  Professor of Sociology; Director of First-Year Experience  
B.A., Southeastern College; M.A., Georgia Southern University

Jessica Todd  Associate Professor of English and Spanish  
B.A., M.A., Georgia Southern University

Thomas A. Upchurch  Professor of History  
B.S., M.S., Delta State University; Ph.D., Mississippi State University

Sebastian V. Verdis, Jr.  Associate Professor of Speech  
B.A., Towson State University; M.A., Emporia State University

Harry L. Vogel  Associate Professor of Sociology  
B.S., James Madison University; M.A., Western Kentucky University; Ph.D., Kansas State University

Mina Vora  Associate Professor of Mathematics  
B.S., Gujaret University; M.S. Georgia Southern University

Mary A. Waalkes  Associate Professor of History  
B.S., M.A., Ph.D., University of Colorado

Gale Watson  Assistant Professor of Mathematics  
B.A., West Liberty State College; M.A., Ph.D., Ohio States University; M.S., University of Oregon

Mary Kathleen Whitaker  Associate Professor of English  
B.A., Armstrong State College; M.A., Georgia Southern University

Shawna Williams  Assistant Professor of Spanish  
B.S., M.A., Georgia Southern University

Eric Wruck  Associate Professor of Psychology  
B.A., M.S., California State University; M.S., Ph.D., Texas A&M

Fang "Christine" Xie  Associate Professor of Mathematics  
B.E., University of Petroleum-China, Beijing; M.T., M.S., Georgia Southern University

Lisa S. Yocco  Assistant Professor of Mathematics  
B.S., Augusta College; M.S., Florida State University

EGSC Professional Staff

Pamela E. Adams  Accountant II  
A.A., East Georgia College, B.A., Georgia Southern University

Amber Amerson  ACE Coordinator

Greg Avra  IT Specialist  
A.A., East Georgia State College

Christopher Bailey  Residence Life Coordinator  
B.A., Georgia Southwestern State University

Shayla Brown  Assistant Director of Financial Aid  
A.A., East Georgia State College

Joe Canady  Technology Support Specialist  
A.A., East Georgia State College

Steven Clark, Jr.  Information Technology Specialist
A.A., Ogeechee Technology College; A.A., East Georgia State College

Wilder Coleman  IT Database Professional II
A.S., East Georgia College; B.S., Georgia Southern College

Melinda Czech  Counselor
B.A., M.Ed., Ed.S, Georgia Southern University; Georgia Licensed Associate Counselor

Denise Daniels  Assistant Director of Learning Commons for Military Resource Center and Athletic Advisement
B.A., Concordia University

Evett Davis  Assistant Director Student Affairs – Augusta
B.S., Medical College of Georgia; M.T., Christian Life School of Theology

Jennifer Fields  Student Affairs Assistant Director – Admissions
A.A., East Georgia College; B.B.A., Georgia Southern University

Chelsea A. Follis  Accountant I
A.A., East Georgia College; B.B.A., Georgia Southern University

Donna Freeman  Human Resource Coordinator I
A.A., East Georgia College

LaCrystal Fulgeon  Instructional Resources Coordinator
B.S., Georgia Southern University

Warren A Goosby  Interim Head Women's Basketball Coach
B.A., M.S., Georgia Southern University

Sierra B. Hall  Housing Assistant

Dustin Hess  Interim Head Baseball Coach
B.S., Kansas State University; M.S., Northeastern State University

Rebecca Hewitt  Head Softball Coach
B.S., Georgia Southern University

Terrence Holman  Financial Aid Compliance Manager
B.A., Lincoln University; M.Div., Jameson Seminary School

Susan Howell  Student Affairs Processor III-Records
B.S., M.S., State University of New York at Brockport

Noah Kamsler  Interim Assistant Director of Student Affairs, EGSC-Statesboro

James B. Johnson  Institutional Services Coordinator
B.S., Georgia Southern University

Treva Johnson  Information Technology Applications Analyst
B.B.A., Brewton-Parker College

Leroy Jordan  Head Men's Basketball Coach
B.S., Stillman College; M.Ed., Georgia College; M.Ed. Georgia Southern University; Ed.S. Cambridge College

Leontine Leader  Academic Center for Excellence Coordinator
A.A., East Georgia College

Michael Luzzi  Academic Center for Excellence Coordinator
B.S., State University of New York; Certificate of Completion, Bettis Recruiter Engineering School

Luke Martin  Academic Advisement Specialist
B.S., M.S., Georgia Southern University

Kenneth McClendon  Housing Safety Assistant

Princess Middleton  Housing Safety Assistant

Shanda Mobley-Taylor  Counselor
B.S. Xavier University of Louisiana; M.S., Argosy University, Georgia Licensed Professional Counselor

Marsha D. Moore  Development Coordinator
B.S., South University

Michael Moran  Interim Assistant Director of Learning Commons
B.S., M.S., Georgia Southern University

Sheila Mosley  Accountant II
B.B.A., Georgia Southern University; M.Acc., University of Phoenix

Brandy Murphy  Dual Enroll Coordinator
A.A., East Georgia College

Bonnie Nash  Access Services Library Associate
B.A., University of West Georgia

April E. Noles  Student Affairs - Assistant Registrar
B.A., B.S., M.B., M.A., Georgia Southern University

Melvin Nunn  Energy/Project Manager

Victor Poole  Web Services Specialist
Diploma, Southeastern Technical College

Courtney R. Powers  Marketing Coordinator
Zade Scarboro   Student Affairs Processor III  
A.A., Southeastern Technical College; A.A., East Georgia State College

Katharine Shepard   Librarian  
B.A., The University of Alabama

Nicole Sherrod   Student Affairs Processor III-Records  
A.A., East Georgia State College; B.S., Georgia College & State University

**Glossary**

**Academic Dismissal**
Dismissal from the college for failure to maintain the required grade point average or failing to exit a learning support area within the number of attempts allowed.

**Academic Year**
The college academic year consists of two 15-week semesters (fall and spring) and a shorter summer semester.

**Accuplacer**
A test evaluating a student’s proficiency in Mathematics, Reading, and Writing for the purpose of determining proper course placement.

**Accredited or Approved**
A school that has met the standards of quality imposed by professional groups and/or accrediting agencies.

**American College Testing (ACT)**
The ACT Assessment Program (ACT) is a comprehensive guidance oriented service that helps colleges, high schools, and students in the transition from high school to college. Students participate in the program by completing an educational/biographical questionnaire, an interest inventory, and four tests of educational development in English, mathematics, social studies, and natural sciences. After analyzing the information obtained, ACT prepares reports for use by students, high schools, and colleges in career and college planning, admission and placement, and academic advising. One of two national tests a student may take to complete admission requirements. This test measures mathematical and verbal skills much like the Scholastic Aptitude Test (SAT).

**Associate Degree—Associate of Arts (A.A)**
A post-secondary degree granted after at least two years of full-academic study beyond the completion of high school and the fulfillment of college graduation requirements.

**Audit**
To enroll in a course as an observer or listener without receiving academic credit. A "V" appears on the record instead of a grade.

**Baccalaureate Degree—Bachelor of Arts (B.A.)/Bachelor of Science (B.S)**
A post-secondary degree granted after completing at least four years of full-time academic study beyond the completion of high school and the fulfillment of college graduation requirements.

**Core Curriculum**
A degree program established to provide uniformity among and within the units of the University System. The Core, prescribed as the first two years of college, provides for 60 semester hours of study, of which 42 are in general education and 18 are in a major area of study.

**Course Load**
A full-time student usually enrolls for 4 or 5 academic courses plus a physical education course. Most courses carry 3 semester credit hours each, while physical education courses may carry 1 or 2 credit hours.

**Learning Support Courses**
Courses within the college's program of remedial study planned to correct deficiencies and improve a student's competence in areas of English, and Mathematics.

**Full-Time Student**
A student enrolled for a minimum of 12 credit hours each semester.

**Good Standing**
A designation that signifies a student is eligible to continue, to return, or to transfer. It implies good academic standing.

**Grade Point Average (GPA)**
Calculated by dividing the number of quality points earned by the number of credit hours attempted. Institutional Credit - Credit awarded by an institution that is nontransferable and does not count toward graduation.

**Matriculation**
The process of enrolling into college.

**Overload**
Course loads of 18 semester hours or more during the fall or spring semester. Students may not register for more than 17 semester hours without written permission from the Vice President for Academic and Student Affairs.

**Part-Time Student**
A student enrolled in fewer than 12 credit hours each semester.

**Permanent Record**
The student's official academic record housing the Registrar's Office.

**Quality Points**
Points per semester hour assigned to a passing grade indicating the numerical value of the grade (A=4, B=3, C=3, D=1, F=0, WF=0)

**Required High School Curriculum (RHSC)**
The required high school curriculum is the course of study students should follow in high school to prepare for college and applies to those graduating from high school 2012 or thereafter. This requirement was formerly known as college preparatory curriculum (CPC).

**Scholastic Aptitude Test (SAT)**
The SAT is a multiple-choice test made up of verbal and math sections. The verbal questions test your vocabulary, verbal reasoning, and understanding of what you read. The math questions test your ability to solve problems involving arithmetic, elementary algebra, and geometry.

**Semester Credit Hours**
The amount of credit assigned to each course. Example: English Composition (ENGL 1101) = 3 semester credit hours.

**Transcript**
An official copy of a student’s academic record at an institution.

**University System of Georgia**
All state-operated, public institutions of higher education in Georgia composed of 4 research universities, 4 comprehensive universities, 9 state universities, 12 state colleges, Georgia Public Libraries and the Georgia Archives.
