East Georgia State College's Vision

4

East Georgia State College seeks to be a state of Georgia leader in providing **access** to higher education as the state seeks to dramatically **increase its rate of college completion**. Located in a primarily rural area in **the interior of the Augusta-Savannah-Macon triangle**, EGSC is strategically positioned to provide an **affordable, high quality academic experience** to a large number of Georgians, and has a track record of success. EGSC is committed to producing **workforce ready graduates** with skills to meet needs of employers in the region in an increasingly diverse, high-technology, global working environment; preparing those graduates for a lifetime of learning; and instilling in those graduates the importance of **lifelong community service**. In carrying out this vision, EGSC is committed to education with a personal touch designed to improving critical thinking skills and the lives of the people and community it serves.

work of lightness, humor, and family wisdom.

hilarity, Melissa Fay Greene tells the story of the

with my laughter as I stayed up all night with this,
the Cheaper by the Dozen for a new planet.
